**Entrepreneurs in the Long Nineteenth Century** Jennifer Aston,Catherine Bishop,2020-07-29 This volume challenges those who see gender inequalities invariably defining and constraining the lives of women But it also broadens the conversation about the degree to which business is a gender blind institution owned and managed by entrepreneurs whose gender identities shape and reflect economic and cultural change Mary A Yeager Professor Emerita University of California Los Angeles This is the first book to consider nineteenth century businesswomen from a global perspective moving beyond European and trans Atlantic frameworks to include many other corners of the world The women in these pages who made money and business decisions for themselves rather than as employees ran a wide variety of enterprises from micro

businesses in the grey market to large factories with international reach They included publicans and farmers midwives and property developers milliners and plumbers pirates and shopkeepers Female Entrepreneurs in the Long Nineteenth Century A Global Perspective rejects the notion that nineteenth century women were restricted to the home Despite a variety of legal and structural restrictions they found ways to make important but largely unrecognised contributions to economies around the world many in business Their impact on the economy and the economy's impact on them challenge gender historians to think more about business and business historians to think more about gender and create a global history that is inclusive of multiple perspectives Chapter one of this book is available open access under a CC BY 4.0 license at [link.springer.com](https://link.springer.com)

**Women Entrepreneurs In The Middle East: Context, Ecosystems, And Future Perspectives For The Region** Dina Modestus Nziku, Leo-paul Dana, Helene Balslev Clausen, Aidin Salamzadeh, 2024-04-29 Straddling North Africa and Western Asia the Middle East has been a cradle of civilisation and entrepreneurship well before the arrival of Islam In this region gender roles were traditionally specified by culture with women often expected to stay within the family environment while men would trade in society at large This book contributes to the literature on a highly neglected field of study women entrepreneurs in the Middle East Recognising that entrepreneurship does not take place in a vacuum it focuses on contexts and the ecosystems of this region with largely patriarchal societies that are influenced by culture religion and colonial experience This book provides readers with a topical analysis of women entrepreneurs in the Middle East on the context ecosystems and future perspectives for the region Authors have presented the reality of 11 countries from the region based on women entrepreneurs historical backgrounds challenges and achievements as well as the contribution towards economic development in their local immediate communities and the Middle East at large Following the country analysis by the authors of each chapter the editors provide a general assessment of the future of women entrepreneurs in the region by focusing on the current entrepreneurship policy and strategies of various countries in the region This volume will be an essential reading for anyone researching or working on projects related to women's entrepreneurship and small businesses in the Middle East

**Modernization And Chinese Entrepreneurship** East Asian Institute, 1998-05-13 Does modernization in Asia mean westernization Can Asia achieve modernity without westernization How can Asia maintain its own cultural traditions in an age of globalization How can Asian cultures especially Chinese culture facilitate modernization The two articles in this publication address these questions by examining various links between culture modernity and development

**Female Immigrant Entrepreneurs** Daphne Halkias, Paul Thurman, Sylva Caracatsanis, Nicholas Harkiolakis, 2016-04-15 A third of the world's entrepreneurial activity is driven by women With the mass movement of people now commonplace the role of female entrepreneurs in immigrant communities has become an increasingly important component of the world economy its productivity and the struggle against poverty Throwing light on the dynamics of entrepreneurship generally and on immigrant and female entrepreneurship in particular the global Female Immigrant Entrepreneurship FIE project is a huge

and exciting research undertaking Written by the project's team of researchers based in prestigious business schools and universities on almost every continent this important book begins the process of discovering why and how female driven business start ups often seem to spontaneously emerge in adverse environments Is it randomness luck or chance that determine success or failure or vital critical forces and the inherent qualities of the women involved The research emerging from the FIE project points to answers to questions about the integration of immigrant communities their interaction with host economic and business environments and the role of women in that interaction With findings from more than fifteen countries from the USA with some of the world's oldest and largest immigrant communities to African countries that are the newest destination for Asian migrants this book will help inform social and economic policy in communities and countries searching for prosperity More than that the book offers policy makers business leaders and those concerned with business development the chance to uncover some of the mystery around the complex phenomenon of entrepreneurship itself **A**
