The Entrepreneur's Information Sourcebook

Susan C. Awe, 2012-01-16 For 21st century entrepreneurs this book provides the practical guidance they need to overcome the often intimidating challenges of starting organizing and running a new business effectively and efficiently The economic downturn has many individuals considering going into business for themselves rather than relying on an employer for their income Unfortunately according to data from the Small Business Administration the odds of long term success are against them 69 percent of businesses do not last past seven years and 56 percent fail in less than four This book provides entrepreneurs with a comprehensive guide to the resources they need or will likely want to consult when starting a small business and in order to stay profitable over the long run The Entrepreneur's Information Sourcebook Charting the Path to Small Business Success Second Edition provides the expert guidance and up to date print and web resources an entrepreneur may need to make his business thrive and grow from inception and information gathering to raising capital to marketing methods and human resource concerns Nearly half of the resources in this newly updated book are new and the essays have also been updated to reflect current business practices This book is an essential tool that provides quick and easy access to the information every small business owner needs

Small Business Ronald A. Knowles, 2003

Beyond the Business Plan S. Bridge, C. Hegarty, 2013-10-11 This insightful practical guide argues that the traditional business plan may not be appropriate for many new ventures and presents an alternative effectual approach that encourages flexibility and development through exploration and experience 10 principles demonstrate how to respond better to uncertainty during the business development process

Trump University Entrepreneurship 101 Mike Gordon, 2007 **The Search for Entrepreneurship** Simon

Bridge, 2016-12-08 Since the 1980s governments have often sought to encourage entrepreneurship on the assumption that it creates small businesses which are the primary drivers of job creation Largely because of this assumption entrepreneurship has become a valid subject for academic research attracting extensive funding Yet despite this explosion of scholarship there is no accepted model of how entrepreneurship operates or even a commonly accepted definition of what it is Simon Bridge posits that this is because entrepreneurship has been studied as if it were a deterministic science based on the false assumption that it exists as a specific discrete identifiable phenomenon operating in accordance with consistent predictable rules This challenging book contends that this misdirected search has produced more questions than answers Accepting that entrepreneurship as we have conceived it does not exist could lead to new and valuable insights into what the different forms of entrepreneurship are and how they might be influenced Scholars advanced students and policy makers will find this a thought provoking insight into the myths and misconceptions of entrepreneurship **Recreation, Event, and Tourism**

Businesses Robert E. Pfister, Patrick T. Tierney, 2009 Recreation Event and Tourism Businesses Start Up and Sustainable Operations reveals the keys to business success in the commercial recreation event and tourism sector Until now students professors and professionals interested in this growing industry have been limited to general business or basic recreation texts In this book the authors have combined their expertise as both business owners and professors to offer a comprehensive and industry specific course textbook and step by step guide for business start up Recreation Event and Tourism Businesses presents new professionals and potential business owners with clear easy to read directions for developing and writing a business plan The book s business profiles and case studies serve as examples to follow when working on the plan and help readers gain insight into how businesses are planned started and funded It also lays out important strategies for starting a business and shares best practices based on successful recreation businesses BOOK
