The Healing Heart—Families Allison M. Cox, David H. Albert, 2009-03-01. Stories and narratives aimed at helping families work through an array of subjects like health, illness, grief, adoption, sexual identity and school. *The Healing Heart* provides powerful examples of the use of stories and storytelling in encouraging resiliency, empathy, respect and healing. These engaging books contain stories and narratives about the use of the stories in activities with different populations: children, teens, those with disabilities, seniors, inmates, etc. or which address specific social or community problems: addictions, poverty, violence, racism, environmental degradation, homelessness, abuse. The books are a collective effort containing the expertise of more than 60 storytellers and health professionals who illustrate the power of story in moving others to commitment and action in building self-esteem and mutual respect. *The Healing Heart: Families* focuses on families dealing specifically with healing through story, health promotion, disease prevention, early childhood intervention, children with medical problems, adopting families, schools, sexual identities, grief and spiritual healing. *The Healing Heart: Communities* focuses on community building with sections on youth violence prevention, poverty, domestic violence, substance abuse and addiction, racism, elders, culture, environmental protection, homelessness and community development. Praise for *The Healing Heart: Families*. Both children and adults, sick or well, need the embrace of soulful storytelling. They need to witness and be witnessed for it is in this state that healing occurs. If newscasters were to read aloud each night to their listeners for 1,001 nights, one of the stories from this treasury, we would all be healed and lose our fear, recapturing real security in our homeland. N. Michael Murphy, MD, author of *The Wisdom of Dying*. An extraordinary work. Hit the bulls-eye by providing both process and practice. Thought-provoking and insightful theory is intertwined with appropriate stories for direct application. It makes clear that story can be a powerful catalyst for change, giving eloquent voice to what many of us have known for some time but have been unable to express. What a gift for those who work with families. Elizabeth Ellis, co-author of *Inviting the Wolf In: Thinking about Difficult Stories*.
