The Gunns:

The Gunns Robert Russell Gunn,1925 *The Gunns* Thomas Sinclair,1890 The Gunns; History, Myths and Genealogy Alastair Gunn,2020-02-15 Here is a radical academically based text which demolishes the myths currently masquerading as Gunn history Gunns are best thought of as the original non related inhabitants of northern mainland Scotland They do not have an Orkney Islands origin Gunns should not be viewed as a clan as they had no founding ancestor There was never an historic Clan Gunn Chief The first Gunn known to history was Coroner Gunn of Caithness who died around 1450 His eldest son started the MacHamish Gunns of Killernan line many descendants from that line exist all around the world Major detail on this MacHamish line is included This book is an important addition to Scottish Highland history

The Caledonian ,1920 **Scotland and Beyond: The Families of Donald Gunn (Tormsdale) and John Gunn (Dalnaha, Strathmore and Braehour)** Donald Gunn,Alastair Gunn,2012-05-19 This book examines two linked Caithness Gunn families over many generations in places such as Scotland Canada Jamaica and Australia It has many family trees photographs and original documents including details of trips to Canada in the 1840s and Australia in the 1850s Many letters from the mid 1800s are included The book has many biographies including the Hon Donald Gunn of Canada William Gunn of Waranga Park Sir John Gunn of Tormsdale and the Hon John Alexander Gunn of New South Wales anthrax Gunn This book contains much original information showing how Gunns integrated into new lands This work has taken many years and builds on documents held within the family and much detailed genealogical research Two versions are available a paperback black and white version and a deluxe hardback version with some colour photographs The information and images are the same in both texts **The Rise and Fall of Gunns Ltd** Quentin Beresford,2015-02-01 At its peak Gunns Ltd had a market value of 1 billion was listed on the ASX 200 was the largest employer in the state of Tasmania and its largest private landowner Most of its profits came from woodchipping mainly from clear felled old growth forests A pulp mill was central to its expansion plans Its collapse in 2012 was a major national news story as was the arrest of its CEO for insider trading Quentin Beresford illuminates for the first time the dark corners of the Gunns empire He shows it was built on close relationships with state and federal governments political donations and use of the law to intimidate and silence its critics Gunns may have been single minded in its pursuit of a pulp mill in Tasmania s Tamar Valley but it was embedded in an anti democratic and corrupt system of power supported by both main parties business and unions Simmering opposition to Gunns and all it stood for ramped up into an environmental campaign not seen since the Franklin Dam protests Fearless and forensic in its analysis the book shows that Tasmania s decades long quest to industrialise nature fails every time But the collapse of Gunns is the most telling of them all This is a tale that needed telling It is an important case history in environmental campaigning and a must read for anyone interested in fairness and transparency in government Geoffrey Cousins AM businessman and president of the Australian Conservation Foundation *Gunn Guardsman Series* Kara Griffin,2014-12-01 The Gunn clan s Highland guard s

only pursuit is protecting their laird his family and when necessary the clan With their laird s and the king s interference the guardsman are embroiled in tumultuous situations with the bonniest lasses in the land As each finds love will they give their hearts to the women they love or will they keep their oaths to their laird **Sutherland and the Reay country, ed. by A. The Celtic magazine, conducted by A. Mackenzie and A. MacGregor Alexander Mackenzie,1876 **Highland Strength** Celeste Barclay,2024-05-24 A lonely woman with far too many secrets Greer Gunn feared for her life every day that she breathed the same air as her father An unwanted reminder that he had no heir Greer employed her greatest defense She looked and learned tucking away her clan s secrets that she used silently to defend her people against her father s inept leadership and to keep their enemies at bay When her father s death leaves her adrift among a clan that no longer wants her Greer turns to her longtime friend for shelter But it s her friend s brother who plagues her every waking and dreaming moment Can Greer put aside the secrets she shares with him and find happiness with a man who was once her adversary A man locked in his memories Thormud Sinclair future heir to the almighty Clan Sinclair finds himself once more entangled with the beautiful but elusive Greer Gunn Their past is one no one knows about and one they both wish to forget But that s impossible when it was Greer s uncle who slayed Thor s best friend the first time they rode out to battle Events surrounding that fateful day continue to divide them while ghosts from their pasts push them together now A decade after losing his friend Thor stands to lose even more to Clan Gunn His heart Can Thor put aside the memories he shares with her and discover whether fate truly had something else in store for them A threat and questionable honor When some secrets just won t remain buried a threat to Greer s life leaves this pair with little choice but to get along Events beyond their control call Thor s honor and loyalty into question While being forced together might turn these enemies to lovers will the encroaching

Thom Gunn Michael Nott,2024-06-18 A no holds barred biography of the great poet and sexual rebel who could give the dead a voice make them sing Hilton Als The New Yorker Thom Gunn was not a confessional poet and he withheld much but inseparable from his rigorous formal poetry was a ravenous acute experience of life and death Raised in Kent England and educated at Cambridge Gunn found a home in San Francisco where he documented the city s queerness the hippie mentality and drug use of the sixties and the tragedy and catastrophic impact of the AIDS crisis in the eighties and beyond As Jeremy Lybarger wrote in The New Republic the author of Moly and The Man with Night Sweats was an agile poet who renovated tradition to accommodate the rude litter of modernity Thom Gunn A Cool Queer Life chronicles for the first time the largely undocumented life of this revolutionary poet Michael Nott a coeditor of The Letters of Thom Gunn draws on letters diaries notebooks interviews and Gunn s poetry to create a portrait as vital as the man himself Nott writes with insight and intimacy about the great sweep of Gunn s life his traditional childhood in England his mother s suicide the mind opening education he received at Cambridge reading Shakespeare and John Donne his decades in San Francisco and with his life partner Mike Kitay and his visceral experience of sex drugs and loss Thom Gunn A Cool Queer Life is a long awaited landmark study of one of England and America s most innovative poets **Scottish Highlanders** Charles MacKinnon,1992 The Celtic

Magazine ,1888 *Inside Lawyers' Ethics* Christine Parker,Adrian Evans,2007-02-22 Legal ethics is often described as an oxymoron or contradiction in terms lay people find the concept amusing and lawyers can find ethics impossible The best lawyers are those who have come to grips with their own values and actively seek to improve their ethical practise This book is designed to help law students and new lawyers understand and modify their own ethical priorities not just because this knowledge makes it easier to practise law and earn an income but because self aware ethical legal practice is right and feels better than anything else Packed with case studies of ethical scandals and dilemmas from real life legal practice in Australia each chapter delves into the most difficult issues lawyers face From lawyers part in corporate fraud to the ethics of time based billing Parker and Evans expose the values that underlie current practice and set out the alternatives ethical lawyers might follow
