The March of Conquest Telford Taylor, 1958 The Conspiracy Against Hitler in the Twilight War Harold C. Deutsch, 1968-05-20 The Conspiracy Against Hitler in the Twilight War was first published in 1968 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions This is the first detailed account in English of the German anti Nazi plot of September 1939 May 1940 a conspiracy which involved the services of Pope Pius XII as in intermediary Much new information is presented and the book puts the whole story of the German resistance movement in a clearer light than has been possible before Much of the account is based on the testimony of over fifty witnesses whom Professor Deutsch interviewed or interrogated comprising virtually all the participants or observers who survived the period He also had access to previously unavailable French and Belgian documents as well as to diaries and other private material As the author explains there were four major rounds of opposition to the Hitler regime the conspiracy described in this volume being the second IN many ways it was the round in which circumstances were the most favorable for success High military quarters were the most fully committed it was the only plan in which a foreign power at odds with Germany Britain took a supporting position and it was the only instance in which a notable outside figure Pius XII made his good offices available as an intermediary The role of the Pope in this conspiracy has been known in a general way since 1946 but Professor Deutsch's investigation is the first intensive study were at the core of the affair Josef Muller the Opposition agent who dealt with the Pope and who later became the Bavarian Minister of Justice and Rev Robert Leiber S F the Pope's confidential aide In his conclusion Professor Deutsch points out that the story of this conspiracy clearly testifies to the moral nature of the German resistance movement The author writes No term recurred more often in these months to define the conflict with the Third Reich than the decent Germany Guderian's XIXth Panzer Corps and the Battle of France Florian Rothburst, 1990-06-12 Certain to become the definitive work in English on the Battle of France this volume corrects all previous English accounts With extensive use of primary documents it places us closer to the planning preparation and employment of this most successful operation It covers major changes made by the German Army after Poland and infighting surrounding these changes Providing the only detailed day by day breakdown of German action during the Battle's first five days this book presents a unique view of the German Army **The March of Conquest** Telford Taylor, 1991 The German Wehrmacht swept across Europe in the spring of 1940 like a great scythe in a triumph unparalleled in modern history Adolf Hitler's call to end the war after the conquest of Poland was rejected by the allied governments of France and Britain within three months Scandinavia the Low Countries and France were crushed by the stunning impact of the German military machine The British suffering losses of men and material were forced off the continent at Dunkirk yet they continued to fight against German domination Their tenacity became a crucial factor in thwarting the outcome of Hitler's march of conquest Telford

Taylor had an excellent opportunity to gather material for this book he served as chief counsel at the Nuremberg war crimes trials He handles a wealth of information weaving into a smooth narrative the details of the war from the lowest to the highest levels of command Taylor s presentation of the facts from the German perspective is balanced and skillful and stands as one of the most important books on the subject available today BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University** Hoover Institution on War, Revolution, and Peace,1969 *The Wiener Library Bulletin* ,1978
