Indestructible John R Bruning,2016-10-11 In this remarkable WWII story by New York Times bestselling author John R Bruning a renegade American pilot fights against all odds to rescue his family imprisoned by the Japanese and revolutionizes modern warfare along the way From the knife fights and smuggling runs of his youth to his fiery days as a pioneering naval aviator Paul Irving Pappy Gunn played by his own set of rules and always survived on his wits and fists But when he fell for a conservative Southern belle her love transformed him from a wild and reckless airman to a cunning entrepreneur whose homespun engineering brilliance helped launch one of the first airlines in Asia Pappy was drafted into MacArthur s air force when war came to the Philippines and while he carried out a top secret mission to Australia the Japanese seized his family Separated from his beloved wife Polly and their four children Pappy reverted to his lawless ways He carried out rescue missions with an almost suicidal desperation Even after he was shot down

twice and forced to withdraw to Australia he waged a one man war against his many enemies including the American high command and the Japanese and fought to return to the Philippines to find his family Without adequate planes supplies or tactics the U S Army Air Force suffered crushing defeats by the Japanese in the Pacific Over the course of his three year quest to find his family Pappy became the renegade who changed all that With a brace of pistols and small band of loyal followers he robbed supply dumps stole aircraft invented new weapons and modified bombers to hit harder fly farther and deliver more destruction than anything yet seen in the air When Pappy s modified planes were finally unleashed during the Battle of the Bismarck Sea the United States scored one of the most decisive victories of World War II Taking readers from the blistering skies of the Pacific to the jungles of New Guinea and the Philippines to one of the the war s most notorious prison camps Indestructible traces one man s bare knuckle journey to free the people he loved and the aerial revolution he sparked that continues to resonate across America s modern battlefields **Bedtime Rhymes** Lynne Walter,2022-07-26

Entertainment Norma Odom Pecora, 2002-03-06 For over 20 years the development of children's television programming has been subsidized by toy manufacturers. The result has been an increased commercialisation of children's popular culture: the creation of a material world of childhood characterized by brand name toys, games, clothing, and television characters. Drawing on historical background and case studies, this book presents a unique look at the development of children as targets of the media and commercial industries and examines the economic and social forces that have defined the evolution of children's entertainment. This volume is of interest to professionals and students in media studies, mass communication, and related fields. Readers interested in contemporary children's culture and the content of children's programming. Oddkins Dean Koontz, Christopher Zavis, 2012-09-04 The #1 New York Times bestselling author's visually stunning story about a magical band of living toys who learn to overcome their fears. Toymaker Isaac Bodkins created the Oddkins, a group of living toys for very special children who face difficulties in life and need true friends. There's Amos, the brave stuffed bear; Skippy, the rabbit who dreams of being a superstar; Butterscotch, the gentle floppy-eared pup; Burl, the elephant; the wise and scholarly Gibbons; and Patch, the cat. The Oddkins are given to children to inspire support and love them, especially during times of adversity. Only now the toys themselves are the ones who need help. Before he dies, Mr. Bodkins delivers a dire warning to Amos, the bear: Watch out for an evil toymaker and his dangerous creations. Locked up in the dark sub-basement, another group of toys is climbing out of boxes and crates and coming to life as well. These bad toys, like Rex and Lizzie, the puppets with no strings; Gear, the vicious robot; and Stinger, the horrid buzzing bumblebee with his knife-sharp stinger, were made to hurt children, not help them. Leering, laughing, and deadly, they are let loose into the world by a terrifying force. Frightening as it may be, the Oddkins must go on a journey to find Colleen Shannon, Mr. Bodkins's chosen successor as a life-giving toymaker and the only person who can save them. The stormy night is perilous, and the Oddkins face a danger that threatens not only their magic but the magic in us all. *AFI Catalog of Motion Pictures Produced in the United States* American Film Institute, 1971 Helen Kane and Betty Boop James D. Taylor Jr., 2017-11-10 **Queer Newark** Whitney Strub, 2024-02-16 Histories of gay and lesbian urban life typically focus on major metropolitan areas like San Francisco and New York, opportunity-filled destinations for LGBTQ migrants from across the country. Yet there are many other queer communities in economically depressed cities with majority Black and Hispanic populations that receive far less attention. Though just a few miles from New York, Newark is one of these cities, and its queer histories have been neglected until now. *Queer Newark* charts a history in which working-class people of color are the central actors and in which violence, poverty, and homophobia could never suppress joy, resistance, love, and desire. Drawing from rare archives that range from oral histories to vice squad reports, this collection's authors uncover the sites and people of Newark's queer past in bars, discos, ballrooms, and churches. Exploring the intersections of class, race, gender, and sexuality, they offer fresh perspectives on the HIV/AIDS epidemic, community relations with police, Latinx immigration, and gentrification while considering how to best tell the rich and

The Poignant Years Horace N. Robinson, 2016-05-27 Here is Americana at its best the WWII years America is doggedly hanging on awaiting the return of her heroes knowing there will be parades for some and processions for others The author an accomplished rhetoric instructor lived these poignant years and is in early sync with the reader through interesting insights into each poem He takes the reader on a heartfelt personal tour of small town America using real people coupled with poetic imagination The Poignant Years is historically accurate but more importantly it reveals what lies beneath major historical events This is where people live where they laugh and cry where they struggle and sympathize where they huddle together for warmth when fear is rife For small town America it was a slower time a time of deep relationships where the ritual of life was sharing It was a time of paucity dealing with harsh winters in clapboard houses but a time of morality when locks were not needed for security Hear the voices of the school children who fear Hitler's bomb laugh at the awkward expressions of the newly pubescent boy and empathize with the tender murmurings of the Gold Star Mother These are the voices of the admirable Americans who could only stand and wait

The Delineator R. S. O'Loughlin, H. F. Montgomery, Charles Dwyer, 1923 *Fall of a Sparrow* Mitchell Ryan, 2021-10-12 But they were dead and he still had a chance to live It was years since he had gone from one great part to the next but life had merely shifted Why couldn't he accept this He was an actor plain and simple an abstract and brief chronicle of the time He had always done his job By now he'd spent more time in Hollywood than in New York and had done more films than plays Susan was right he had been lucky blessed even to have had a chance to do the work he'd done True his life on the stage was gone melted into thin air and would never come back the way of things and something to be faced Whether he was in a play or film or soap opera or now a sitcom he would just do the best he knew how He was an actor and an actor acts As he looked out to the brilliant green sea and up to the sky he glowed with contentment that somehow he was able also to accommodate the melancholy that would always be part of him A seagull glided by on the wind right in front of him and he heard the voice of his first teacher Doug Ramey across the years The only thing that counts is the work As with life it's a process and nothing matters but the doing
