The Heart of the Matter

Individuation as an Ethical Process

A stylized profile of a human head in a golden-yellow color, facing left. The head is composed of swirling, organic shapes. From the top of the head, several long, flowing, golden-yellow lines spiral upwards and outwards, filling the upper half of the cover. The background is a light pinkish-beige with faint, larger-scale swirls. The bottom half of the cover is a solid dark brown color.

The Heart Of The Matter Individuation As An Ethical Proceeb:

The Heart of the Matter Christina Becker, 2004 The Heart is the centre of individual divinity innate morality authenticity and integrity The process of coming to the Heart and of realising the person we were meant to be is what Carl Jung called individuation Using Jung s premise that the main causes of psychological problems are conflicts of conscience Ms Becker takes the reader through the philosophical and spiritual aspects of the ethical dimensions of this individual journey towards wholeness

The Heart of the Matter Christina Becker, 2014-02-01 Using Jung s premise that the main causes of psychological problems are conflicts of conscience Christina Becker takes the reader through the philosophical and spiritual aspects of the ethical dimensions of this individual journey towards wholeness

The Ethical Imagination Sean Fitzpatrick, 2019-07-12 What do we do with our fantasies Are there right and wrong ways to imagine feel think or desire Do we have our fantasies or do they have us In *The Ethical Imagination Exploring Fantasy and Desire in Analytical Psychology* Sean Fitzpatrick explores how our obligation to the Other extends to our most intimate spaces Informed by Jungian psychology and the philosophy of Emmanuel Levinas Fitzpatrick imagines an ethical approach that can negotiate the delicate and porous boundary between inner and outer personal and collective fantasy Combining both theory and practice the book examines theorists of the imagination such as Plato Coleridge Sartre and Richard Kearney explores stories from contemporary culture such as Jimmy Carter and New York s Cannibal Cop and includes encounters in the consulting room *The Ethical Imagination* explores how these questions have been asked in different ways across culture and history and Fitzpatrick examines the impact of our modern digital world on ethics and imagination In this original examination of the ethical status of our imagination this book illustrates how our greatest innovations works of art and acts of compassion emerge from the human imagination but so also do our horrific atrocities Fitzpatrick compellingly demonstrates that what and how we imagine matters Unique and innovative this book will be of immense interest to Jungian psychotherapists analytical psychologists and other mental health professionals interested in the ethics the imagination and clinical work with fantasy It will also be an important book for academics and students of Jungian and post Jungian studies philosophy religious studies and ethics

Public Relations Ethics and Professionalism Johanna Fawkes, 2014-08-01 Do professions really place duty to society above clients or their own interests If not how can they be trusted While some public relations PR scholars claim that PR serves society and enhances the democratic process others suggest that it is little more than propaganda serving the interests of global corporations This is not an argument about definitions but about ethics yet this topic is barely explored in texts and theories that seek to explain PR and its function in society This book places PR ethics in the wider context of professional ethics and the sociology of professions By bringing together literature from fields beyond public relations sociology professional and philosophical ethics and Jungian psychology it integrates a new body of ideas into the debate The unprecedented introduction of Jungian psychology to public relations scholarship shifts the debate beyond a

traditional Western Good Bad ethical dichotomy towards a new holistic approach with dynamic implications for theory and practice This thought provoking book will be essential reading for students academics and professionals with an interest in public relations ethics and professionalism

Soul-Making Christina Becker,2025-06-17 The phrase soul making comes from the poet John Keats who struggled with the world s random and meaningless suffering and believed that tragedies were the crucible in which the soul is forged and refined In *Soul Making A Journey of Resilience and Spiritual Rediscovery* Christina Becker shares how her own tragedy from a series of events between 2009 2011 broke her leading to her dependency on alcohol It could have been seen as meaningless but was transformed into soul Part memoir and part self help book this is the deeply personal story of one woman s soul making journey framed around the ideas of Carl Gustav Jung and spiritual practices Readers are invited to think about their own lives in a new way to be curious about the deeper threads that run through their existence and to embark on their own soul making journey This Jungian Analyst demonstrates how redemption is found through self knowledge the expansion of consciousness and most importantly through the cultivation of the heart

The British National Bibliography Arthur James Wells,2006 Religious Thought and the Modern Psychologies Don S. Browning,Terry D. Cooper, *Religious Thought and the Modern Psychologies* has pioneered the broader and deeper critique of psychological theories and practice Informed by hermeneutical theory Browning s widely acclaimed work drew much needed attention to the ethical and metaphysical even religious assumptions that underlie present day psychology It has been deeply influential in many social sciences in addition to the fields of pastoral counseling and practical theology In this much needed second edition Browning and his new co author show how the field of social science has indeed grasped and appropriated the hermeneutical approach though with only slight appreciation of the religious dimensions of the social scientific endeavor Browning and Cooper provide a completely new first chapter newly situating the discussion and update the core chapters of

the book They also add two new chapters carrying the dialogue on with three new psychotherapeutic theorists then with new evangelical writers on the relation of theology and psychology This new edition like its predecessor will set the stage for the religion psychology dialogue for years to come

Exploring Core Competencies in Jungian Psychoanalysis Gražina Gudaitė, Tom Kelly, 2021-08-12 Presented in five parts this comprehensive collection offers an in depth understanding of the core competencies in Jungian psychoanalysis It is aligned with the main task of analytical training and practice that of integrating the unconscious aspects of experience and developing a living relationship with it and defines a set of key resources and skills for recognizing the emergence of the unconscious and its multiple manifestations while offering ways to relate to it that fit individual clients and encourage growth and healing Featuring contributions from renowned Jungian analysts from across the globe the book sheds light on how Jungians integrate common therapeutic methods in their practices and how they utilize others that are unique to their personal experiences making the book an essential read for Jungian professionals trainees and students

The Imaginary Domain Drucilla Cornell, 2016-01-08 This book addresses the legal and political programme needed for the recognition of sexual difference Cornell shows that by affirming feminine sexual difference we should rethink the traditional conception of a public private divide This book fundamentally alters the terrain of feminist legal and political philosophy and does so in a prose style that is lucid and accessible Cornell defends a feminist view of legal equality that synchronizes the distinct values of freedom and equality in the emotionally fraught sphere of life we call sex Feminist legal theory has been plagued by the seemingly irreconcilable tension between these two values particularly when it comes to issues like pornography and sexual harassment where they have been explicitly pitted against one another

Freud and Jung on Religion Michael Palmer, 2022-10-27 In this outstanding book originally published in 1997 and subsequently translated into many languages Michael Palmer presents a detailed and comparative study of the two most famous theories of religion in the history of psychology those of Freud and Jung The first part of the book analyses Freud's claim that religion is an obsessional neurosis a psychological illness fueled by sexual repression and the second part considers Jung's rejection of Freud's theory and his own assertion that it is the absence of religion not its presence which leads to neurosis Originally given as a series of lectures at Bristol University this Classic edition of Freud and Jung on Religion is important reading for general and specialist readers alike as it assumes no prior knowledge of the theories of Freud or Jung and is an invaluable teaching text

Resisting Biopolitics S.E. Wilmer, Audronė Žukauskaitė, 2015-09-16 The topic of biopolitics is a timely one and it has become increasingly important for scholars to reconsider how life is objectified mobilized and otherwise bound up in politics This cutting edge volume discusses the philosophical social and political notions of biopolitics as well as the ways in which biopower affects all aspects of our lives including the relationships between the human and nonhuman the concept of political subjectivity and the connection between art science philosophy and politics In addition to tracing the evolving philosophical discourse around biopolitics this collection researches and

explores certain modes of resistance against biopolitical control Written by leading experts in the field the book's chapters investigate resistance across a wide range of areas politics and biophilosophy technology and vitalism creativity and bioethics and performance Resisting Biopolitics is an important intervention in contemporary biopolitical theory looking towards the future of this interdisciplinary field

Continental Feminism Reader Ann J. Cahill, Jennifer Hansen, 2004-09-01 In an era of backlash and supposed stagnation feminist philosophers are still providing fresh and challenging perspectives you just have to know where to look Continental feminist theory continues to address pressing questions of equality and difference identity and subjectivity Modern thinkers like Judith Butler Kelly Oliver and Drucilla Cornell give strikingly new perspectives on sex gender sexual politics and the various social reasons for gender inequality Yet their theories are not always well received Continental Feminism Reader responds to the marginalization of these thinkers and others like them In this volume Ann J Cahill and Jennifer Hansen collect the most groundbreaking recent work in Continental Feminist Theory introducing and explaining pieces that are often mystifying to those outside the field and outside academia With these essays Continental Feminism Reader begins the process of reanimating feminist politics through the critical tools of its contributors

At the Heart of Freedom Drucilla Cornell, 1998-09-14 How can women create a meaningful and joyous life for themselves Is it enough to be equal with men In this provocative and wide ranging book Drucilla Cornell argues that women should transcend the quest for equality and focus on what she shows is a far more radical project achieving freedom Cornell takes us on a highly original exploration of what it

would mean for women politically legally and culturally if we took this ideal of freedom seriously if in her words we recognized that hearts starve as well as bodies She takes forceful and sometimes surprising stands on such subjects as abortion prostitution pornography same sex marriage international human rights and the rights and obligations of fathers She also engages with what it means to be free on a theoretical level drawing on the ideas of such thinkers as Kant Rawls Ronald Dworkin Hegel and Lacan Cornell begins by discussing what she believes lies at the heart of freedom the ability for all individuals to pursue happiness in their own way especially in matters of love and sex This is only possible she argues if we protect the imaginary domain a psychic and moral space in which individuals can explore their own sources of happiness She writes that equality with men does not offer such protection in part because men themselves are not fully free Instead women must focus on ensuring that individuals face minimal interference from the state and from oppressive cultural norms They must also respect some controversial individual choices Cornell argues in favor of permitting same sex couples to marry and adopt children for example She presses for access to abortion and for universal day care She also justifies lifestyles that have not always been supported by other feminists ranging from staying at home as a primary caregiver to engaging in prostitution She argues that men should have similar freedoms thus returning feminism to its promise that freedom for women would mean freedom for all Challenging passionate and powerfully argued Cornell's book will have a major impact on the course of feminist thought

No Place for Ethics T. Patrick Hill, 2021-10-01 In *No Place for Ethics* Hill argues that contemporary judicial review by the U S Supreme Court rests on its mistaken positivist understanding of law law simply because so ordered as something separate from ethics Further to assert any relation between the two is to contaminate both either by turning law into an arm of ethics or by making ethics an expression of law This legal positivism was on full display recently when the Supreme Court declared that the CDC was acting unlawfully by extending the eviction moratorium to contain the spread of the Covid 19 Delta variant something that the Court admitted was of indisputable benefit to the public How mistaken however to think that acting for the good of the public is to act unlawfully when actually it is to act ethically and must therefore be lawful To address this mistake Hill contends that an understanding of natural law theory provides the basis for a constitutive relation between ethics and law without confusing their distinct role in answering the basic question how should I behave in society To secure that relation the Court has an overriding responsibility when carrying out its review to do so with reference to normative ethics from which the U S Constitution is derived and to which it is accountable While the Constitution confirms for example the liberty interests of individuals it does not originate those interests which have their origin in human rights that long preceded it Essential to this argument is an appreciation of ethics as objective and based on principles like those of justice truth and reason that ought to inform human behavior at its very springs Applied in an analysis of five major Supreme Court cases this appreciation of ethics reveals how wrongly decided these cases are
