**The Oxford Handbook of Deification** Paul L. Gavriluk,Andrew P. Hofer,Matthew Levering,2024-07-19 Modern theological engagements on deification have undergone two major paradigm shifts First the study of deification shifted from the periphery of theological discourse to its center For Adolf von Harnack deification was a pagan import that fatally corrupted and distorted the Gospel message of salvation In response the positive retrieval of the concept of deification belongs to the early years of the twentieth century By the 1910s in Russian religious thought and by the 1930s in much Roman Catholic theology deification had become a magnet concept attracting attention from many different viewpoints The second important shift relates to how deification is characterized Recent studies question the exclusively Eastern character of deification and draw attention to the engagements of this theme in Latin patristic and later Western Christian sources Reassessing the evidence for these two major shifts The Oxford Handbook of Deification comprehensively explores the points of convergence and difference on the constitutive elements of deification in different traditions and offers a foundation for ecumenical and interreligious dialogues The Handbook s first part analyzes the cultural and scriptural roots of deification the second part explores the most significant historical contributions to the understanding of deification in the early medieval and modern periods the third part develops systematic connections Readers will discover a surprising breadth depth and diversity of theologies of deification in Christian traditions Throughout the Handbook leading scholars in the field of Deification Studies propose vital new insights from a variety of perspectives for this central mystery at the heart of the Christian faith      **The Stigmata in Medieval and Early Modern Europe** Carolyn Muessig,2020-02-06 Francis of Assisi s reported reception of the stigmata on Mount La Verna in 1224 is almost universally considered to be the first documented account of an individual miraculously and physically receiving the five wounds of Christ The early thirteenth century appearance of this miracle however is not as unexpected as it first seems Interpretations of Galatians 6 17 I bear the marks of the Lord Jesus Christ in my body had been circulating since the early Middle Ages in biblical commentaries These works perceived those with the stigmata as metaphorical representations of martyrs bearing the marks of persecution in order to spread the teaching of Christ in the face of resistance By the seventh century the meaning of Galatians 6 17 had been appropriated by bishops and priests as a sign or mark of Christ that they received invisibly at their ordination Priests and bishops came to be compared to soldiers of Christ who bore the brand stigmata of God on their bodies just like Roman soldiers who were branded with the name of their emperor By the early twelfth century crusaders were said to bear the actual marks of the passion in death and even sometimes as they entered into battle The Stigmata in Late Medieval and Early

Modern Europe traces the birth and evolution of religious stigmata and particularly of stigmatic theology as understood through the ensemble of theological discussions and devotional practices Carolyn Muessig assesses the role stigmatics played in medieval and early modern religious culture and the way their contemporaries reacted to them The period studied covers the dominant discourse of stigmatic theology that is from Peter Damian s eleventh century theological writings to 1630 when the papacy officially recognised the authenticity of Catherine of Siena s stigmata

**The Papacy and Communication in the Central Middle Ages** Iben Fonnesberg-Schmidt, William Kynan-Wilson, Gesine Oppitz-Trotman, Emil Lauge Christensen, 2021-05-13 This volume explores papal communication and its reception in the period c 1100 1300 it presents a range of interdisciplinary approaches and original insights into the construction of papal authority and local perceptions of papal power in the central Middle Ages Some of the chapters in this book focus on the visual ritual and spatial communication that visitors encountered when they met the peripatetic papal curia in Rome or elsewhere and how this informed their experience of papal self representation The essays analyse papal clothing as well as the iconography architecture and use of space in papal palaces and the titular churches of Rome Other chapters explore communication over long distances and analyse the role of gifts and texts such as letters sermons and historical writings in relation to papal communication Importantly this book emphasises the plurality of responses to papal communication by engaging with the reception of papal messages by different audiences both secular and ecclesiastical and in relation to several geographic regions including England France Ireland Italy and Switzerland The chapters in this book were originally published as a special issue of the Journal of Medieval History

**The Fascination with Unknown Time** Sibylle Baumbach, Lena Henningsen, Klaus Oschema, 2017-11-01 This volume explores unknown time as a cultural phenomenon approaching past futures unknown presents and future pasts through a broad range of different disciplines media and contexts As a phenomenon that is both elusive and fundamentally inaccessible time is a key object of fascination Throughout the ages different cultures have been deeply engaged in various attempts to fill or make time by developing strategies to familiarize unknown time and to materialize and control past present or future time Arguing for the perennial interest in time especially in the unknown and unattainable dimension of the future the contributions explore premodern ideas about eschatology and secular future historical configurations of the perception of time and acceleration in fin de siècle Germany and contemporary Lagos the formation of deep time and timelessness in paleontology and ethnographic museums and the representation of time past present and future alike in music film and science fiction

and exegesis      **The Pope Who Quit** Jon M. Sweeney, 2012-02-14 The riveting story of Pope St Celestine V the pope who retired from the papacy At the close of the tumultuous Middle Ages there lived a man who seemed destined from birth to save the world His name was Peter Morrone a hermit a founder of a religious order and depending on whom you talk to a reformer an instigator a prophet a coward a saint and possibly the victim of murder A stroke of fate would practically overnight transform this humble servant of God into the most powerful man in the Catholic Church Half a year later he would be the only pope in history to abdicate the chair of St Peter an act that nearly brought the papacy to its knees What led him to make that decision and what happened afterward would be shrouded in mystery for centuries The Pope Who Quit pulls back the veil of secrecy on this dramatic time in history and showcases a story that involves deadly dealings apocalyptic maneuverings and papal intrigue      **Popes and Antipopes: The Politics of Eleventh Century Church Reform** Mary Stroll, 2011-12-09 A revolution shook the Christian world in the second half of the eleventh century Many eminent historians point to Hildebrand later Gregory VII 1073 1085 as the prime mover of this movement that aspired to free the Church from secular entanglements and to return it to its state of paleochristian purity I see the reform from the perspective of much wider developments such as the split between the Greek and the Latin Churches and the Norman infiltration of Southern Italy Concentrating on the popes and the antipopes I delve into the character and motivations of the important personae and do not see the movement as a smooth line of progress I see the outcome as reversal of power of what had been a strong empire and a weak papacy      **Loving and Hating the World** James Lawson, 2021-12-29 What is it that makes discipleship authentic Discipleship involves learning how to be in the world but not of the world The first Christians were ambivalent about the world God so loved the world that he gave his only begotten son but friendship with the world is enmity with God So discipleship involves learning how to live with this ambivalence and an ancient tension between loving and hating the world This book offers a deeper understanding of what discipleship means by tracing the history of this ambivalence from the New Testament to the present It presents a revisionary account of this history as a continuing and nonnegotiable tension between loving and hating the world rather than a simple transition from medieval world denial to modern world affirmation It argues that this tension helped produce our own secular age and it considers modern Jewish and Christian philosophical and theological responses to this history that suggest ways that Christians can negotiate this tension to be more authentic disciples today      **Letters** Saint Peter Damian, 2005      **Repertorium edierter Texte des Mittelalters aus dem Bereich der Philosophie und angrenzender Gebiete** Rolf Schönberger, Andrés Quero Sánchez, Brigitte Berges, Lu Jiang, 2012-07-13 Das hier in neuer Auflage vorgelegte Repertorium soll dazu dienen zwei Grundproblemen der mediävistischen Forschung zu beheben Diese Epoche des Denkens war von gewaltiger Produktivität gekennzeichnet deren Verlieferung in vielfältiger Weise mit Schwierigkeiten behaftet ist Die Verlieferung ist nicht nur in hohem Maße eine handschriftliche sondern auch und erst insofern lückenhaft und von vielen Wissensverlusten etwa bezüglich der Autorschaft betroffen Da seit dem 19.  The present volume contains papers delivered at the International Conference on the Deuterocanonical Books held at the  
 Sapientia College of Theology Budapest Hungary 14 16 May 2009 The contributions explore various aspects of the Book of  
 Judith its textual versions historical background theological ideas and literary afterlife The conference on which this volume  
 is based was the most comprehensive scholarly meeting devoted recently to the Book of Judith The contributors reopened  
 several basic questions concerning the writing such as the identification of concrete historical personalities reflected in the  
 book or some aspects of the halakhic system of the author The scope of the contributions extends also to the late mediaeval  
 use of the book by European playwrights      **Letters 121-150** Peter Damian, Saint Peter Damian, 2004      *Selected Works of*  
*Cornelio Fabro, Volume 9* Cornelio Fabro, 2019-02-20 Perhaps the first thing to strike one in reading Cornelio Fabro s  
 account of the question of God is his passion for this topic evident throughout this admirable translation of a work first  
 published over sixty years ago Dio Introduzione al problema teologico 1953 to Fabro the question of God haunts every human  
 life and every age of human history even atheists witness to the God whose presence they cannot tolerate by the obstinacy  
 that consumes them and the insolence that makes them implacable persecutors 1 if Fabro s comment described the atheists  
 of 1953 it is all the more apt for the new Atheism of our time      **The Poetic Voices of John Gower** Matthew W. Irvin, 2014  
 Gower s use of the persona the figure of the writer implicated in the text is the main theme of this book While it traces the  
 development of Gower s voice through his major works it concentrates on the dialogue of Amans and Genius in the Confessio  
 Amantis It argues that Gower negotiates problems of politics and problems of love by means of an analogy between political  
 ethics and the rules of fin amour Amans and Genius are both drawn from and occupied with amatory and ethical traditions  
 and their discourse produces a series of attempts to find a coherent and rational union of lover and ruler The volume also  
 argues that Gower s goal is poetic as well as political through the personae Gower s readers experience the pains and  
 pleasures of erotic and social love Gower s personae voice potential responses to exemplary experience prompting readers to  
 feel and to judge and moving them to become better lovers and better rulers Gower s analogy between fin amour and politics

brings the affects of the lover to the action of government and suggests for both love and rule the moderation that brings peace and joy Matthew W Irvin is Assistant Professor in the Department of English and Chair of the Medieval Studies Program at Sewanee

**The Bonds of Love** Gordon Mursell, 2021-12-03 St Peter Damian 1007-1072 is an exceptional example of a paradox that is found in many saints and thinkers through the ages St Jerome St Bernard St Bridget of Sweden St Teresa of Avila and Thomas Merton come to mind of a lifelong tension between two competing vocations the call to solitude and holiness and the call to prophetic social and ecclesial engagement The author has explored this tension throughout his adult life both in his published work and in his own life as an Episcopalian Anglican priest and later bishop Damian's *The Book of The Lord be with you* is a profound exploration of the spirituality of solitude whereas his *Book of Gomorrah* is an intense attack on clerical sexual abuse which has helped to give Damian a new recent prominence in the light of the huge challenges facing the Church today *The Bonds of Love* shows that the paradox at the heart of Damian's life and everything he cared about was rooted in the remarkable theology of love which finds expression across the whole of his work and gives it both coherence and dynamism His life and spirituality are of far more than academic interest and will make a major contribution not only to those committed to ecclesial reform and renewal but to all who struggle to live with the kind of competing tensions that made St Peter Damian who he was
