The Making Of The West Peoples And Cultures Volume A To 15

Cathie Carmichael, Richard C. Maguire

The Making Of The West Peoples And Cultures Volume A To 15:

Making of the West, Volume II: Since 1500 Lynn Hunt, Thomas R. Martin, Barbara H. Rosenwein, Bonnie G.

Smith, 2012-01-04 Students of Western civilization need more than facts They need to understand the cross cultural global exchanges that shaped Western history to be able to draw connections between the social cultural political economic and intellectual happenings in a given era and to see the West not as a fixed region but a living evolving construct These needs have long been central to The Making of the West The book s chronological narrative emphasizes the wide variety of peoples and cultures that created Western civilization and places them together in a common context enabling students to witness the unfolding of Western history understand change over time and recognize fundamental relationships **The Making of the West, Combined Volume** Lynn Hunt, 2012-01-04

Students of Western civilization need more than facts They need to understand the cross cultural global exchanges that shaped Western history to be able to draw connections between the social cultural political economic and intellectual happenings in a given era and to see the West not as a fixed region but a living evolving construct These needs have long been central to The Making of the West The book s chronological narrative emphasizes the wide variety of peoples and cultures that created Western civilization and places them together in a common context enabling students to witness the unfolding of Western history understand change over time and recognize fundamental relationships Read the preface **Sources of The Making of the West, Volume I: To 1750**, 2012

Thoroughly revised and expanded this two volume primary source collection provides written and visual sources to accompany each chapter of The Making of the West and The Making of the West A Concise History Each chapter features five to six sources both classic and lesser known that reinforce the major political economic social and cultural developments covered in the textbook **The Making of the West, Combined Version (Volumes I & II)** Lynn Hunt, 2009

The Making of the West offers a geographically and culturally expansive conception of the West that prepares students to understand today s globalized world Its integrated chronological narrative makes the impact of historical developments clear by highlighting the interconnections among the politics people and ideas of a specific period From the book s conception the authors a team of renowned scholars and expert teachers have worked to provide a new vision of the West based on cutting edge scholarship The narrative enhanced by a rich and informative art and map program distills the latest research and consistently treats topics underserved in other books the West in global perspective high and popular art and culture and gender Sources of The Making of the West, Volume II: Since 1500 Katharine J. Lualdi, 2009

Sources of The Making of the West helps bring the history of the west to life Thoroughly revised and designed to be used independently or as a companion reader this two volume collection parallels the major topics and themes covered in each chapter of The Making of the West A broad range of source types and themes illuminate historical experience from a diversity of perspectives This reader offers instructors even more opportunities to promote classroom discussion of primary documents and to help students develop

essential historical thinking skills Publisher's website

Death and Afterlife in Medieval Christian Thought Jeremiah Mutie, 2025-07-29 Death and Afterlife in Medieval Christian Thought explores how medieval Christians conceived the changing ideas of death and what happens thereafter to both the material and immaterial aspects of a person Where much scholarship has addressed this topic from a Western point of view this book asks how these ideas emerged and progressed over this long period of time in both Western and Eastern medieval Christianities The work examines the two leading motifs of death and the afterlife in Western medieval Christian thought Purgatory and the cult of the saints It then proceeds to shift the spotlight to conceptions of death in Eastern Christianity all the while maintaining a comparative approach This book not only delves into the theoretical but draws on archaeological evidence such as artefacts to provide a broader view of the evidence Ultimately it finds that medieval Christians continued the process that started in Christianity's earliest days of borrowing and modifying existing ideas of death and the afterlife in order to produce a distinctive and sophisticated Christian set of beliefs As an accessible introduction this book stands as a valuable resource to students scholars and all readers interested in early medieval Christianity the history of ideas and the history of death

The Routledge History of Genocide Cathie Carmichael, Richard C. Maguire, 2015-05-01 The Routledge History of Genocide takes an interdisciplinary yet historically focused look at history from the Iron Age to the recent past to examine episodes of extreme violence that could be interpreted as genocidal Approaching the subject in a sensitive inclusive and respectful way each chapter is a newly commissioned piece covering a range of opinions and perspectives The topics discussed are broad in variety and include genocide and the end of the Ottoman Empire Stalin and the Soviet Union Iron Age warfare genocide and religion Japanese military brutality during the Second World War heritage and how we remember the past The volume is global in scope something of increasing importance in the study of genocide Presenting genocide as an extremely diverse phenomenon this book is a wide ranging and in depth view of the field that will be valuable for all those interested in the historical context of genocide

The Making of the West, Volume 2: Since 1500 Lynn Hunt, Thomas R. Martin, Barbara H. Rosenwein, Bonnie G. Smith, 2015-09-30 V 1 To 1750 V 2 Since 1500

Perspectives, 2004

Royalists, Radicals, and les Misérables Eric Martone, 2014-10-02 The year of 1832 marked a turning point in France as the country struggled to find its way in the wake of the French Revolution Following the Revolution of 1830 Legitimists supporters of the recently ousted Bourbon dynasty's claim to the throne continued to plot against King Louis Philippe and his July Monarchy In early 1832 after failing to launch a coup in Southern France Legitimists plotted an unsuccessful uprising in the Vendée a region in Western France that had supported the royalist cause during the French Revolution The Duchesse de Berry led the rebellion in the hopes of placing her son the Bourbon heir on the French throne The revolt marked the last attempt by the Bourbons to retake the throne by force and helped solidify the end of the Bourbon dynasty During the cholera outbreak which also spread throughout France in 1832 lower income areas suffered higher losses to the disease for they were more likely to have contaminated water

supplies The lower classes spread rumors that the outbreak was an elitist plot to subdue the masses and the epidemic exacerbated class tensions Meanwhile conditions in France continued to be characterized by violence during the early 1830s as Louis Philippe attempted to establish his regime's authority The most significant of these uprisings was the republican dominated June Revolution of 1832 Victor Hugo and other contemporaries perceived the barricades of June as natural extensions of the cholera epidemic or the political continuation of a biological crisis The sad fate of the uprising however prompted republicans to regroup and develop new strategies for success As a whole then 1832 helped solidify the end of the Bourbon monarchy and class identities and was a crucial moment in the re organization and growing solidification of French republicanism that paved the way for the Revolution of 1848 This edited collection examines these three pivotal events in French history in 1832 a royal Legitimist uprising led by the Duchesse de Berry the cholera epidemic and the June Revolution featured in the climax of Hugo's novel *Les Misérables* within the context of the legacy of the French Revolution While the events of 1832 are significant they have been relatively ignored because scholars have been distracted by the Revolutions of 1830 and 1848 This collection is the first piece of scholarship to examine these three events in an interconnected pattern to better examine France as it transitioned from a monarchy to a republic As a result this collection will be of value to both historians and academics studying diverse subfields within French and European studies

Discover tales of courage and bravery in Crafted by is empowering ebook, **The Making Of The West Peoples And Cultures Volume A To 15** . In a downloadable PDF format (*), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
