YouTube For example in the 1960s self proclaimed professional hoaxer Alan Abel lampooned America s hypocritical sexual mores by using conservative rhetoric to fool the news media into covering a satirical organization that advocated clothing naked animals In the 1990s Sub Pop Records then receptionist Megan Jasper satirized the commodification of alternative music culture by pranking the New York Times into reporting on her fake lexicon of grunge speak Throughout this book McLeod shows how pranks interrupt the daily flow of approved information and news using humor to underscore larger pointed truths Written in an accessible story driven style Pranksters reveals how mischief makers have left their shocking entertaining and educational mark on modern political and social life *Exit Stage Left* Nick Duerden,2022-04-28 A SUNDAY TIMES GUARDIAN the almost obligatory subsequent fallout But what s it like to actually achieve it and what happens when fame abruptly passes and shifts as it does onto someone else This is the point at which pop stars are at their most heroic because they don t give up They keep on striving keep making music and refuse simply to ebb away Some sustain themselves on the nostalgia circuit others continue to beaver away in the studio no longer Abbey Road perhaps so much as the garden shed But all of them in their own individual ways still dare to dream *Exit Stage Left* features tales of drug addiction bankruptcy depression and divorce but also of optimism a genuine love of the craft humility and hope This is a candid laugh out loud and occasionally shocking look at what happens when the brightest stars fall back down to earth *Exit Stage Left* is the book I ve long wanted to read about the PTSD like after effects of pop stardom and Nick Duerden is the perfect writer for the job The pop star s bittersweet lot is represented with flair and empathy Pete Paphides author of *Broken Greek* *Exit Stage Left* is a funny and poignant book drawing on Duerden s considerable experience as a journalist and interviewer he understands what motivates this strange bunch of people Andy Miller *Spectator* Fame is the brightest candle but in this brilliant collection of interviews Nick Duerden answers the question what does a candle do after it s burned out David Quantick Duerden finds fascinating layers of humanity pathos humour and wisdom in equal measure A brilliant book for artists and fans alike Frank Turner Featuring brand new interviews with the likes of Bob Geldof Shaun Ryder Robbie Williams Roisin Murphy Stewart Copeland Billy Bragg Wendy James Alex Kapranos Joan Armatrading Leo Sayer Gary Lightbody Lisa Maffia Tim Booth Bill Drummond Rufus Wainwright David Gray and Justin Hawkins **Hymns to the Silence** Peter Mills,2010-04-08 *Hymns to the Silence* is a thoroughly informed and enlightened study of the art of a pop music maverick that will delight fans the world over In 1991 Van Morrison said Music is spiritual the music business isn t Peter Mills groundbreaking book investigates the oppositions and harmonies within the work of Van Morrison proceeding from this identified starting point *Hymns to the Silence* is a detailed investigative study of Morrison as singer performer lyricist musician and writer with particular attention paid throughout to the contradictions and tensions that are central to any understanding of his work as a whole The book takes several intriguing angles It looks at Morrison as a writer specifically as an Irish writer who has recorded musical settings of Yeats poems collaborated with Seamus Heaney Paul

Durcan and Gerald Dawe and who regularly drops quotes from James Joyce and Samuel Beckett into his live performances It looks at him as a singer at how he uses his voice as an interpretive instrument And there are chapters on his use of mythology on his stage performances and on his continuing fascination with America and its musical forms **The KLF** John Higgs,2024-07-09 In the early 90s the KLF was the biggest selling singles band in the world until they destroyed their records erased themselves from music history and literally set fire to one million pounds In this fascinating and in depth biography popular British writer and cultural historian John Higgs digs into the story behind the end of one of the most popular bands of the late twentieth century The band members themselves when asked in interviews were never able to satisfactorily explain their behavior but looked haunted every time it came up With his characteristically creative mind Higgs leads readers on a journey to understand a story that no one knows they are in least of all the main characters Ranging from music history to chaos theory to Carl Jung and Doctor Who this brilliant pop biography has been named one of the top ten music books of the year by The Guardian The Independent and MOJO magazine Perfect for music buffs and mystery fans alike The KLF is an engrossing and entertaining read **The Thinking Teacher** Oliver Quinlan,2014-01-09 Good Teachers do great teachers think Oliver Quinlan presents ideas from education business and other areas of life that teachers and educational leaders can use to enhance and explore their thinking In order to progress we must philosophise about learning question traditional practice and be resourceful in providing solutions for better education The only way the education system can improve standards and be at its best is by ensuring that those who govern it don t stop thinking about it Innovation is the key to our progress as individuals and society as a whole
