The Imperial Cult in the Latin West, Volume 1: Studies in the Ruler Cult of the Western Provinces of the Roman Empire Part 1 (2 vols.) Duncan Fishwick, 2015-11-16 Making the "America of Art" Naomi Z. Sofer, 2005. Making the America of Art demonstrates that beginning in the 1850s women writers challenged the terms of the Scottish Common Sense philosophy which had made artistic endeavors acceptable in the new Republic by subordinating aesthetic motivation to moral and educational goals. Harriet Beecher Stowe and Augusta Jane Evans drew on Ruskin to argue for the creation of a religiously based national aesthetic. In the postbellum years Louisa May Alcott, Rebecca Harding Davis, Elizabeth Stuart Phelps, and Constance Fenimore Woolson continued the process in a series of writings that revolved around three central areas of concern: the place of the popular in the realm of high art, the role of the genius, and the legacy of the Civil War. Sofer significantly revises the history of 19th-century American women's authorship by detailing the gradual process that produced women writers wholly identified with literary high culture at the century's end. **BOOK JACKET** Title Summary field provided by Blackwell North America, Inc. Elements of the Latin Language, Simplified ... Edward Woodford, 1854 *Truth About Art, The* Patrick Doorly, 2013-08-30. Both knowledge and truth are beautiful things, but the Good is other and more beautiful than they. Plato, Republic 508e. This book traces the multiple meanings of art back to their historical roots and equips the reader to choose between them. Art, with a capital A, turns out to be an invention of German Romantic philosophers who endowed their creation with the attributes of genius, originality, rule-breaking, and self-expression, directed by the spirit of the age. Recovering the problems that these attributes were devised to solve dispels many of the obscurities and contradictions that accompany them. What artists have always sought is excellence, and they become artists in so far as they achieve it. Quality was the supreme value in Renaissance Italy, and in early Greece it offered mortals glimpses of the divine. Today art historians avoid references to beauty or Quality, since neither is objective or definable, the boundaries beyond which scholars dare not roam. In reality, subject and object are united and dissolved in the Quality event, which forms the bow wave of culture, leaving patterns of value and meaning in its wake. *Kant on Freedom, Nature and Judgment* Kristi Sweet, 2023-02-09. An in-depth account of Kant's Critical philosophical system, which argues that the third Critique answers the question for what we may hope.
