Nicholas Hill,2019-11-03 The untold story of the hitherto secret projects that lead to the development of inertial navigation in the UK and the many missiles that were designed for the RAF s bomber force The result was the Blue Steel missile which was deployed in 1963 These were cruise type missiles and in 1959 the RAF decided to participate in the American Skybolt air launched ballistic missile But Skybolt was cancelled by the American Secretary of Defense Robert McNamara which brought about a crisis in Anglo American relations only resolved when the UK obtained Polaris on acceptable terms The cancellation brought about another crisis Polaris would not be available until 1969 and so short term stop gaps were needed to tide over the British deterrent until then Many potential projects are examined in the book But what if the UK had not been able to obtain Polaris on acceptable terms The final chapters examine what options would have been open to Britain ground based missiles or air launched missiles What part could the TSR 2 have played in this The book is the result of much archival research and there are extensive quotes from contemporary documents to illustrate the thinking of the time *Hearings*

Secrecy is difficult to maintain particularly around loved ones For Navy SEAL Jeff Stone this lesson is one learned the hard way The Bosnian Serb war continues to rage tearing apart the countries and destroying lives as the SEALs engage in a covert mission to assist in ending this war Stone finds himself right in the heart of the conflict struggling to do what is right while concealing the truth from the woman he loves With a conscientious reporter hot on his trail and an order to assassinate a key figure in the war Stone battles with his conscience discovering that sometimes the truth hurts more than the lie On the U S side the President is determined to keep himself out of the conflict while the President of Russia will stop at nothing to reinstate his country as a dominant world power This is a novel about the human dimension of war where every side is given a voice and the solutions are not so easily recognized **Western Aviation, Missiles, and Space** ,1963 **Aviation**
