Temple of the Black Hive WL Carr,2004-01-01 It starts with a hit of salvia And it ends with the apocalypse And then it starts all over again It s like a dream You remember it vividly when you first wake up But the longer you re awake the less you remember until it s completely gone It s what happened to the girl who was already dead And it s what happened to Manda We can t let it happen to me I never believed in the apocalypse I d always thought it was a myth I guess technically it is still a myth but with an ironic sense of humor reality seems to keep crossing its path I don t know what I believe anymore I ve seen parallel universes I ve seen people possessed by aliens from other dimensions I ve seen normal people turn into flesh eating monsters And then of course there were the brain bugs [The Last Hero](#) Linden A. Lewis,2022-11-08 The flame of rebellion burns across the solar system in this dazzling conclusion to Linden A Lewis s stunning First Sister trilogy perfect for fans of Red Rising The Handmaid s Tale and The Expanse Astrid is finally free of the Sisterhood yet her name carries on She s called the Unchained by those she s inspired and the Heretic by those who want her voiceless once more Now Astrid uses knowledge of the Sisterhood s inner workings against them aiding the moonborn in raids against abbeys and Cathedrals all the while exploring the mysteries of her forgotten past However the Sisterhood thrives under the newly appointed Mother Lilian I who s engaged in high stakes politics among the Warlords and the Aunts to rebuild the Sisterhood in her own image But the evil of the Sisterhood can t be purged with anything less than fire Meanwhile Hiro val Akira is a rebel without an army a Dagger without a Rapier As protests rock the streets of Cytherea Hiro moves in the shadows driven by grief and vengeance as they hunt the man responsible for all their pain their father Transformed by the Genekey virus Luce navigates the growing schism within the Asters on Ceres Hurting in her new body she works to bridge two worlds seemingly intent on mutual destruction All while mourning her fallen brother though Lito sol Lucius s memory may yet live on Yet Souji val Akira stands in judgment on them all plotting the future for all of humanity and running out of time before war erupts between the Icarii and Geans But can even the greatest human intellect outwit the Synthetics This sprawling queer space opera NPR trilogy comes to a sensational climax in this final installment and is a must read for science fiction fans everywhere

At the Dark End of the Street Danielle L. McGuire,2010-09-07 Here is the courageous groundbreaking story of Rosa Parks and Recy Taylor a story that reinterprets the history of America s civil rights movement in terms of the sexual violence committed against Black women by white men An important step to finally facing the terrible legacies of race and gender in this country The Washington Post Rosa Parks was often described as a sweet and reticent elderly woman whose tired feet caused her to defy segregation on Montgomery s city buses and whose supposedly solitary spontaneous act sparked the 1955 bus boycott that gave birth to the civil rights movement The truth of who Rosa Parks was and what really lay beneath the 1955 boycott is far different from anything previously written In this groundbreaking and important book Danielle McGuire writes about the rape in 1944 of a twenty four year old mother and sharecropper Recy Taylor who strolled toward home after an evening of singing and praying at the Rock Hill Holiness Church in Abbeville Alabama Seven white men armed with knives and shotguns ordered the young woman into their green Chevrolet raped her and left her for dead The president of the local NAACP branch office sent his best investigator and organizer Rosa Parks to Abbeville In taking on this case Parks launched a movement that exposed a ritualized history of sexual assault against Black women and added fire to the growing call for change
