Temple Of My Familiar Arc:

Tenryu-ji Norris Brock Johnson, 2012-07-10 Tenryu ji One of Kyoto's most revered Zen temples and a monument to Japanese history viewed through its monks' gardens, prayers, and art. This illustrated study of Tenryuji ranked number one among the five great Zen temples of Kyoto and a major destination for tourism and worship weaves together history, design, culture, and personal reflection to reveal the inner workings of a great spiritual institution. Looking at Tenryuji's present as a mirror to its past and detailing the famous pond and rockwork composition by renowned designer Muso Soseki, Norris Brock Johnson presents the first full-length biography of a Zen temple garden. AB Bookman's Weekly, 1998 Poetic License

Gretchen Cherington, 2025-07-30 At age forty with two growing children and a new consulting company, she'd recently founded Gretchen Cherington, daughter of Pulitzer Prize-winning poet Richard Eberhart, faced a dilemma: Should she protect her parents' well-crafted family myths while continuing to silence her own voice? Or was it time to challenge those myths and speak her truth, even the unbearable truth that her generous and kind father had sexually violated her? In this powerful memoir, aided by her father's extensive archives at Dartmouth College and interviews with some of her father's best friends, Cherington candidly and courageously retraces her past to make sense of her father and herself. From the women's movement of the 60s and the back-to-the-land movement of the 70s to Cherington's consulting work through three decades with powerful executives to her eventual decision to speak publicly in the formative months of MeToo, Poetic License is one woman's story of speaking truth in a world where too often men still call the shots. **The History of Southern Women's Literature**

Carolyn Perry, Mary Weeks-Baxter, 2002-03-01 Many of America's foremost and most beloved authors are also southern and female: Mary Chesnut, Kate Chopin, Ellen Glasgow, Zora Neale Hurston, Eudora Welty, Harper Lee, Maya Angelou, Anne Tyler, Alice Walker, and Lee Smith, to name several. Designating a writer as southern if her work reflects the region's grip on her life, Carolyn Perry and Mary Louise Weeks have produced an invaluable guide to the richly diverse and enduring tradition of southern women's literature. Their comprehensive history, the first of its kind in a relatively young field, extends from the pioneer woman to the career woman, embracing black and white, poor and privileged, urban and Appalachian perspectives and experiences. The History of Southern Women's Literature allows readers both to explore individual authors and to follow the developing arc of various genres across time: Conduct books and slave narratives, Civil War diaries and letters, the antebellum, postbellum, and modern novel, autobiography and memoirs, poetry, magazine and newspaper writing; these and more receive close attention. Over seventy contributors are represented here, and their essays discuss a wealth of women's issues: from four centuries, race, urbanization, and feminism, the myth of southern womanhood, preset images and assigned social roles, from the belle to the mammy, and real life behind the facade of meeting others' expectations, poverty and the labor movement, responses to *Uncle Tom's Cabin* and the influence of *Gone with the Wind*. The history of southern women's literature tells ultimately the story of the search for freedom within an insidious tradition, to quote Ellen Glasgow: "This
