as well as diachronic perspective A large range of distributions emerges from the successive sharpening or modification of different aspects of leadership While some of them are combined to a complex figuration of leadership others remain reserved for certain individuals Furthermore it can be considered a consensus within scholarly debate that concepts of leadership have a certain connection to the history of ancient Israel which is though hard to ascertain Following a previous volume that focused on the Pentateuch and the Former Prophets BZAW 507 this volume deals with different concepts of leadership in selected Prophetic Hag Zech Jer and Chronistic literature Ezr Neh Chr They are examined in a literary religious tradition historical and theological perspective Special emphasis is given to phenomena of transforming authority and leadership claims in exilic post exilic times Hence the volume contributes to biblical theology and sheds new light on the redaction reception history of the texts Not least it provides valuable insights into the history of religious and or political authorities in Israel and Early Judaism s *Galilee in the Late Second Temple and Mishnaic Periods, Volume 2* David A Fiensy, James Riley Strange, 2015-11-01 This second of two volumes on Galilee in the Late Second Temple and Mishnaic Periods focuses on the site excavations of towns and villages and what these excavations may tell us about the history of settlement in this important period The important site at Sepphoris is treated with four short articles while the rest of the articles focus on a single site and include site plans diagrams maps photographs of artifacts and structures and extensive bibliographic listings The articles in the volume have been written by an international group of experts on Galilee in this period Christians Jews and secular scholars many of whom are also regular participants in the twenty site excavations featured in the volume The volume also features detailed maps of Galilee a gallery of color images timelines related to the period and helpful indices Together with Volume 1 Life Culture and Society this volume provides the latest word of these topics for the expert and nonexpert alike **Anti-Judaism and the Gospel of John** Mirosław Stanisław Wróbel, 2023-12-04 In the light of the research undertaken in this book the author concludes that the so called anti Jewish texts in Johannine Gospel are not directed against the Jews being an ethnic or religious community The object of the polemic and attacks is not the entire Jewish nation across the span of all the ages but a group of the Jewish leaders or opponents to Jesus in the First Century AD Looking through the prism of the aposynagoga polemic one can notice that the state of tension between the Johannine community and the rabbinic Judaism is inter Jewish not anti Jewish in character The source of the polemical language of the Fourth Gospel is the Christological discussion in the historical and sociological context the Messianic confession the excommunication from the Synagogue the presence of Samaritans in the Johannine community the struggle for the preservation of the identity The New Testament Gerd Theissen, 2011-12-01 Gerd Theissen describes the emergence of the New Testament canon out of the wide variety of early Christian literature drawing on Max Weber s discussion of the evolution of religious organizations Theissen describes a series of phases in the life of the early Christian movement the charismatic the pseudepigraphic the functional and the canonical *Exploring the New Testament World*

John Bagnell Bury, Frank Ezra Adcock, Martin Percival Charlesworth, Norman Hepburn Baynes,1928 *Ezra, Nehemiah, and the Construction of Early Jewish Identity* Bob Becking,2011 The post exilic of Persian period showed a transition in the religion in ancient Israel from Yahwism s to Judaism s The events of exile and return made it impossible to completely fall back on the traditional religious identity The essays in this volume try to reconstruct the path taken in that transition The characters of Ezra and Nehemiah are generally seen as playing a formative role in this process By reading texts from the biblical books supposedly written by Ezra and Nehemiah in a religio historical context new light falls on the process of change *A History of Israelite Religion in the Old Testament Period, Volume II* Rainer Albertz,1994-11-01 This book the second of two volumes offers a comprehensive history of Israelite religion It is a part of the Old Testament Library series The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys The contributors are scholars of international standing Christianity & Western Thought Colin Brown, Steve Wilkens, Alan G. Padgett,1990 From Socrates and the Sophists to Kant from Augustine to Aquinas and the Reformers Colin Brown traces the turbulent often tension filled always fascinating story of the thinkers ideas and

movements that have shaped our intellectual landscape Is philosophy the handmaiden of faith or the doctrine of demons Does it clarify the faith or undermine the very heart of Christian belief Brown writes This book is about the changes in preconceptions world views and paradigms that have affected the ways in which people have thought about religion in general and Christianity in particular in the Western world It is a historical sketch written to help students and anyone else who might be interested to get a better grasp of the love hate relationship between philosophy and faith that has gone on for close to two thousand years Students pastors and thoughtful Christians will benefit from this rich resource The first in a proposed three volume work Brown s easy to read hard to put down introduction to Christianity and Western thought focuses on developments from the ancient world to the Age of Enlightenment Adam, Satan, and the King of Tyre Hector M. Patmore, 2012-02-17 The oracle against the King of Tyre found in Ezekiel 28 12 19 is a difficult text that inspired diverse interpretations in Late Antiquity For example according to one rabbinic tradition the text spoke of the first man Adam while the Church Fathers found in the same text a description of the fall of Satan This book studies the rabbinic sources patristic literature the Targum and the ancient translations and seeks to understand the reasons for the diverse interpretation the interaction between the exegetical traditions and the communities of interpreters in particular between Jews and Christians and the effect the specific form and wording of the text had on the formation and development of each interpretation
