The Man Who Liked To Look At Himself:

Choice in Charles Dickens's Later Novels Keith Easley, 2023-06-19 We read the book and the book is reading us In his later novels Charles Dickens uses the interaction between characters and their audiences within the fiction to dramatise his growing understanding of the pivotal role of spectatorship and choice in a more democratic society Egotists of all stripes intent on bending the world to their singular will would appropriate the power of spectatorship by taking command of the detachment necessary for choice Dickens's pluralistic art of sameness and difference redefines that detachment and liberates choice both inside and outside the novels for the relationship between characters and their audiences within the narratives actually inscribes our own relationship with them in the performance of reading a reflective doubling of the fiction upon the reader across time with moral consequences for our spectatorship of our own lives *The Whole Works of the Most Rev. chronicles one migrant worker's experiences on a colonial plantation in West Africa. Martin Tebi cannot wait to board a truck to the south where he hopes to become a pioneer at a newly established oil palm plantation. Once he arrives, he realizes that becoming a Big man in a new environment would not be as easy as he had thought. Set in the South West Region of Cameroon near the Bakassi region, this captivating story, told in an authentic voice that fuses Pidgin and Standard English, would keep readers spellbound as they follow Martin through his many struggles to become the first African manager. The experiences of Martin Tebi would resonate with economically displaced people in any part of the world. **The Hell Totem** Denny Lennon, 2010-07-29

Underground Taylor Fleek, 2014-06-11 Technology is in a constant state of flux and religion is being called into question. Agent Jack Connors, a silent believer, and his atheist partner Kate Matthews find themselves undertaking a mission that will change the course of their lives forever. While pursuing an illegal arms dealer, they are forced to hire soldiers from an enigmatic military research and development company known as Network. But the soldiers there are more than they ever expected. The Network soldiers are devoid of personality, feeling, and choice, perfectly obedient. Once the soldiers have been assigned to kill, nothing can stop them. All this coincides with the rise of religious restrictions promoted by the people's servant Senator Randolph Blakard, a man who holds the loyalty and love of the people in the palm of his hand. But just like the Network soldiers, there is more to him than meets the eye. Jack finds himself struggling between his duty and his beliefs as secrets about Network and their soldiers culminate into a conspiracy over twenty years in the making. Will Jack's faith help him survive the black fires of persecution and show Kate the power of truth? Or will she end up like the rest, just another empty soul.
