De Wolfe, 2016-09-27 In the first half of the 19th century Mary Marshall Dyer 1780 1867 was at the center of an aggressive anti Shaker movement an informal yet effective group joined by their despisal of Shakerism and their determination to thwart the new faith With her husband and their five children Dyer had been a Shaker for two years but as her husband grew increasingly attracted to Shakerism Dyer's own commitment waned and when she announced she was leaving the sect and requested the return of her children neither her husband nor the Shaker authorities would relinquish them Distraught angry and alone Dyer turned her anguish into action and embarked on a fifty year campaign against the Shakers A linchpin of anti Shaker activity Dyer wrote numerous articles against the sect as well as five books and was the centerpiece of the Shakers counterattack The American public especially in New England where the Shaker movement was based followed the debate with great interest not least because it offered titillating details into the mysterious sect but also because Dyer's experiences reflected profound changes in the family religion and gender that Americans faced in the years prior to the Civil War In this compelling book De Wolfe suggests that while neither the Shakers nor Dyer would agree the latter a mother without children and a wife without a husband and the former a celibate communal sect that disavowed the marriage bond shared similar Lancashire Gleanings William Edward Armytage Axon, 1883 positions on the margins of society **Biblioteca** Americana Joseph Sabin, 1873 A Dictionary of Books relating to America, From its Discovery to the Present Time.
