which preserve the essence of the originals while making them accessible to a global readership This endeavor reflects her broader mission to bridge cultural gaps and illuminate the beauty of Japanese tradition This collection is essential for anyone interested in folklore cultural studies or the enchanting world of fairy tales Ozaki's Japanese Fairy Tales not only entertains but also serves as a portal into the soul of Japan enriching readers' understanding of its age-old wisdom and diverse mythology Delve into this mesmerizing collection and experience the timeless allure of Japanese storytelling

Ancient Japanese Fairy Tales Y. T. Ozaki, Reed RK., 2016-02-24 Y T Ozaki was an early 20th century translator of Japanese short stories and fairy tales Her translations were fairly liberal but have been popular and were reprinted several times after her death Ozaki came from an unusual background She was the daughter of Baron Ozaki one of the first Japanese men to study in the West and Bathia Catherine Morrison daughter of William Morrison one of their teachers Her parents separated after five years of marriage and her mother retained custody of their three daughters until they became teenagers At that time Yei was sent to live in Japan with her father which she enjoyed Later she refused an arranged marriage left her father's house and became a teacher and secretary to earn money Over the years she traveled back and forth between Japan and Europe as her employment and family duties took her and lived in places as diverse as Italy and the drafty upper floor of a Buddhist temple

Animals and Women Carol J. Adams, Josephine Donovan, 1995-11-14 Animals and Women is a collection of pioneering essays that explores the theoretical connections between feminism and animal defense Offering a feminist perspective on the status of animals this unique volume argues persuasively that both the social construction and oppressions of women are inextricably connected to the ways in which we comprehend and abuse other species Furthermore it demonstrates that such a focus does not distract from the struggle for women's rights but rather contributes to it This wide-ranging multidisciplinary anthology presents original material from scholars in a variety of fields as well as a rare early article by Virginia Woolf Exploring the leading edge of the species gender boundary it addresses such issues as the relationship between abortion rights and animal rights the connection between woman battering and animal abuse and the speciesist basis for much sexist language Also considered are the ways in which animals have been regarded by science literature and the environmentalist movement A striking meditation on women and wolves is presented as is an examination of sexual harassment and the taxonomy of hunters and hunting Finally this compelling collection suggests that the subordination and degradation of women is a prototype for other forms of abuse and that to deny this connection is to participate in the continued mistreatment of animals and women

Trophy Hunting Nikolaj Bichel, Adam Hart, 2023-04-11 This book gets to the heart of trophy hunting unpacking and explaining its multiple facets and controversies and exploring why it divides environmentalists the hunting community and the public Bichel and Hart provide the first interdisciplinary and comprehensive approach to the study of trophy hunting investigating the history of trophy hunting and delving into the background identity and motivation of trophy hunters They also explore the role of social media and anthropomorphism in

shaping trophy hunting discourse as well as the viability of trophy hunting as a wildlife management tool the ideals of fair chase and sportsmanship and what hunting trophies are both literally and in terms of their symbolic value to hunters and non hunters The analyses and discussions are underpinned by a consideration of the complex moral and practical conflicts between animal rights and conservation paradigms This book appeals to scholars in environmental philosophy conservation and environmental studies as well as hunters hunting opponents wildlife management practitioners and policymakers and anyone with a broad interest in human wildlife relations
