The Macro Cosmic Mystery:

The MacRo-Cosmic Mystery Aegyptus,2013-10 This is a new release of the original 1931 edition *The Macro-cosmic Mystery* Maximal Peerman,1931 **Cosmic Mysteries** Carol E. Parrish-Harra,2019-03-05 Cosmic Mysteries By Carol E Parrish Harra In her newest book Cosmic Mysteries author Carol E Parrish Harra provides deep insights for the exploration of the inner path that can only be detailed by the one who has gleaned awareness through a personal journal Carol s work has long been noted for clarity and the details of the path dreamed of by many and traveled by the few Mysticism within the Occult Tradition is held close realizing how delicately balanced it is With many years of esoteric studies Carol shares her understanding of invisible qualities to be explored and the tests each element Fire Air Water and Earth presents to be mastered as they are integrated into human life The importance of daily mindfulness prepares us to move ourselves into the Christ Mind brought about by both our choices and Karma as we go forward with little awareness in life *Rudolf Steiner and the Founding of the New Mysteries* Sergei O. Prokofieff,2017-06-21 In this revised and expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner s life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923 24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication *Mystery Knowledge and Mystery Centres* Rudolf Steiner,2013-05-14 Modern scholarship knows little of the mystery schools of antiquity offering only hypothetical explanations and external details In these expansive lectures based on his personal spiritual insights Rudolf Steiner offers a vivid description of the esoteric experiences gained by people in the ancient mystery schools from the mysteries of Artemis in Ephesus of Hibernia Eleusis and Samothrace to the Middle Ages He also discusses the conditions under which initiation can be achieved today Following preliminary lectures on the nature and function of the soul Steiner presents a panoramic view of human and earthly evolution including the roles of plants and animals He also discusses the various metals their curative properties and their connections with the planets *Divine Mysteries* John Todd Ferrier,2020-09-09 This is a selection of 38 of the writings of John Todd Ferrier They have been selected to show the profundity and scope contained in his writings nearly all of which were spoken to groups of friends between 1918 and 1943 Though given many years ago they are timeless and connect to all truly mystic teachings through the ages and the universal

laws that underlie them In the Foreword we read Divine Mysteries is a book for those who acknowledge their spirituality and who are seeking a deeper understanding of the mystery of life It is for those who feel deeply inspired and committed to discovering the Divine God the Father Mother the Source the indefinable essence of all life within themselves the finding of which brings a sense of coming home of peace and oneness with all that is beautiful in creation Topics covered include Meditation Angels our connection to the Universe and all of Life the nature of the Soul of truth of consciousness reincarnation and life in the beyond a deeper understanding of colour and music and their relationship All of these teaching show aspect of the message of Love which Todd Ferrier brought through from higher realms Mystery of the Christ Oskar Kürten, 2023-05-15 Who is the Christ What is the Sun spirit How should we understand the person of Jesus in relation to the Cosmic Christ or even to the Holy Trinity In a majestic overview of Rudolf Steiner's extensive references to Christ and Jesus originally dispersed throughout his many writings and lectures Oskar Kürten creates a mutually reconcilable and coherent text We are invited to accompany the author as he attempts to comprehend the unimaginably vast enigma of Christ's appearance on Earth The results of his work can sometimes be overwhelming but as Kürten points out humanity is always advancing in its intellectual and spiritual culture and each step poses higher demands on our capacity to understand In a volume comprising three previously untranslated booklets composed originally as study material for people conversant with the fundamentals of anthroposophy Mystery of the Christ gives numerous pointers to great mysteries inviting readers to penetrate ever more deeply into the inexhaustible subject matter As Kürten states this approach enables us again and again to find surprisingly new insights into the mysterious interconnections in which Christ's entry into earth existence and the Mystery of Golgotha are placed The Goddess Rudolf Steiner, 2023-10-20 The wisdom contained in this book is not derived via the usual methods of scholarly and historical research and neither is it based on theory or speculation Rudolf Steiner acquired his original contribution to human knowledge from metaphysical dimensions of reality which are hidden to most people but visible to anybody who is prepared to develop spiritual means of perception With his philosophical and scientific training Steiner brought a new systematic discipline to the field of spiritual research allowing for fully conscious methods and comprehensive results A natural seer he cultivated his spiritual vision to a high degree enabling him to speak with authority on previously veiled mysteries Samples of his work are to be found in this book of edited texts which brings together excerpts from his many talks and writings on the subject of the Goddess This volume also features an editorial introduction commentary and notes by Dr Andrew Welburn Chapters Rediscovering the Goddess Natura Retracing our Steps Mediaeval Thought and the School of Chartres The Goddess Natura in the Ancient Mysteries The Goddess in the Beginning the Birth of the Word Esoteric Christianity the Virgin Sophia the Search for the New Isis The Renewal of the Mysteries The Modern Isis the Divine Sophia *The East in the Light of the West* Sergei O. Prokofieff, 1993 In this first volume of his study of two influential Eastern streams Prokofieff considers the spiritual movement of Agni Yoga as presented to the world by

Helena Roerich and her husband the painter Nicholas Roerich Helena Roerich developed Agni Yoga or Living Ethics in fourteen published volumes which she believed to have been directly dictated by Eastern Masters By relating the inspiration Helena Roerich received to that of the later teachings of H P Blavatsky Prokofieff is able to penetrate the occult foundations of this stream In the light of modern Christian esotericism particularly the research of Rudolf Steiner he pinpoints the principal spiritual errors of Agni Yoga which include the teaching of a future physical incarnation of Christ Along the trail he uncovers ominous connections with Lenin and Bolshevik Russia the American president F D Roosevelt and the bringer of Glasnost Michael Gorbachov who referred to Nicholas Roerich as a representative of our civilization and of its culture one of its pillars **The Secret Doctrine: Anthropogenesis** Helena Petrovna Blavatsky,1902
