The Jew in the Modern World Paul R. Mendes-Flohr, Jehuda Reinharz, 1995 The last two centuries have witnessed a radical transformation of Jewish life Marked by such profound events as the Holocaust and the establishment of the state of Israel Judaism's long journey through the modern age has been a complex and tumultuous one leading many Jews to ask themselves not only where they have been and where they are going but what it means to be a Jew in today's world Tracing the Jewish experience in the modern period and illustrating the transformation of Jewish religion culture and identity from the 17th century to 1948 the updated edition of this critically acclaimed volume of primary materials remains the most complete sourcebook on modern Jewish history Now expanded to supplement the most vital documents of the first edition *The Jew in the Modern World* features hitherto unpublished and inaccessible sources concerning the Jewish experience in Eastern Europe women in Jewish history American Jewish life the Holocaust and Zionism and the nascent Jewish community in Palestine on the eve of the establishment of the State of Israel The documents are arranged chronologically in each of eleven chapters and are meticulously and extensively annotated and cross referenced in order to provide the student with ready access to a wide variety of issues key historical figures and events Complete with some twenty useful tables detailing Jewish demographic trends this is a unique resource for any course in Jewish history Zionism and Israel the Holocaust or European and American history

The Light and Fire of the Baal Shem Tov Yitzhak Buxbaum, 2006-09-05 This is a life in stories of Rabbi Israel Baal Shem Tov 1700-1760 the founder of Hasidism The Baal Shem Tov or the Besht as he is commonly called led a revival in Judaism that put love and joy at the center of religious life and championed the piety of the common folk against the rabbinic establishment He has been recognized as one of the greatest teachers in Jewish history and much of what is alive and vibrant in Judaism today in all denominations derives from his inspiration Abraham Joshua Heschel who was descended from several illustrious Hasidic dynasties wrote *The Baal Shem Tov brought heaven to earth* He and his disciples the Hasidim banished melancholy from the soul and uncovered the ineffable delight of being a Jew

Jewish Mysticism and the Legends of Baalshem Martin Buber, 1931 **In Praise of the Baal**

Shem Tov [Shivhei Ha-Besht] Dov Baer ben Samuel (of Linitz.),1970 **Tales of the Hasidim** Martin Buber,2013-07-17
Two volumes of the Jewish philosopher's classic work that collects and retells the marvelous legends of Hasidism. This new paperback edition brings together volumes one and two of Buber's classic work *Tales of the Hasidim* with a new foreword by Chaim Potok. Martin Buber devoted forty years of his life to collecting and retelling the legends of Hasidim. Nowhere in the last centuries wrote Buber in *Hasidim and Modern Man* has the soul force of Judaism so manifested itself as in *Hasidim*. Without an iota being altered in the law in the ritual in the traditional life norms the long accustomed arose in a fresh light and meaning. These tales terse vigorous often cryptic are the true texts of Hasidim. The hasidic masters of whom these tales are told are full bodied personalities yet their lives seem almost symbolic. Through them is expressed the intensity and holy joy whereby God becomes visible in everything.

The Evangelical Counter-Enlightenment William R. Everdell,2021-05-21
This contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what Salafist and Sufi Islam Evangelical Protestant and Jansenist Catholic Christianity and Hasidic Judaism have in common. Such figures include Muhammad Ibn Abd al Wahab Count Nikolaus Zinzendorf Jonathan Edwards John Wesley Jean Jacques Rousseau and Israel Baal Shem Tov. The book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three Abrahamic religions and the ideas of the Enlightenment and Counter Enlightenment. Centered on the 18th century the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements. This text appeals to students and researchers in many fields including Philosophy and Religion their histories and World History while also appealing to the interested lay reader.

Animal Theologians Andrew Linzey,Clair Linzey,2023
Many people who have thought about God have not thought about animals or about the relationship between the two. But among those who have are some of the most celebrated religious thinkers including Michel de Montaigne Thomas Tryon John Wesley John Ruskin Leo Tolstoy Mohandas K Gandhi Albert Schweitzer and Paul Tillich. This volume comprises 24 scholarly studies that detail challenges to the dominant anthropocentrism of most religious traditions. The editors have brought together Jewish Unitarian Christian transcendentalist Muslim Hindu Dissenting deist and Quaker voices each offering a unique theological perspective that counters the neglect of the nonhuman. *Animal Theologians* is divided into three parts starting with the pioneers who first saw a relationship between animals and divinity those who contributed to the expansion of social sensibility to animals and ending with the work of contemporary theologians. The essays in this volume use contextual and historical background to describe what led animal theologians to their beliefs and then pave way for further developments in this expanding field. This volume is an act of reclaiming different religious traditions for animals by recovering lost voices.

Reimagining the Bible Howard Schwartz,1998-01-15
Reimagining the Bible collects a dozen essays by Howard Schwartz. Together the essays present a coherent theory of the way in which each successive phase of Jewish literature has drawn upon and reimagined the previous ones. The book is organized into four sections. The Ancient Models

The Folk Tradition Mythic Echoes Modern Jewish Literature and the Ancient Models Within these divisions each of the essays focuses on a specific genre ranging from Torah and Aggadah to Kabbalah fairy tales and the modern Yiddish stories of S Y Agnon and Isaac Bashevis Singer Arguing the important thesis that there is a continuity in Jewish literature which extends from the Biblical era to our own times over a period of more than 3 000 years this collection also serves as a guide to the history of that literature and to the genres it comprises

Martin Buber and the Human Sciences Maurice Friedman, 2012-02-01 The specific focus of Martin Buber and the Human Sciences is dialogue as the foundation of and integrating factor in the human sciences using dialogue in the special sense which Buber has made famous mutuality presentness openness meeting the other in his or her uniqueness and not just as a content for one's own thought categories and knowing as deriving in the first instance from mutual contact rather than knowledge of a subject about an object By the human sciences the authors editors mean material that can be meaningfully approached in a dialogic way hence the humanities education psychology speech communication anthropology history sociology and economics The essays in Martin Buber and the Human Sciences demonstrate that thirty years after Buber's death his influence is still resonating in many countries and in many fields

Brothers and Strangers Steven E. Aschheim, 1982-10-15 Brothers and Strangers traces the history of German Jewish attitudes policies and stereotypical images toward Eastern European Jews demonstrating the ways in which the historic rupture between Eastern and Western Jewry developed as a function of modernism and its imperatives By the 1880s most German Jews had inherited and used such negative images to symbolize rejection of their own ghetto past and to emphasize the contrast between modern enlightened Jewry and its half Asian counterpart Moreover stereotypes of the ghetto and the Eastern Jew figured prominently in the growth and disposition of German anti-Semitism Not everyone shared these negative preconceptions however and over the years a competing post liberal image emerged of the Ostjude as cultural hero Brothers and Strangers examines the genesis development and consequences of these changing forces in their often complex cultural political and intellectual contexts

Souls on Fire Elie Wiesel, 2013-02-12 In *Souls on Fire* Portraits and Legends of Hasidic Masters Elie Wiesel re-enters like an impassioned pilgrim the universe of Hasidism *Souls on Fire* is not a simple chronological history of Hasidism nor is it a comprehensive book on its subject Rather Elie Wiesel has captured the essence of Hasidism through tales legends parables sayings and deeply personal reflections His book is a testimony not a study Hasidism is revealed from within and not analyzed from the outside Listen attentively Elie Wiesel's grandfather told him and above all remember that true tales are meant to be transmitted to keep them to oneself is to betray them Wiesel does not merely tell us but draws with the hand of a master the portraits of the leaders of the movement that created a revolution in the Jewish world *Souls on Fire* is a loving personal affirmation of Judaism written with words and with silence The author brings his profound knowledge of the Bible the Talmud Kabbala and the Hasidic tale and song to this masterpiece showing us that Elie Wiesel is perhaps our generation's most fervid soul on fire
