Postinternationalism and Small Arms Control Damien Rogers, 2016-04-08 Even though impacts generated by the widespread availability and ongoing use of small arms and light weapons have not reached a magnitude sufficient to radically reorder contemporary world affairs awareness of the nature and extent of these impacts has compelled some international actors to take decisive action Damien Rogers examines how the international community has responded to the challenge of controlling small arms and light weapons since the early 1990s Using a postinternationalist analytic framework he specifically focuses on the maturing relationships between particular actors of world affairs and the nascent interconnectivity between their strategies for and approaches toward controlling these weapons Furthermore the book identifies ways in which the captains of small arms industry arms brokers and chief users of these weapons are able to mitigate resist or elude the intended effects of those responses

Governing Guns, Preventing Plunder Asif Efrat, 2012-07-19 From human trafficking to smuggling small arms to looting antiquities illicit trade poses significant threats to international order So why is it difficult to establish international cooperation against illicit trade Governing Guns

Preventing Plunder offers a novel thought provoking answer to this crucial question Conventional wisdom holds that it is criminal groups that obstruct efforts to suppress illicit trade In contrast Asif Efrat explains how legitimate actors such as museums that acquire looted antiquities seek to hinder these regulatory efforts Yet such attempts to evade regulation fuel international political conflicts between governments that demand action against illicit trade and others that are reluctant to cooperate The book offers a framework for understanding the domestic origins of these conflicts and how the distribution of power shapes their outcome Through this framework Efrat explains why the interests of governments vary across countries trades and time In a fascinating empirical analysis he solves a variety of puzzles Why is the international regulation of small arms much weaker than international drug control What led the United States and Britain to oppose the efforts against plunder of antiquities and why did they ultimately join these efforts How did American pressure motivate Israel to tackle sex trafficking Efrat s findings will change the way we think about illicit trade offering valuable insights for scholars activists and policymakers

Small Arms Survey 2012 Graduate Institute of International and Development Studies (Geneva, Switzerland), Small Arms Survey, Geneva, 2012-08-30 The Small Arms Survey 2012 seeks to increase our scrutiny of what is changing and not changing in relation to armed violence and small arms proliferation Chapters on firearm homicide in Latin America and the Caribbean drug violence in selected Latin American countries and non lethal violence worldwide illustrate that security is a moving target armed violence both lethal and non lethal continues to undermine the security and wellbeing of people and societies around the world The goal of curbing small arms proliferation embodied in the UN Programme of Action appears similarly elusive Chapters on illicit small arms in war zones trade transparency Somali piracy and the 2011 UN Meeting of Governmental Experts highlight some of the successes but also the continuing challenges in this area Country studies on Kazakhstan and Somaliland along with the final instalment of the authorized transfers project round out the 2012 edition

Islamist Militancy in Bangladesh Ali Riaz, 2012-08-21 In an unprecedented show of force organization and skill two proscribed Islamist militant organizations exploded more than 450 bombs within a span of less than an hour throughout Bangladesh on 17 August 2005 sending a strong message that they were a force to be reckoned with This catastrophic event followed by a number of suicide attacks forced the then reluctant Bangladeshi government a coalition of center right parties with two Islamists among them to acknowledge the existence of a network of militants and take action against this threat Against this backdrop this book is the first academic study on the growing Islamist militancy in Bangladesh It examines the relevance significance and trajectories of militant Islamist groups in Bangladesh exploring the complex web of domestic regional and international events and dynamics that have both engendered and strengthened Islamist militancy in Bangladesh The three factors domestic regional and international aspects are each discussed separately and their connection and links are analyzed It goes on to consider possible future trajectories of militant Islamism in Bangladesh This book addresses an issue of great importance for contemporary Bangladeshi politics and will be of interest to scholars of

international politics and security studies including terrorism and the politics of South Asia Gun Control Policies in Latin America Diego Sanjurjo, 2019-05-23 This book analyses the crucial role that guns play in the dynamics of extreme violence engulfing Latin America and the policies that are being implemented to confront it Gun control is surprisingly not a prominent issue in most countries of the region but this situation is rapidly changing as proliferation and violence dramatically increase The book adopts an extended version of John Kingdon's influential Multiple Streams Framework to explore how gun control enters political agendas and why some countries act to end gun violence and others do not In this effort the Brazilian Disarmament Statute and the Uruguayan Responsible Firearm Ownership Law serve as in depth case studies that exhibit the region's heterogeneity and put Kingdon's policy theory to the test Gun Control Policies in Latin America is an essential reading for anyone interested in Latin American security and public policies **State of the World**

2005 Michael Renner, Linda Starke, Worldwatch Institute, 2005 Tackles the pressing issue of international security and its ramifications on the health of our planet Conflict and Fragility Armed Violence Reduction Enabling Development OECD, 2009-03-02 Each year 740 000 people die as a result of armed violence This publication will help the international community to understand the dynamics of armed violence and outlines what can be done to reduce it *Transnational Crimes in the Americas* Marshall B. Lloyd, 2018-10-30 Transnational Crimes in the Americas addresses contemporary issues with respect to public institutions that are stakeholders in the fight against globalization of crime Regional public organizations with a primary focus on the Americas constitute a framework for understanding the need for an institutional response within the Western Hemisphere While other authors have addressed the growth of organized crime no one has explained institutional developments in the struggle against transnational crimes Transnational Crimes in the Americas highlights existing organizations emphasizing a regional response to transnational crimes suggestions for a permanent criminal court in the Americas and an appraisal of the current state of institutional developments in the region

International Law and International Relations Thomas J. Biersteker, Peter J. Spiro, Chandra Lekha Sriram, Veronica I. Raffo, 2006-10-19 This unique volume examines the opportunities for and initiates work in interdisciplinary research between the fields of international law and international relations disciplines that have engaged little with one another since the Second World War Written by leading experts in the fields of international law and international relations it argues that such interdisciplinary research is central to the creation of a knowledge base among IR scholars and lawyers for the effective analysis and governance of macro and micro phenomena International law is at the heart of international relations but due to challenges of codification and enforceability its apparent impact has been predominantly limited to commercial and civil arrangements International lawyers have been saying for years that law matters in international affairs and now current events are proving them right International Law and International Relations makes a powerful contribution to the theory and practice of global security by initiating a research agenda building an empirical base and offering a multidisciplinary

approach that provides concrete answers to real world problems of governance This book will be of great interest to all students of international law international relations and governance *Victims as Security Threats* Edward O. Mogire, 2011
Refugees as a security threat Refugee militarisation Refugees and inter state conflict Refugees and violent conflict in host states Refugees and crime Refugees and the problem of illicit small arms and light weapons SALW Refugees and the terrorist threat Security and refugee policies in East Africa

The Top Books of the Year Small Arms Survey 2002 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Small Arms Survey 2002 : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
