Ten Unpublished Poems:

Ten Unpublished Poems Hart Crane, 1972-01-01 **Index of American Periodical Verse, 1972** Sander W. Zulauf, Irwin H. Weiser, James D. Anderson, Rafael Català, 1974 The Index of American Periodical Verse is an important work for contemporary poetry research and is an objective measure of poetry that includes poets from the United States Canada and the Caribbean as well as other lands cultures and times It reveals trends in the output of particular poets and the cultural influences they represent The publications indexed cover a broad cross section of poetry literary scholarly popular general and little magazines journals and reviews *The Decennial Publications* University of Chicago, 1903 The President's Report, July, 1892-July, 1902 University of Chicago, 1904 The Decennial Publications of the University of Chicago University of Chicago, 1904 *Gospels before the Book* Matthew Larsen, 2018-07-02 What does it look like to read the texts we now call the gospels like first and second century readers There is no evidence of anyone regarding the gospel as a book published by an author until the end of the second century So put differently what does it mean to read the gospels before the book For centuries the ways people discuss the gospels have been shaped by later ideas that have more to do with the printing press and modern notions of the author than ancient writing and reading practices In *Gospels before the Book* Matthew D C Larsen challenges several subtle yet problematic assumptions about authors books and publication at work in early Christian studies He then explores a host of under appreciated elements of ancient textual culture such as unfinished texts accidental publication post publication revision and the existence of multiple authorized versions of the same work Turning to the gospels he argues that the earliest readers and users of the text we now call the Gospel according to Mark treated it not as a book published by an author but as an unfinished open and fluid collection of notes hypomnēmata In such a scenario the Gospel according to Matthew would not be regarded as a separate book published by a different author but as a continuation of the same unfinished gospel tradition Similarly it is not the case that of the five different endings in the textual tradition we now call the Gospel according to Mark one is right and the others are wrong Rather each represents its own effort to fill a perceived deficiency in the gospel Larsen offers a new methodological framework for future scholarship on early Christian gospels **The Works of Elizabeth Barrett Browning Vol 2** Sandra Donaldson, Rita Patteson, Marjorie Stone, Beverly Taylor, Simon Avery, Cynthia Burgess, Clara Drummond, Barbara Neri, 2024-12-15 A canonical Victorian writer and thinker Barrett Browning personified the engaged intellectual This edition provides a foundation for a complete analysis and interpretation of her works and of Victorian Britain The edition presents accurate and accessible texts of all her published literary works *The New and Collected Poems of Jane Gentry* Jane Gentry, 2017-09-29 This definitive anthology assembles a wide ranging retrospective of Gentry's most celebrated poems alongside new previously unpublished works Jane Gentry 1941-2014 possessed an uncanny ability to spin quietly expansive and wise verses from small details objects and remembered moments The hallmarks of her work are insight into nature faith the quotidian and perhaps most prominently

the grounding of her home and family in the state of Kentucky This innovative poet and critic was for many years one of the animating spirits of literary life in the region Gentry and her daughters collaborated with editor Julia Johnson to organize this definitive collection Johnson uses Gentry's own methodology to arrange the poems in sequences comparable to those found in her previous collections This organization showcases the range of the poet's work and the flexibility of her style which is sometimes ironic and humorous sometimes poignant but always clear intelligent and revelatory This volume includes two full length collections of poetry in their entirety A Garden in Kentucky and Portrait of the Artist as a White Pig The final section features Gentry's unpublished work bringing together her early poems verses written for loved ones and a large group of more recent work that may have been intended for future collections Alternately startling and heart wrenching The New and Collected Poems of Jane Gentry offers a valuable retrospective of the celebrated poet's work
