Testament Margaret Cooling, Laurie Rosenberg, 1996-01-01 **Bowker's Complete Video Directory**, 2000 **The Oxford Handbook of the Bible and American Popular Culture** Dan W. Clanton (Jr.), Terry R. Clark, 2020 The study of the reciprocal relationship between the Bible and popular culture has blossomed in the past few decades and the time seems ripe for a broadly conceived work that assesses the current state of the field, offers examples of work in that field and suggests future directions for further study. This Handbook includes a wide range of topics organized under several broad themes including biblical characters such as Adam, Eve, David and Jesus and themes like Creation, Hell and Apocalyptic in popular culture, the Bible in popular cultural genres for example film, comics and Jazz and lived examples such as museums and theme parks. The Handbook concludes with a section taking stock of methodologies and the impact of the field on teaching and publishing. The Oxford Handbook of the Bible and American Popular Culture represents a major contribution to the field by some of its leading practitioners and will be a key resource for the future development of the study of both the Bible and its role in American popular culture. **Jesus, the Gospels, and Cinematic Imagination** Richard Walsh, Jeffrey L.

Staley, 2021-08-12 Jesus films arose with cinema itself. Richard Walsh and Jeffrey L. Staley introduce students to these films with a general overview of the Jesus film tradition and with specific analyses of 22 of its most influential exemplars stretching from *La vie du Christ* 1906 to *Mary Magdalene* 2018. The introduction to each film includes discussion of plot, characters, visuals, appeal to authority and cultural location as well as consideration of the director's and/or other filmmakers' achievements and style. Several film chapters end with reflections on problematic issues bedeviling the tradition such as cultural imperialism and patriarchy. To assist teachers and researchers, each chapter includes a listing of DVD chapters and the approximate time for both DVDs and streaming platforms at which key film moments occur. The book also includes a Gospels Harmony cataloging the time at which key gospel incidents appear in these films. Extensive endnotes point readers to other important work on the tradition and specific films. While the authors strive to set the Jesus film tradition within cinema

and its interpretation the DVD streaming listing and the Gospels Harmony facilitate the comparison of these films to gospel interpretation and the Jesus tradition **Bowker's Complete Video Directory 2001** ,2001 **Culture, Entertainment, and the Bible** George Aichele,1997-01-01 This topical volume deals with the adoption of biblical language and narrative and the presentation of biblical images and themes in popular literature art and mass media The chapters all written by experts in cultural studies of the Bible explore how ideologies are produced in various ways when biblical texts are brought into play with each other with other texts and with the inevitable and continual demands for cultural and historical translation or recycling of the scriptures The volume contains some theoretical reflections but focuses on specific examples of cultural translation and is directed primarily at advanced graduate students and scholars in biblical studies popular studies media studies literature and the arts although some articles will also be of value and interest to introductory students and the general public The contributors to this volume are Fiona Black Susan Lochrie Graham Chris Heard Helen Leneman Phyllis Silverman Kramer Tina Pippin Caroline Vader Stichele Lori Rowlett Erin Runions Jan William Tarlin and Richard Walsh

Alexander McConnell, William Revell Moody, Arthur Percy Fitt, 1910 Includes music *Animation: A World History*

Giannalberto Bendazzi, 2015-11-06 A continuation of 1994's groundbreaking *Cartoons* Giannalberto Bendazzi's *Animation A World History* is the largest, deepest, most comprehensive text of its kind based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often neglected areas, and introducing over fifty previously undiscovered artists. Full of first-hand, never-before-investigated and elsewhere unavailable information, *Animation A World History* encompasses the history of animation production on every continent over the span of three centuries. Volume III catches you up to speed on the state of animation from 1991 to present. Although characterized by such trends as economic globalization, the expansion of television series, emerging markets in countries like China and India, and the consolidation of elitist auteur animation, the story of contemporary animation is still open to interpretation. With an abundance of first-hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation, this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history.

Key Features: Over 200 high-quality headshots and film stills to add visual reference to your research. Detailed information on hundreds of never-before-researched animators and films. Coverage of animation from more than 90 countries and every major region of the world. Chronological and geographical organization for quick access to the information you're looking for.

The Encyclopedia of Best Films

Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries: three stars (good), four stars (excellent), five stars (masterpiece), and yes, author Jay Robert Nash has viewed every single one of them, as well as many more that did not make the cut. In addition to a précis, each film's entry also includes a listing of the cast, as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system, which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations: for viewing, recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e., animated, drama, sports, mystery, adventure, etc.) as well as an annotated name index listing all persons mentioned, along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.
