Aman, 2010-03-24 This is the extraordinary first person account of a

young woman's coming of age in Somalia and her struggles against the obligations and strictures of family and society. By the time she is nine, Aman has undergone a ritual circumcision ceremony; at eleven, her innocent romance with a white boy leads to a murder; at thirteen, she is given away in an arranged marriage to a stranger. Aman eventually runs away to Mogadishu, where her beauty and rebellious spirit leads her to the decadent demimonde of white colonialists. Hers is a world in which women are both chattel and freewheeling entrepreneurs, subject to the caprices of male relatives yet keenly aware of the loopholes that lead to freedom. Aman is an astonishing history opening a window onto traditional Somali life and the universal quest for female self-awareness. *The Roaring Twenties Scrapbook*, 1960 **Someone Other Than a Mother** Erin S.

Lane, 2022-04-26 Theologian Erin S. Lane overturns dominant narratives about motherhood and inspires women to write their own stories. Is it possible to do something more meaningful than mothering? As a young Catholic girl who grew up in the American Midwest on white bread and Jesus, Erin S. Lane was given two options for a life well lived: Mother or Mother Superior. She could marry a man and mother her own children, or she could marry God, so to speak, and mother the world's children. Both were good outcomes for someone else's life. Neither would fit the shape of hers. Interweaving Lane's story with those of other women, including singles and couples, stepparents and foster parents, the infertile and the ambivalent, *Someone Other Than a Mother* challenges the social scripts that put moms on an impossible pedestal and shame childless women and nontraditional families for not measuring up. You may have heard these lines before: Motherhood is the toughest job. This script diminishes the work of non-moms and pressures moms to make parenting their full-time gig. It'll be different with your own. This script underestimates the love of nonbiological kin and pushes unfair expectations onto nuclear families. Family is the greatest legacy. This script turns children into the ultimate sign of a woman's worth and discounts the quieter ways we leave our mark. With candor and verve, *Someone Other Than a Mother* tears up the shaming social scripts that are bad for moms and non-moms alike and rewrites the story of a life well lived, one in which purpose is bigger than body parts, identity is fuller than offspring, and legacy is so much more than DNA. **An Exposition of the Old Testament ...
