The Latin Literature Of Alchemy And The Hermetic Secret:

The Latin Literature of Alchemy and the Hermetic Secret Arthur Edward Waite, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work.

The Hidden Church of the Holy Graal Arthur Edward Waite, 1909 The author was among the first to study western occultism as a spiritual tradition rather than as pseudoscience or religion. This 1909 survey of the Holy Grail legend weaves together the history of how a pagan folk tale became a vital Christian allegory. Waite makes it a point to extensively describe all source texts of the Grail legend employing readable yet interesting prose.

The Journal of the Alchemical Society, 1914

The Hidden Church of the Holy Graal Arthur Edward Waite, 2013 The reader who would reach to motives and inspirations who would seek to understand the subtle and secret forces that have moved all history, it would be difficult to name a work of greater interest or value than this. To the rarer reader who has come upon traces of an undying tradition, a Hidden Church or Wisdom, the book will be a very revelation. The Graal legend, even as it is known to the general reader woven into the Arthurian epic, is one of rarest beauty and most profound meaning. But when its rich symbolism is revealed in full, the significance of the great quest in which pure-minded and self-sacrificing valor is alone successful, the magnitude of meaning is made evident. Perhaps no other man living is so well fitted as Mr. Waite to approach this subject. Under the ruder methods of materialistic critics, the delicate beauty and subtle meanings would be lost. Our author combines the grasp of scholarship with the sympathetic attitude and the deep lying knowledge of hidden things. This is the extended edition including an encyclopedic essay about The Holy Grail. From the Contents: Preface, Book I The Roots Of The House Of Meaning, Book II Mysteries Of The Holy Graal In Manifestation And Removal, Book III The Early Epochs Of The Quest, Book IV The Lesser Chronicles Of The Holy Graal, Book V The Greater Chronicles Of The Holy Graal, Book VI The German Cycle Of The Holy Graal, Book VII The Holy Graal In The Light Of The Celtic Church, Book VIII Mystic Aspects Of The Graal Legend, Book IX Secret Tradition In Christian Times, Book X The Secret Church.
