an era when floating art deco palaces like the Normandie and the Queen Mary and elegant speedy trains like Henry Dreyfuss redesigned Twentieth Century Limited transformed the way people perceived travel There are dazzling photographs many never before published of such art deco icons as Schultze and Weaver s soaring Waldorf Astoria Jospeh Urban s Zeigfeld Theater and Central Park Casino and the sky piercing spire of William Van Alen s Chrysler Building This book takes a wise witty and intimate look at a style that came to New York via Paris in the 1920s and almost overnight became a quintessential symbol of modernity The public s already strong interest in art deco will be enhanced by two major art deco exhibits to be mounted 2004 and 2005 Author is a leading authority on art deco A perfect book for lovers of New York and architecture

empty formal exercise but an urgent affirmation of traditional values under siege Concurrently archaism entered the mainstream of fashionable modernity as an ingredient in the popular and commercial style known as Art Deco Both developments fueled the condemnation of archaism and of Manship its most visible exemplar by the avant garde Rather s exploration of the critical debate over archaism finally illuminates the uncertain relationship to modernism on the part of many critics and highlights the problematic positions of sculpture in the modernist discourse
