Ten Lectures On Theories Of The Dance:

Ten Lectures on Theories of the Dance Drid Williams, 1991 We like to think that stereotypes about the dance dancers and dancing are not as prevalent as they were in the 19th century but is this true Theories of the dance unlike sport signing martial arts and rituals are trivialized and vitiated by an astonishing number of outdated ideas This book aims to clear some of the intellectual underbrush that tends to accumulate in neglected fields of academic study and it will be especially useful to people who are interested in the anthropology of the dance and human movement The Routledge Companion to English Folk Performance Peter Harrop, Steve Roud, 2021-07-12 This broad based collection of essays is an introduction both to the concerns of contemporary folklore scholarship and to the variety of forms that folk performance has taken throughout English history Combining case studies of specific folk practices with discussion of the various different lenses through which they have been viewed since becoming the subject of concerted study in Victorian times this book builds on the latest work in an ever growing body of contemporary folklore scholarship Many of the contributing scholars are also practicing performers and bring experience and understanding of performance to their analyses and critiques Chapters range across the spectrum of folk song music drama and dance but maintain a focus on the key defining characteristics of folk performance custom and tradition in a full range of performances from carol singing and sword dancing to playground rhymes and mummers plays As well as being an essential reference for folklorists and scholars of traditional performance and local history this is a valuable resource for readers in all disciplines of dance drama song and music whose work coincides with English folk traditions

Religion and American Cultures Gary Laderman, Luis León, 2014-12-17 This four volume work provides a detailed

multicultural survey of established as well as new American religions and investigates the fascinating interactions between religion and ethnicity gender politics regionalism ethics and popular culture This revised and expanded edition of Religion and American Cultures Tradition Diversity and Popular Expression presents more than 140 essays that address contemporary spiritual practice and culture with a historical perspective The entries cover virtually every religion in modern day America as well as the role of religion in various aspects of U S culture Readers will discover that Americans aren t largely Protestant Catholic or Jewish anymore and that the number of popular religious identities is far greater than many would imagine And although most Americans believe in a higher power the fastest growing identity in the United States is the nones those Americans who elect none when asked about their religious identity thereby demonstrating how many individuals see their spirituality as something not easily defined or categorized The first volume explores America's multicultural communities and their religious practices covering the range of different religions among Anglo Americans and Euro Americans as well as spirituality among Latino African American Native American and Asian American communities The second volume focuses on cultural aspects of religions addressing topics such as film Generation X public sacred spaces sexuality and new religious expressions The new third volume expands the range of topics covered with in depth essays on additional topics such as interfaith families religion in prisons belief in the paranormal and religion after September 11 2001 The fourth volume is Shaolin Kung Fu Marta Nešković, 2025-03-21 This book devoted to complementary primary source documents investigates contemporary Shaolin Kung Fu situated between tradition and modernity Deeply rooted in the philosophical and religious traditions of Chan Buddhism and concurrently evolving under the influence of globalization this martial art serves as a Chan Buddhist practice within the Shaolin monastic community Illuminating the rich cultural heritage of Shaolin Kung Fu and its ongoing relevance in the contemporary world the analysis is grounded in long term ethnographic fieldwork conducted at the Shaolin Monastery in Henan Province China The author argues that the spiritual essence of Shaolin Kung Fu is derived not from its constituent elements such as body movements and techniques but rather from the Chan Buddhist structures of meaning the practitioners embody By highlighting the relationship between habitus lived body and dynamic embodiment the book offers a novel perspective on the intersection of spirituality and martial arts Providing a deeper understanding of the cultural religious and philosophical foundations that underpin Shaolin Kung Fu this is a valuable reading for scholars of anthropology sociology religious studies cultural heritage and China studies as well as for academics and practitioners with an interest in martial arts **Researching Dance** Sondra Horton Fraleigh, Penelope Hanstein, 1998-03-15 In Researching Dance an introduction to research methods in dance addressed primarily to graduate students the editors explore dance as evolutional defining it in view of its intrinsic participatory values its developmental aspects and its purposes from art to ritual and they examine the role of theory in research The editors have also included essays by nine dancer scholars who examine qualitative and quantitative inquiry and delineate the most common approaches

for investigating dance raising concerns about philosophy and aesthetics historical scholarship movement analysis sexual and gender identification cultural diversity and the resources available to students The writers have included study questions research exercises and suggested readings to facilitate the book s use as a classroom text — *Anthropology and the Dance* Drid Williams,2004 Drid Williams explores dance and dance related subjects ranging from Aboriginal and African dances to the Royal Ballet and makes a compelling case for moving beyond the Western view of the dance as mere entertainment

Dance Discourses Susanne Franco, Marina Nordera, 2016-04-29 Focusing on politics gender and identities a group of international dance scholars provide a broad overview of new methodological approaches with specific case studies and how they can be applied to the study of ballet and modern dance With an introduction exploring the history of dance studies and the development of central themes and areas of concerns in the field the book is then divided into three parts politics explores Ausdruckstanz an expressive dance tradition first formulated in the 1920s by dancer Mary Wigman and carried forward in the work of Pina Bausch and others gender examines eighteenth century theatrical dance a time when elaborate sets costumes and plots examined racial and sexual stereotypes identity is concerned with modern dance Exploring contemporary analytical approaches to understanding performance traditions Dance Discourses pedagogical structure makes it ideal for courses in performing arts and humanities **Being boys** Melanie Tebbutt, 2017-10-03 This original and fresh approach to the emotions of adolescence focuses on the leisure lives of working class boys and young men in the inter war years Being Boys challenges many stereotypes about their behaviour It offers new perspectives on familiar and important themes in interwar social and cultural history ranging from the cinema and mass consumption to boys clubs personal advice pages street cultures dancing sexuality mobility and the body It draws on many autobiographies and personal accounts and is particularly distinctive in offering an unusual insight into working class adolescence through the teenage diaries of the author's father which are interwoven with the book's broader analysis of contemporary leisure developments Being Boys will be of interest to scholars and students across the humanities and social sciences and is also relevant to those teaching and studying in the fields of child development education and youth and community studies *Migrations of Gesture* Carrie Noland, Sally Ann Ness, 2008 Derived from the Latin verb gerere to carry act or do gesture has accrued critical currency but has remained undertheorized Migrations of Gesture addresses this absence and provides a complex theory on the value of gesture for understanding human sign production Gestures migrate from body to body from one medium to another and between cultural contexts Juxtaposing distinct approaches to gesture in order to explore the ways in which they at once shape and are influenced by culture the contributors examine the works of writers Henri Michaux and Stphane Mallarm photographers Henri Cartier Bresson and Robert Frank and filmmakers Hou Hsiao Hsien and Martin Arnold along with cultural practices such as gang walking ballet and classical Indian dance The authors move deftly between an organic phenomenal appreciation of human expression and a historicist semiotic understanding of how the human is itself created
