Letters Of Sylvia Townsend Warner S Warner, 2013-07-31 Very early in her career Sylvia Townsend Warner won recognition of a discerning group of writers and readers on both sides of rare imagination and originality increased with each new publication In addition to publishing some twenty books she wrote thousands of letters mainly to close friends and acquaintances and these quite naturally provide a record of almost fifty years of the writer s life As the editor of the selection says she had a connoisseur s eye for the bogus and a hatred for assumptions of privilege her heart was with the hunted always and her deep understanding of human behaviour makes the whole a remarkably compassionate volume Her interests are wide ranging and we read of the pleasures of travel Proust s shortcomings as a literary critic current politics Rupert Brooke at the Caf Royal an eccentric moorhen the Spanish Civil War Above all apart from their intrinsic interest and literary quality Miss Warner s letters reveal the special brand of wit and humour that pervades every word she writes **I'll Stand**

At Home and Abroad in the Empire Robin Hackett, Freda Hauser, Gay Wachman, 2009 This book builds upon critical reevaluations of modernism and British literature of the 1930s with a simultaneous focus on discourses of race gender and empire The essays direct attention to the complications and ambivalence accumulating around the meanings of Englishness They reject analyses of texts as chronicles of personal psychological development in favor of analyses that assume texts are shaped by their authors' public intellectual involvement In addition they offer detailed specific explorations of ways in which British women in the 1930s narrativize empire and war Thus they will resonate with significance for readers in the early twenty first century for whom empire and war as well as terror and security are part of the discourse of everyday life Robin Hackett is an Associate Professor of English at the University of New Hampshire Freda S Hauser is an independent scholar Gay Wachman is retired from the State University of New York Old Westbury

A Weapon in the Struggle Andy Croft, 1998-09-20 Andy Croft's amalgam of essays on some of the dimensions of culture pursued and generated by British communists during five decades of this century from the twenties through to the sixties makes compulsive reading a lively and provocative collection Tribune For over seventy years the Communist Party of Great Britain had an extraordinary impact on British cultural life exercising an influence quite out of proportion to its size or political importance Many art forms were revitalised others profoundly changed new ones established or shaped by groups and individuals associated with the party who brought to the realm of cultural production whether in music film theatre or literature a dynamism and vision that helped to lay the foundations for a new radical culture a progressive avant garde in which the struggle was always to produce a culture for and of the people in the front line of the battle of ideas The distinguished contributors to this volume the first serious study of the subject draw on new research to recover the fascinating histories of the artists poets musicians film makers and cultural visionaries of the period placing them in a broader historical context and providing an invaluable introduction to British social and cultural history in the twentieth century

Mid-Century Romance John T. Connor, 2024-09-13 Mid Century Romance chronicles a revival of the historical novel in the middle decades of the twentieth century in the cultures of British modernism and international communism Born of a national turn in world politics these novels met the turbulence of mid century history with narratives of national becoming roadmaps to situate their readers in the pattern of social change Their writers were often mindful of the genre s romantic era heritage they saw themselves as following in the footsteps of Sir Walter Scott and they drew on the same rescued remains of primitive poetry and popular antiquities that romanticism first used to construct its versions of national identity culture and tradition This book shows how the impulse to salvage traces of ancestral culture and press them to new purpose links the mid century national historical novel to the rise of radical social history and magical realism Post war anticommunism shaped a tradition of the novel as a preserve of art and the individual Mid Century Romance counters with a different genealogy of the British and world novel whose object is society and the future of community the nation and its people It situates its cast of British writers including the modernists Hope Mirrlees and Virginia Woolf the communists Jack Lindsay and Sylvia Townsend Warner the eccentric modernist and sometime fellow traveller John Cowper Powys and the New Left luminary Raymond Williams in a transnational perspective that reaches from Bihar India to Bahia Brazil
