**Lies, Lies, and More Lies!** Norman De Jong, 2009-02 LIES LIES and MORE LIES is an effort to address ultimate questions of truth and falsehood in a biblical comprehensive antithetical and yet very practical way Truth is more than words Truth is embodied in Jesus Christ who is the origin and ultimate standard of it Falsehood is distortion of God's truth and can be found everywhere We must confront it We must equip our children to identify and to resist it Norman De Jong has been an educator since 1958 and a pastor since 1993 He received a Ph D in Educational Philosophy from the University of Iowa in 1972 His dissertation

focused on the relationship between democracy and the Kingdom of God Dr De Jong has served churches and schools in Australia Cyprus Kenya Newfoundland South Africa and the United States The antithetical relationship between truth and falsehood has been of concern to him since becoming a teacher Dedicated to a study of God s most Holy Word he has been testing ideas to see if they come from God or have been distorted by the devil Dr De Jong has been married for 50 years and has been blessed with three children and thirteen grandchildren It is his desire that they learn the truth and reject falsehood Norman De Jong tells it like it is But in this book he does something far more important and helpful than merely sorting out the truth tellers from the liars He gives the reader tools for making those distinctions on his own He shows the reader how to develop both an objective and an intuitive sense for knowing whether the truth is being told in any given situation That is a profound and critical gift in this relativistic age JOEL BELZ Founder World Magazine

**Contemporary Indian Criminology** James Vadackumchery, 2015-01-01 The root cause of any crime is a drive instinct plus intelligence and rationality or a combination of drives in man This activating force is further strengthened by many factors found operating outside a crime doer Hence a search for identifying the etiological factors of crime besides and beyond the drives is a futile exercise The author explains this by his PUSH PULL EGO FACTOR Theory of crime causation The book exposes the ineffectiveness of the cause effect relationship in criminology when he applies his theory to many issues in crime and justice areas and the author makes an attempt to analyze them in the light of his new approach Push Factors are the Drives Pull Factors are the Environment and they interact to form an EGO which will contain the Do's and Don'ts in human behaviour The formation of the EGO in an upright way in the right direction is the only way to reduce crimes in society Though prevention of crime is an impossibility the author says emphatically that reduction of crimes is quite possible if the EGO is developed uprightly in the right direction Such an EGO will experience guilt feelings whenever it violates a norm law rule or regulation Anyone interested to reduce crime in society will find the book extremely useful
