Excerpt from *The Life of Maximilien Robespierre With Extracts From His Unpublished Correspondence*. And as with all this good will, I shall have no more fastidious critic than yourself to you. I may offer the explanations which custom insists upon in prefaces. There has hitherto been no biography of Robespierre. Notices in Biographical Dictionaries and in Histories of the French Revolution are the only records of a career which has left so deep an impression upon men's minds. It seemed therefore desirable on many accounts that the materials for a more complete understanding of this remarkable man scattered through numerous and not easily accessible volumes should be brought together and something like a connected view of his career, his opinions, and his acts be given to the public. The Revolution of February 1848 by once more bringing Robespierre's name and doctrines into alarming prominence suggested this undertaking the time which has since elapsed will show that it has been executed in no unseemly haste.
