Testing Christianity's Truth Claims:

Testing Christianity's Truth-claims Gordon Russell Lewis, 1976-01-01 *Testing Christianity's Truth Claims* Gordon Russell Lewis, 1990 In this outstanding defense of Christianity the author compares and contrasts six methods of reasoning used by philosophers during the resurgence of evangelical beliefs in the latter half of the 20th century He looks at the empirical rational presuppositional mystical existential and verificational methods that stimulate critical thought about God as seen in the Jesus of history and in the teachings of Scripture Originally published in 1976 by Moody Press *Testing Christianity's Truth Claims* Gordon R. Lewis, 1980-02 **Truth Decay** Douglas Groothuis, 2000-05-01 Douglas Groothuis sees the basic tenets of postmodernism as intellectually flawed and here unveils how truth can be defended in the postmodern era in the vital areas of theology apologetics ethics and the arts *Christian Apologetics* Norman L. Geisler, 2013-05-15 World famous apologist Norman Geisler offers a new edition of his bestselling apologetics text which has sold consistently for over thirty years over 125 000 copies sold This edition has been updated throughout and includes three new chapters It offers readers a systematic approach that presents both the reasons and the methods for defending the claims of Christianity Topics covered include deism theism Christ's authority and the inspiration of the Bible **Mapping Apologetics** Brian K. Morley, 2015-02-10 How and why do people believe This comprehensive guide provides an overview of Christian apologetic approaches and thinkers in a way that even the nonspecialist can understand and practically apply Even handed and respectful of each apologist and their contribution this book provides the reader with a formidable array of defenses for the faith *Developing a Christian Apologetics Educational Program* Douglas E. Potter, 2010-02-18 Many are expressing concern about the future of Christian youth today What can we do to help ensure they will keep their evangelical faith once they graduate from high school Can Christian apologetics provide an educational solution *Developing A Christian Apologetics Educational Program* explores issues certain to be encountered by secondary school educators who want to teach apologetics as a distinct subject of study either as a part of a Christian institutional or home school curriculum This book helps the apologist and educator blend their skills to soundly integrate the two subjects A solution is sought by providing a background and rationale for implementing an age level appropriate apologetics course at this critical level of Christian education This book is designed as a text to supplement those used in Christian education or applied apologetics courses each chapter successively builds upon the other to help develop an educational philosophy that supports the inclusion of apologetics in the curriculum A model is explained and materials are given to support the development of a curriculum in Christian Apologetics Education at the secondary level Practical ideas are explored and a sample unit of instruction is supplied to help the educator develop an evangelical approach to education that is in the classical apologetic tradition

The Big Book of Christian Apologetics Norman L. Geisler, 2012-11-01 The Big Book of Christian Apologetics is a comprehensive resource designed to equip motivated believers with information to help defend and explain their faith

Examining nearly every key issue person and concept related to Christian apologetics this book clarifies difficult biblical passages clearly explains various philosophical systems and concepts examines contemporary issues and challenges and offers classic apologetic arguments all with the aim of giving readers the background to intelligently and persuasively talk about their Christian faith with skeptics An expertly abridged version of the Baker Encyclopedia on Christian Apologetics this resource brings leading apologist Norman L Geisler's seminal work to the masses *The Logic of Intersubjectivity* Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren's inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren's actual philosophy of religion What is argued in this book is that McLaren's philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ's religious ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer's identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren's philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren's line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale **Book 2 Philosophy HC Kurt**

Jurgensmeier, 2012-08-22 What is God's purpose for human reason About 2000 years ago the crucifier of the truth asked Jesus What is truth John 18:38 Such questions are fundamental to human life and make up the field of epistemology It reminds us that there is a human being between us and God Epistemology has been a hot topic in Christian theology because of how our postmodern culture has questioned the very foundations of knowledge and truth It is also an important part of a systematic theology as it is helpful to understand how we know what is true before deciding what is true This is why Calvin began his Institutes discussing the knowledge of our self before the knowledge of God Thomas Oden has said No study of God is complete without dealing with the limits and resources of human reasoning in God's presence While many modern Christian philosophers are neglecting the God-given place of human reason in the process of divine revelation we defend it here and offer several critiques of popular views [John Warwick Montgomery's Legal Apologetic](#) Ross Clifford, 2016-01-22 Dr Montgomery is one of our leading Christian apologists His writings have influenced several generations of apologists from around the globe His debates are legendary This book purports to break new ground apologetically as it assesses Dr Montgomery's work It focuses on his legal historical apologetic and in the process reframes it for both for the tough minded and the tender hearted It shows not only the rationality of Montgomery's work but also that his writings pave the way for an apologetic to New Age followers and to those who place experience before reason A special feature of this analysis concerns Montgomery's apologetic insights on the occult and paganism This book also breaks new ground as the legal apologetic

model has not been previously assessed it illustrates that a juridical apologetic style has a rich history dating back to the Gospels themselves The present work should thus be of particular interest to apologists theologians philosophers of religion pastors and all who are concerned to share the legal historical fact of the Resurrection of Jesus together with its relevance in a secular age

To Everyone an Answer Francis J. Beckwith, William Lane Craig, J. P. Moreland, 2009-08-20 In a society that believes anything goes the Christian worldview faces aggressive opposition Francis J Beckwith William Lane Craig and J P Moreland assembled the essays in this book covering all major aspects of apologetics to help you make a more coherent defense for the Christian faith

The Christian Story Gabriel Fackre, 1987 This is a print on demand book and is therefore non returnable As a pastoral systematic The Christian Story rises from and strives to be a resource to the life and witness of the church and its leadership The first volume revised edition 1984 offered an introductory overview of the basic Christian doctrine Now turning his attention to the individual doctrines Gabriel Fackre here surveys a spectrum of views on authority from inerrantist to experientialist and sets forth an alternative perspective along ecumenical and narrative lines The author's search for a full orb'd position affirms Scripture as the source the church and its traditions as resource the world of human experience as setting the Gospel as substance and Christ as the center of authority A detailed analysis of hermeneutical issues is included in the book The quest for evangelical catholicity leads to a restatement of the fourfold method of scriptural interpretation common sense critical scholarship canonical perspective and the contextualization process personal and social An extensive exegesis of a key Christological text John 14:6 illustrates how this method works

Apologetics beyond Arguments Emil Børty Nielsen, Christian apologetics is often seen as the art of defending the truth of the Christian faith through arguments As a result most books focus on debating evidence Apologetics Beyond Arguments breaks new ground by addressing a critical gap the lack of methodological reflection in the field This book presents a fresh meta apologetic framework redefining apologetics as the practice of Christian persuasion By doing so it opens the door to new insights and questions drawn from fields such as rhetoric psychology and ethics bridging the gap between sound arguments and effective persuasion

The Kingdom of the Cults Walter Martin, 2019-05-21 In an era of rapid growth of false religions worldwide Christians need information they can trust This comprehensive new edition of the leading book on cults will equip you no matter your background to understand and use biblical truth to counter false religions including many that masquerade as mainstream Christianity Reflecting the developments in cults and world religions in recent years this edition updated by expert Jill Martin Rische daughter of Walter Martin gives you the authoritative information you need to know As our culture becomes less and less outwardly Christian awareness of the belief systems of those around us has never been more vital Readable and reliable for everyone whether you're a teacher a pastor or a regular church attender The Kingdom of the Cults remains the go to reference book on this crucial topic

Biblical Apologetics Clifford B. McManis, 2013-07-26 The book you are holding in your hands is perhaps the simplest most straightforward summary and how to guide for presuppositional

apologetics now in print It is both informative and practically helpful I believe you will find it an extremely useful tool whether you are an professor at the seminary level seeking supplemental reading material or just a simple lay person looking for practical answers Pastor McManis writes with crisp clarity in a way that is certain to give you fresh insight into what Scripture teaches about the defense of the Christian faith I wish this book had been available when I was studying apologetics in seminary John MacArthur Pastor Teacher Grace Community Church President of The Masters College and Seminary Cliff has rescued the discipline from the elite circle of the intelligentsia and returned it as a biblical theology of truth communication to the common people i e to all believers This volume will be of great help in the restoration of the practicality of biblical apologetics as it was exemplified in the early Church Hopefully today's readers will be able to understand and put into practice the true nature of Peter's command in 1 Peter 3:15 as it is strategically situated in its defining context George J Zemek Academic Dean The Expositors Seminary Jupiter Florida *Christian Apologetics* Douglas Groothuis, 2022-02-08 The Christian faith offers people hope But how can we know that Christianity is true How can Christians confidently present their beliefs in the face of doubts and competing views In this second edition of a landmark apologetics text Douglas Groothuis makes a clear and rigorous case for Christian theism addressing the most common questions and objections raised regarding Christianity The SCM Press A-Z of Evangelical Theology Roger E. Olson, 2005 The SCM Press A Z of Evangelical Theology is a comprehensive critical survey of the main persons events controversies concepts and institutions of twentieth century evangelical theology It will introduce readers to and be a reference work for the study of evangelicalism's distinctive theological vision in its unity and diversity Olson explores evangelical theology through five lenses The Story of Evangelical Theology Movements and Organisations Related to Evangelical Theology Key Figures in Evangelical Theology Traditional Doctrines in Evangelical Theology and Issues in Evangelical Theology Here is a unique compact narrative description of the origins rise and significance of evangelical theology today About the Author Roger E Olson is Professor of Theology at George W Truett Theological Seminary Baylor University USA **Seeking Science-Friendly Christianity** Harwood Hoover, 2023-11-17 This book brings together lessons from three journeys The first journey began with my acceptance of Jesus at a young age together with my growing recognition of the differences between the scriptural record and scientific understanding It continued with a young man's adventure a retreat into nature and an encounter with war War and life's darker side convinced me that even as nature brings awe and opens us to religious experience we need morality The second journey began as I inquired into the ministry When the church transferred the guide they had assigned to me Bob Wessman became my mentor Bob was an ordained pastor with a doctorate in theology For twenty years we read and discussed theology including the Catholic ideas that I had discovered while teaching with the Dominican Sisters Bob is in hospice care as I write this and my library is full of the books that he gifted to me Thank you Bob I now had many ideas from my first two journeys but they floated about in my head without an organizing form The challenge

was to find a form that would allow the ideas to come together and speak in harmony Differences between Scripture and science had troubled me since my youth and I could not ignore science It was simply too good at finding truth to ignore So science would have to help me Science cannot touch all that religion touches but science and technology can be in correspondence with theology Researching and writing this book could explore that relationship The result was to have remained personal but then I thought that a reader might find an idea or two useful A person who is literate in science might see why trusting Jesus is both good and reasonable This book is the story of the third journey an odyssey through science and Christian theology

Systematic Theology/Historical Theology Bundle Wayne A. Grudem, Gregg Allison, 2015-10-27 A collection that includes two of our most exemplary textbooks Systematic Theology and Historical Theology The ebook will provide an introduction to Biblical and Christian doctrine
