## **Testament Poétique:**

**Testament poétique** Sully Prudhomme, 1904      Le testament poétique Gérard Bucher, 1994      **Death, Language, Thought** Metka Zupančič, 2005 This volume contains fourteen essays in which different aspects of Gerard Bucher's thanatopoietic hypothesis are examined Initially five papers by Wilson Baldridge Claire Nouvet Jean Michel Rabate Helene Domon and Metka Zupancic were presented at the International Association for Philosophy and Literature IAPL during its 2001 meeting in Atlanta Subsequently Michel Deguy and Pierre Ouellet together with Christian Garaud Kuisma Korhonen Michael Degener and Maurizio Godorecci were invited to explore various implications of Bucher's hypothesis Bucher's own work as shown in his contribution to this volume analyzes the connection between our experience of death and the establishment of poetry as a means of approaching the truth of being of aestheticism and of ethics      **Ballad Theory and Technique**, 1913      *The Last Will and Testament as a Form of Literature* Eber Carle Perrow, 1913      **Villon at Oxford**, 2023-11-27 These proceedings of the colloquium held at Oxford in 1996 bear witness to the vitality of Villon studies across the world Leading scholars in the field came together to demonstrate the lively diversity of approach and range which characterizes the study of a man who has been described as the last great medieval and the first great modern poet As the sub title of the volume indicates emphasis is placed on the drama of the text and how Villon brought his work alive in ways which owe much to contemporary theatre and popular culture At the same time full recognition is given to his debt to the literary tradition of his day and the unique way he uses and manipulates it As a result all those interested in French poetry in the late medieval period will find the different papers essential reading for a better understanding of Villon himself and his place in the French poetic canon      Characters and Characterization in Luke-Acts Frank Dicken, Julia Snyder, 2016-10-20 Like all skilful authors the composer of the biblical books of Luke and Acts understood that a good story requires more than a gripping plot a persuasive narrative also needs well portrayed plot enhancing characters This book brings together a set of new essays examining characters and characterization in those books from a variety of methodological perspectives The essays illustrate how narratological sociolinguistic reader response feminist redaction reception historical and comparative literature approaches can be fruitfully applied to the question of Luke's techniques of characterization Theoretical and methodological discussions are complemented with case studies of specific Lukan characters Together the essays reflect the understanding that while many of the literary techniques involved in characterization attest a certain universality each writer also brings his or her own unique perspective and talent to the portrayal and use of characters with the result that analysis of a writer's characters and style of characterization can enhance appreciation of that writer's work      The Living Age, 1908

**Genius Envy** Adrianna M. Paliyenko, 2017-01-03 In *Genius Envy* Adrianna M Paliyenko uncovers a forgotten history the multiplicity and diversity of nineteenth century French women's poetic voices Conservative critics of the time attributed the phenomenon of genius to masculinity and dismissed the work of female authors as feminine literature Despite the efforts of

leading thinkers critics and literary historians to erase women from the pages of literary history Paliyenko shows how these female poets invigorated the debate about the origins of genius and garnered considerable recognition in their time for their creativity and bold aesthetic ideas This fresh account of French women poets contributions to literature probes the history of their critical reception The result is an encounter with the texts of celebrated writers such as Marceline Desbordes Valmore Ana s S galas Malvina Blanchecotte Louisa Siefert and Louise Ackermann Glimpses at the different stages of each poet s career show that these women explicitly challenged the notion of genius as gender specific thus advocating for their rightful place in the canon A prodigious contribution to studies of nineteenth century French poetry Paliyenko s book reexamines the reception of poetry by women within and beyond its original context This balanced and comprehensive treatment of their work uncovers the multiple ways in which women poets sought to define their place in history

his life and writings since his premature death in 1975. Considered a major figure in the second wave of the Scottish Literary Renaissance, Smith's unique body of work has largely fallen from critical discussion of post-war Scottish literature. This book remedies this by showing how his work may have fallen out of favour and then by reappraising his distinctive and varied achievements in poetry, drama, art and art criticism, the novel and translations. Early career and established academics explore the many strands of his work as the best way of giving this multifaceted literary figure renewed attention.
