**Love Notes and Letters** Madame de Villedieu, 2005 This volume offers the first translation into English of two seminal works by the seventeenth century French woman author Marie Catherine Desjardins better known as Madame de Villedieu The first of these works *Lettres et billets galants* Love Notes and Letters was published in 1668 and contains her most intimate letters to her lover Antoine de Villedieu The second work *Le Portefeuille* The Letter Case which appeared in 1674 is an epistolary novel composed of a series of ten letters from the Marquis de Naumanoir to a nobleman in the provinces These letters recount in a delightfully playful manner the amorous misadventures and intrigues of a half dozen Parisian socialites This work's close ties in terms of content and form to the publication of Villedieu's *Lettres et billets galants* six years earlier make it a perfect complement The author's introduction offers not only a critical interpretation of these works but stresses the importance of the publication of Desjardins authentic correspondence as a turning point in her career and key to her later works

**The Ecclesiastical of Aristophanes** Aristophanes,1902 Athens

*Transformed*, 404-262 BC Phillip Harding,2015-04-24 During the heady democratic days of the fifth and fourth centuries the poorer members of Athenian society the lower two classes of *zeugitai* and *thetes* enjoyed an unprecedented dominance in both domestic and foreign politics At home the participatory nature of the constitution required their presence not only in the lawcourts and assembly but also in most of the minor magistracies abroad they were the driving force of the navy which ensured Athens control of the Aegean and the Black seas Their participation at all levels was made possible by state pay for jury duty attendance in the assembly public office and military service In the fifth century state pay was financed largely through the tribute paid by members of the empire supplemented by the liturgical contributions of the rich and beginning during the war a property tax the *eisphora* In the fourth century almost the whole burden was shouldered by taxation upon the wealthy especially those who owned property In this book author Phillip Harding traces the major changes that occurred in the administration of the state that eventually deprived the lower classes of their supremacy and transferred power into the hands of the wealthy land owners Things changed radically after Athens defeat in the Lamian or Hellenic War in 322BC Over the next several decades restriction of the franchise elimination of pay for some public offices the loss of the navy the increased dependence upon local grain from the larger estates in Attika the removal of the tax burden from the rich by the ending of such major liturgies as the *trierarchia* and the *choregia* and the abandoning of the *eisphora* all contributed to this transformation

Hughes,Robert Jewett,2021-10-19 In The Corinthian

Correspondence Frank W Hughes and Robert Jewett argue that there were eight original letters by the Apostle Paul to the church in Corinth In the first part of the book they use literary and redaction criticism to show the reasons for the partition theory of 1 and 2 Corinthians Analyzing each of the eight letters and letter fragments using rhetorical criticism they show how the original Corinthian letters were edited and reshaped into 1 and 2 Corinthians in the New Testament After reflections on the rhetoric of these letters and the historical meaning of the reshaping of the images of Paul a final chapter traces the consequences of the reshaping of the Corinthian correspondence and the adoption of the bound book codex instead of the original papyrus scrolls Several figures help the reader understand the redactional process and a new translation of the eight reconstructed Corinthian letters is provided
