Text, Speech and Dialogue Petr Sojka, Ivan Kopeček, Karel Pala, 2004-10-14 This volume contains the Proceedings of the 7th International Conference on Text Speech and Dialogue held in Brno Czech Republic in September 2004 under the auspices of the Masaryk University. This series of international conferences on text speech and dialogue has come to constitute a major forum for presentation and discussion not only of the latest developments in academic research in these fields but also of practical and industrial applications. Uniquely these conferences bring together researchers from a very wide area both intellectually and geographically including scientists working in speech technology, dialogue systems, text processing, lexicography and other related fields. In recent years the conference has developed into a primary meeting place for speech and language technologists from many different parts of the world and in particular it has enabled important and fruitful exchanges of ideas between Western and Eastern Europe. TSD 2004 offered a rich program of invited talks, tutorials, technical papers and poster sessions as well as workshops and system demonstrations. A total of 78 papers were accepted out of 127 submitted. Contributed altogether by 190 authors from 26 countries. Our thanks as usual go to the Program Committee members and to

the external reviewers for their conscientious and diligent assessment of submissions and to the authors themselves for their high quality contributions We would also like to take this opportunity to express our appreciation to all the members of the Organizing Committee for their tireless efforts in organizing the conference and ensuring its smooth running
