The Marriage Of Sense And Soul:

The Marriage of Sense and Soul Ken Wilber, 1998 One of today's most important philosophers articulates our era's most critical dilemma how to find the mutual accord between ancient spiritual wisdom and modern knowledge No one not even Jung has done as much as Ken Wilber to open Western psychology to the durable insights of the world's wisdom traditions Huston Smith author of *The World's Religions*

The Marriage of Sense and Soul Ken Wilber, 1998 *Ken Wilber* Frank Visser, 2012-02-01 This is the definitive guide to the life and work of Ken Wilber widely regarded as the most comprehensive and passionate philosopher of our times In this long overdue exploration of Wilber's life and work Frank Visser not only outlines the theories of this profound thinker but also uncovers his personal life showing how his experiences influenced and shaped his writing Wilber's impressive body of work including nineteen books in more than thirty languages brings together science and religion philosophy art culture East and West and places them within the all encompassing perspective of evolution Visser's book follows Wilber's four distinct phases as he reveals not only the story behind Wilber's writing but also the man behind the ideas In recounting the course of Wilber's life and the motives that led him to the subjects he has written so much about Visser uncovers the intricacies of one of the world's most important intellectuals Included in this indispensable resource is a complete bibliography of Wilber's work

Psychology and the Perennial Philosophy Samuel Bendeck Sotillos, 2013-05-01 Modern psychology is at an impasse as it searches anxiously for new therapies to address the increasing occurrence of mental illness in contemporary society In this groundbreaking anthology leading authors from the perennialist school including Huston Smith Seyyed Hossein Nasr and Frithjof Schuon draw on the age old insights of the world's wisdom traditions to argue that modern psychology behaviorism psychoanalysis humanistic and transpersonal psychology overlooks the specifically spiritual factors contributing to mental health and illness

The Perennial Quest for a Psychology with a Soul Joseph Vrinte, 2002-01-01 The subject matter of this book is so vast that it would be presumptuous to attempt to deal with comprehensively and it would be preposterous to pretend to a final solution to a set of ideas as comprehensive as these worldviews The author is aware that the contents of this comparative study may appear offensive to the followers of Sri Aurobindo He tries to stimulate a fruitful dialogue and evaluates this dialogue in a sympathetic manner when he refers to the intentions of both thinkers

Tennysonian Love Gerhard Joseph, 1969-04-10 *Tennysonian Love* was first published in 1969 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions In the century or so since Alfred Tennyson's poetry reached the height of its popularity and critical acclaim the pendulum of criticism has swung wide in opposite directions From the earlier idolatry to the later ridicule that pendulum has now settled into a position of qualified and selective praise from which a more thoughtful consideration of the poet is possible Consequently as this critical study suggests new values and dimensions are recognizable in his work Professor Joseph concentrating on the theme of love

but involving in his argument other facets of Tennyson's achievement demonstrates the thesis that the poet moved as in a strange diagonal. This phrase used as the subtitle of the book comes from Tennyson's poem *The Princess* in which the narrator moved as in a strange diagonal. And maybe neither pleased myself nor them. As the author shows Tennyson throughout his work moved between a Platonic conception of love in which the highest kind of spiritual love has disencumbered itself of sense and a Neoplatonic Dantesque one in which sense and soul tend to merge. In coming to terms with the nineteenth century form of this divided Western heritage the pietism of the evangelical revival on the one hand and the idealized eroticism of his Romantic predecessors on the other Tennyson became the exemplary poet of Victorian love. No other Victorian poet. Professor Joseph concludes exhibits quite his representative and successful blending of these clashing strains. For while moving between the alternate traditions of Western love Tennyson was able to forge a large body of highly disciplined beautifully wrought and far ranging verse.

Secularism Mike King, 2007-11-29 Spirituality is a difficult subject in the modern world. Everywhere from popular media to the university from the bookshelf to the dinner table religions are derided or marginalised and public figures such as Richard Dawkins set upon anyone who admits to a belief in God. It seems that science and religion are fundamentally at odds and that a mutual respect is unacceptable to either in their parallel pursuit of truth. Yet the majority of Enlightenment authors engaged with both science and spirituality and did not lose their faith. Today we tend to see these authors as not having applied full scientific rigour to their religious beliefs but are we correct in dismissing this aspect of their lives so easily. In *Secularism* Mike King examines the elements of religion philosophy and science which have contributed to an almost total disavowal of spirituality by contemporary western intellectuals. He engages with a wide range of thinkers including Pythagoras Marx Spinoza Darwin and Nietzsche and incorporates detailed studies of a variety of spiritual leaders some of whom readers are unlikely to have considered in this way before to uncover why the western world no longer has any interest in devotion or accords it any respect.

The Collected Works of Ken Wilber: The marriage of sense and soul ; One taste Ken Wilber, 1999

Where's Wilber At? Brad Reynolds, 2006-05-09 The most profound and satisfying book to date about the cutting edge of Ken Wilber's integral vision Reynolds leads us with clarity step by step through the most complex and subtle aspects of Wilber's thinking about post modernity post metaphysical theory the perennial philosophy the Combs Wilber matrix and much more. Highly recommended for those who want to keep up with one of the great intellectual path finders of our generation. Allan Combs Ph D University of North Carolina author of *The Radiance of Being Understanding the Grand Integral Vision Living the Integral Life*. Ken Wilber continues to push the boundaries of knowledge to ever more profound and encompassing reaches and Brad Reynolds continues to follow him and provide lucid compelling commentaries. I am impressed by how thoroughly Reynolds has mastered Wilber's work. Roger Walsh M D Ph D University of California author of *Essential Spirituality The Seven Central Practices*. Brad Reynolds has written an eloquent passionate beautiful book about my ideas. I believe it will help many people come to an appreciation of a

more inclusive more comprehensive more integral way to think and feel about the world and to find a happy realized awakened place in it Ken Wilber author of A Theory of Everything Incorporating a vast range of disciplines and research Wilber s Integral Vision is currently defined as being an A Q A L or all quadrant all level approach to integral studies the integration of body mind soul and spirit with self culture and nature therefore the reader will be introduced to Wilber s new integral language and his underlying organizing framework including his most recent Phase 5 With this book the reader will learn the basic essentials needed to follow Wilber s continual theoretical expansion including his forthcoming books and their pragmatic application as well as reviewing his current public outreach such as with the Integral Institute Integral University and his growing presence on the worldwide web By simplifying the details of his complex metatheory or where Wilber s coming from the reader discovers how this integral approach is capable of uniting the knowledge of modern science with the depth and meanings of ancient mysticism thus transforming the Great Chain of Being into a comprehensive post metaphysical AQAL Matrix of Spirit in action This evolutionary model also includes a cross cultural integral psychology that seamlessly integrates East and West thus clarifying today s confusing spectrum of collective worldviews and the universal stages of individual growth as well as much much more Indeed the unprecedented integrative power of Wilber s vision and its expanded influence in the first decade of the new millennium is laying the positive foundations for an integral revolution or better a natural evolution to a higher order worldwide consciousness to which we are all invited and with which this book will be a helpful user friendly guide on this exciting adventure
