

## The Sources of and Limits on Criminal Law

### A. Introduction

---

#### 1. The Purpose of Criminal Law

What really is criminal law and what are its purposes? In the face of something lofty and separate from people's lives, criminal law is part of our society.

Legal commentator Henry M. Hart Jr. asked, "What are we talking about by 'crime' and 'criminal?'"<sup>4</sup> In answering his own question, Hart declared that criminal law, "like all law, is concerned with the pursuit of human purposes through the forms and modes of social organization."<sup>5</sup> Therefore, criminal law is not so much a thing as a "method or process of doing something."<sup>6</sup> Hart then explained:

The method operates by means of a series of directions, or commands, formulated in general terms, telling people what they must or must not do. Mostly, the commands of the criminal law are "must-nots," or prohibitions, which can be satisfied by inaction. "Do not murder, rape, or rob." But some of them are "musts," or affirmative requirements, which can be satisfied only by taking a specifically, or relatively specifically, described kind of action. "Support your wife and children," and "File your income tax return."<sup>7</sup>
