D'Arc, 2025-01-07 For more than 100 years the magnificent scenery and locales of Utah have played host to hundreds of Hollywood films and TV episodes including memorable films such as *The Searchers* 2001 *A Space Odyssey* *Planet of the Apes* *Easy Rider* *Butch Cassidy and the Sundance Kid* *Indiana Jones and the Last Crusade* *Thelma Louise* and *Forrest Gump* This book gives readers the inside scoop on how these films were made what happened on and off set and more Author and film historian James V D Arc provides a

wealth of trivial factoids for movie buffs including anecdotes about the interactions of Utah locals with actors and crew. New and updated text and photos have been added to the previous edition. When Hollywood Came to Town to bring this edition up to date with movies and TV shows filmed in Utah since 2010. *Statewide Audiovisual Service ... Catalog* Florida. Statewide Audiovisual Service, 1997. *When Hollywood Came to Town* James V. D'Arc, 2010-09-01. For nearly a hundred years the state of Utah has played host to scores of Hollywood films from potboilers on lean budgets to some of the most memorable films ever made including *The Searchers*, *Butch Cassidy and the Sundance Kid*, *Footloose* and *Thelma & Louise*. This book gives readers the inside scoop telling how these films were made, what happened on and off set, and more. As one Utah rancher memorably said to Hollywood moviemakers, "don't take anything but pictures and don't leave anything but money." *The Ten Most Influential Churches of the Past Century* Elmer Towns, 2015-01-20. Your Church Can Influence the World. History has shown that great leaders have the ability to reach beyond the walls of their churches to influence cultures. For Christ, we've seen it in the Pentecostal Charismatic movement, in the explosive growth of house churches in Communist China, in the expansion of the Southern Baptist Convention, and in the worldwide rise of praise and worship music led by Hillsong Church, among other phenomena. In *The Ten Most Influential Churches of the Past Century*, Dr. Elmer Towns presents evidence of the powerful influence of these churches and how their innovative strategies and faith accomplish these goals. Then he tells how you can apply these principles to your church. You will learn how some of the most influential leaders in Church history became conduits for your future ministry and how your church can experience exponential growth. Most importantly, you will see that the great results in these ten churches grow out of the power of the Word of God, the ministry of many dedicated lay workers, the faith-producing ministry of great leaders, all under the anointing of the Holy Spirit. John Wesley Powell's 1869 expedition down the Green and Colorado Rivers and through the Grand Canyon continues to be one of the most celebrated adventures in American history, ranking with the Lewis and Clark expedition and the Apollo landings on the moon. For nearly twenty years, Lago has researched the Powell expedition from new angles, traveled to thirteen states, and looked into archives and other sources no one else has searched. He has come up with many important new documents that change and expand our basic understanding of the expedition by looking into Powell's crewmembers, some of whom have been almost entirely ignored by Powell historians. Historians tended to assume that Powell was the whole story and that his crewmembers were irrelevant.

More seriously because several crew members made critical comments about Powell and his leadership historians who admired Powell were eager to ignore and discredit them Lago offers a feast of new and important material about the river trip and it will significantly rewrite the story of Powell's famous expedition This book is not only a major work on the Powell expedition but on the history of American exploration of the West *From Walt to Woodstock* Douglas Brode, 2014-05-02 With his thumbprint on the most ubiquitous films of childhood Walt Disney is widely considered to be the most conventional of all major American moviemakers The adjective Disneyfied has become shorthand for a creative work that has abandoned any controversial or substantial content to find commercial success But does Disney deserve that reputation Douglas Brode overturns the idea of Disney as a middlebrow filmmaker by detailing how Disney movies played a key role in transforming children of the Eisenhower era into the radical youth of the Age of Aquarius Using close readings of Disney projects Brode shows that Disney's films were frequently ahead of their time thematically Long before the cultural tumult of the sixties Disney films preached pacifism introduced a generation to the notion of feminism offered the screen's first drug trip imagery encouraged young people to become runaways insisted on the need for integration advanced the notion of a sexual revolution created the concept of multiculturalism called for a return to nature nourished the cult of the righteous outlaw justified violent radicalism in defense of individual rights argued in favor of communal living and encouraged antiauthoritarian attitudes Brode argues that Disney more than any other influence in popular culture should be considered the primary creator of the sixties counterculture a reality that couldn't be further from his conventional reputation **Catalog of Copyright Entries.
