The Legacy Of Che Guevara A Documentary Study:

The Legacy of Che Guevara Donald Clark Hodges, 1977-01-01 Beskrivelse af Guevarist bevægelsen samt de uundgåelige forskelligheder i de politiske udfaldninger efter Che Guevaras død. Bevægelsens påvirkning på etablerede frihedsbevægelser i Sydamerika samt dens rolle i de udviklede industrilande.

The Fall of Che Guevara Henry Butterfield Ryan, 1998-01-22 The Fall of Che Guevara tells the story of Guevara's last campaign in the backwoods of Bolivia where he hoped to ignite a revolution that would spread throughout South America. For the first time this book shows in detail the strategy of the U.S. and Bolivian governments to foil his efforts. Based on numerous interviews and on secret documents obtained through the Freedom of Information Act from the CIA, the State Department, the Pentagon and the National Security Archive, this work casts new light on the roles of a Green Beret detachment sent to train the Bolivians and of the CIA and other U.S. agencies in bringing Guevara down. Ryan shows that Guevara was an agent of Cuban foreign policy from the time he met Fidel Castro in 1955 until his death, not a mere independent revolutionary as many scholars have claimed. Guevara's attempted insurgency in Bolivia was in reality a Cuban attempt to achieve another badly needed revolutionary success. This dramatic account of the last days of Che Guevara will appeal to scholars and students of United States foreign policy and Latin American history and to all those interested in this revolutionary's remarkable life.

Guerrilla Warfare Che Guevara, 2002-01-01 Che Guevara, the larger than life hero of the 1959 revolutionary victory that overturned the Cuban dictatorship, believed that revolution would also topple the imperialist governments in Latin America. Che's call to action, his proclamation of invincibility, the ultimate victory of revolutionary forces continues to influence the course of Latin American history and international relations. His amazing life story has lifted him to almost legendary status. This edition of Che's classic work *Guerrilla Warfare* contains the text of his book as well as two later essays titled *Guerrilla Warfare: A Method* and *Message to the Tricontinental*. A detailed introduction by Brian Loveman and Thomas M. Davies Jr. examines Guevara's text, his life and political impact, the situation in Latin America and the United States response to Che and to events in Latin America. Loveman and Davies also provide in-depth case studies that apply Che's theories on revolution to political situations in seven Latin American countries from the 1960s to the present. Also included are political chronologies of each country discussed in the case studies and a postscript tying the analyses together. This book will help students gain a better understanding of Che's theoretical contribution to revolutionary literature and the inspiration that his life and *Guerrilla Warfare* have provided to revolutionaries since the 1960s. This volume is an invaluable addition to courses in Latin American studies and political science.

Icons of Dissent Jeremy Prestholdt, 2019 Author traces the development of shared global imagery and asks why the world has embraced these controversial figures.

Che Guevara Jon Lee Anderson, 2010-04-20 Acclaimed around the world and a national best seller, this is the definitive work on Che Guevara, the dashing rebel whose epic dream was to end poverty and injustice in Latin America and the developing world through armed revolution. Jon Lee Anderson's biography traces Che's extraordinary life.

from his comfortable Argentine upbringing to the battlefields of the Cuban revolution from the halls of power in Castro's government to his failed campaign in the Congo and assassination in the Bolivian jungle Anderson has had unprecedented access to the personal archives maintained by Guevara's widow and carefully guarded Cuban government documents He has conducted extensive interviews with Che's comrades some of whom speak here for the first time and with the CIA men and Bolivian officers who hunted him down Anderson broke the story of where Guevara's body was buried which led to the exhumation and state burial of the bones Many of the details of Che's life have long been cloaked in secrecy and intrigue Meticulously researched and full of exclusive information Che Guevara illuminates as never before this mythic figure who embodied the high water mark of revolutionary communism as a force in history

Deep Republicanism Donald C. Hodges, 2008-01-01 *Deep Republicanism* Prelude to Professionalism reveals a subversive republicanism in Machiavelli's political theories that is at odds with the demoliberalism often perceived as his primary political agenda It also establishes the importance of this republican agenda in understanding the major revolutions of the modern world *Military Review*, 1990

Professional Journal of the United States Army, 1990 Mexico Under Siege Donald Hodges, Ross Gandy, 2002-08 *Mexico Under Siege* is a readable and well informed political history covering the period from the ruling PRI's lurch to the right in 1940 through to its eventual expulsion from office in the elections of 2000 Based on two decades of interview material and new documentary sources this book is the first to consider the full panorama of popular resistance to the alliance between the Mexican state bureaucracy the president and the business class This resistance embraced emerging urban labour protest new peasant movements revolutionary strikes on the railways and in schools student opposition and the re emergence of guerrilla struggle culminating in the celebrated indigenous peoples resistance in Chiapas *Mexico Under Siege* analyses the core parties of the resistance including the surprisingly central role of the Mexican Communist Party and explains why resistance achieved no more than ending the PRI's system of presidential despotism Hodge and Gandy conclude with some provocative ideas about who now constitutes the common people's primary opponent and examine the prospects for genuine struggle in an electoral arena where neo liberal economic ideology and the Mexican economy's closer integration with the United States dominate the political scene

Intellectual Foundations of the Nicaraguan Revolution Donald C. Hodges,2014-02-04 In this critical study of the thought of Augusto Cesar Sandino and his followers Donald C Hodges has discovered a coherent ideological thread and political program which he succeeds in tracing to Mexican and Spanish sources Sandino s strong religious inclination in combination with his anarchosyndicalist political ideology established him as a religious seer and moral reformer as well as a political thinker and is the prototype of the curious blend of Marxism and Christianity of the late twentieth century

Nicaraguan government the Frente Sandinista de Liberaci n Nacional **Revolutions and Revolutionists** Robert Blackey,1982 **Great Warrior Leaders/thinkers** ,1989 Encyclopedia of Life Writing Margaretta Jolly,2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company **Revolutionary Visions** Stephanie M. Pridgeon,2021 Revolutionary Visions traces the emergence of a growing corpus of Latin American films that explore the legacy of Jewish encounters with revolutionary political movements in 1960s and 1970s Latin America Sandino's Communism Donald C. Hodges,2014-02-01 Drawing on previously unknown or unassimilated sources Donald C Hodges here presents an entirely new interpretation of the politics and philosophy of Augusto C Sandino the intellectual progenitor of

Nicaragua's Sandinista revolution The first part of the book investigates the political sources of Sandino's thought in the works of Babeuf Buonarroti Blanqui Proudhon Bakunin Most Malatesta Kropotkin Ricardo Flores Magón and Lenin a mixed legacy of pre Marxist and non Marxist authoritarian and libertarian communists The second half of the study scrutinizes the philosophy of nature and history that Sandino made his own Hodges delves deeply into this philosophy as the supreme and final expression of Sandino's communism and traces its sources in the Gnostic and millenarian occult undergrounds This results in a rich study of the ways in which Sandino's revolutionary communism and communist spirituality intersect a spiritual politics that Hodges presents as more realistic than the communism of Karl Marx While accepting the current wisdom that Sandino was a Nicaraguan liberal and social reformer Hodges also makes a persuasive case that Sandino was first and foremost a communist although neither of the Marxist nor anarchist variety He argues that Sandino's eclectic communist spirituality was more of an asset than a liability for understanding the human condition and that his spiritual politics promises to be more relevant than Marxism Leninism for the twenty first century Indeed Hodges believes that Sandino's holistic communism embraces both deep ecology and feminist spirituality a finding that is sure to generate lively and productive debate
