Tender Tyrant Nadia Boulanger A Life Devoted To Music:

The Tender Tyrant, Nadia Boulanger Alan Kendall, 1976 It is well over sixty years since Nadia Boulanger decided to devote her life to the teaching of music For most of that time she has been in the forefront of those who have shaped the musical taste and music making of the twentieth century Her precepts on the arts of composing and performing have influenced most of the leading musicians of our time In this the first account of her life as a teacher Alan Kendall discusses her methods her ideals and what music means her ideals and what music means to Nadia Boulanger and what Nadia Boulanger wants music to mean to the world She began her long career in 1904 At the age of seventeen Nadia Boulanger recognized that the musical talents of her younger sister Lili were far superior to her own From that time on she devoted more of her attention to her brilliant sister but still had enough time to work on her own career and in 1908 Nadia Boulanger won the Prix de Rome second class Lili Boulanger s youthful genius was recognized in 1913 when she became the first woman to win the Prix de Rome first class Unfortunately Lili s brilliance was one with the instinct of genius marked by death and she died in 1918 This tragic loss to Nadia Boulanger has not diminished with the passing of time It was the summer of 1921 when she began her courses at the American Conservatory in Fontainebleau that Nadia Boulanger s career took on an international dimension In that year three young American composers Melville Smith Aaron Copland and Virgil Thomson each found his way independently to her studio From then on the trickle of foreign students grew stronger In 1927 Lennox Berkeley on Ravel s advice studied with her The list of the now famous grew and grew and includes Dinu Lipatti Clifford Curzon Igor Markevitch Yehudi Menuhin Edwin Roxburgh Hughes Cu nod Nicholas Maw Walter Piston Roy Harris Quincy Jones among others Running like a leit motiv through her teaching life is the close association between Nadia Boulanger and Stravinsky until the time of his death Now in her ninetieth year Nadia Boulanger still conducts her courses still teaches and still guides aspiring musicians with an inextinguishable devotion and zeal Dust jacket [Nadia Boulanger and Her World](#) Jeanice Brooks, 2020-11-19 Nadia Boulanger 1887 1979 was arguably one of the most iconic figures in twentieth century music and certainly among the most prominent musicians of her time For many composers especially Americans from Aaron Copland to Philip Glass studying with Boulanger in Paris or Fontainebleau was a formative moment in a creative career Composer performer conductor impresario and charismatic and inspirational teacher Boulanger engaged in a vast array of activities in a variety of media from private composition lessons and lecture recitals to radio broadcasts recordings and public performances But how to define and account for Boulanger s impact on the music world is still unclear Nadia Boulanger and Her World takes us from a time in the late nineteenth century when many careers in music were almost entirely closed to women to the moment in the late twentieth century when those careers were becoming a reality Contributors consider Boulanger s work in the worlds of composition musical analysis and pedagogy and explore the geographies of transatlantic and international exchange and disruption within which her career unfolded Ultimately this

volume takes its title as a topic for exploration asking what worlds Boulanger belonged to and in what sense we can consider any of them to be hers

Nadia and Lili Boulanger Caroline Potter, 2016-04-29 Pioneers in their fields and two of the best known women in music in the twentieth century Nadia and Lili Boulanger have previously been considered in isolation from one another Yet as Caroline Potter's new book demonstrates their careers were closely linked during Lili Boulanger's short life 1893-1918 and there are several intriguing connections between their musical works This biography also provides the first full analysis of the Boulanger sisters' musical styles placing them within the context of French musical history Their lives are also a case study in the issues of gender which surround music making even to the present day Despite an unusually privileged upbringing Nadia and Lili Boulanger exemplify the struggle women experienced when attempting to enter the professional music world Lili became the first woman to win the Prix de Rome in 1913 and Nadia gained second place in 1908 Yet in spite of this initial success Nadia Boulanger was to give up composing in her thirties and devoted the remainder of her long life to teaching Her pupils included several of the great composers of the century including Aaron Copland and Elliott Carter This book focusing on their musical careers is essential reading for anyone interested in French music of the twentieth century

Training the Composer Barrett Ashley Johnson, 2010-10-12 While many teachers of music composition have influenced both the aesthetic and eventual success of their students few have equaled the contributions of Arnold Schoenberg and Nadia Boulanger in the twentieth century A larger volume of a more comprehensive collection including all music composition teachers of the era would serve a certain purpose However the unique aspect of the current text examines in detail and herein presented for the first time in print many of the teaching materials and approaches of these two famed musicians Selection of these two teachers for comparison was made owing to the musical position so famously attributed to each Schoenberg's predilection to the German School Boulanger's favoritism to the French Stravinsky aesthetic In making the case for both Schoenberg and Boulanger the Author has chosen two differing philosophies of music education practice of the late twentieth century and early twenty first century those of Bennett Reimer and David Elliott The Author examines the materials and methods of each Schoenberg and Boulanger in light of each Reimer's and Elliott's case for music education philosophy Among the subjects discussed the nature of musical creativity the process and methods of teaching creativity music and the teacher student dynamic to name a few In closing the Author has presented his own suggestions for teachers or would be teachers of music composition in a seven step process leading to an effective pedagogy of the subject

New Boston Review ,1975 *Ferruccio Busoni and His*

Legacy Erinn E. Knyt, 2017-05-22 An analysis of the composer's unconventional teaching style and philosophy his relationship with his students and his effect on twentieth century music Many students of renowned composer conductor and teacher Ferruccio Busoni had illustrious careers of their own yet the extent to which their mentor's influence helped shape their success was largely unexplored until now Through rich archival research including correspondence essays and scores Erinn E Knyt presents an evocative account of Busoni's idiosyncratic pedagogy focused on aesthetic ideals rather than methodologies or techniques and how this teaching style and philosophy can be seen and heard in the Nordic inspired musical works of Sibelius the unusual soundscapes of Var se the polystylistic meldings of music and technology in Louis Gruenberg's radio operas and film scores the electronic music of Otto Luening and the experimentalism of Philip Jarnach Equal parts critical biography and interpretive analysis Knyt's work compels a reconsideration of Busoni's legacy and puts forth the notion of a Busoni School as one that shaped the trajectory of twentieth century music Erinn Knyt's *Ferruccio Busoni and His Legacy* is a most welcome addition to the literature on Busoni as a fine example of research based on primary sources

Bach *There's a Place For Us: The Musical Theatre Works of Leonard Bernstein* Helen Smith, 2017-07-05 Leonard Bernstein was the quintessential American musician Through his careers as conductor pianist teacher and television personality he became known across the US and the world his flamboyance and theatricality making him a favourite with audiences if not with critics However he is perhaps best remembered as a composer particularly of the musical *West Side Story* and for songs such as *America Tonight* and *Somewhere* Dr Helen Smith takes an in depth look at all eight of Bernstein's musical theatre works from the early *On the Town* written by the 26 year old composer at the start of his career to his second and last opera *A Quiet Place* in 1983 in between these two pieces he composed music for *Trouble in Tahiti* *Wonderful Town* *Candide* *West Side Story* *Mass* and *1600 Pennsylvania Avenue* These works are analysed and considered against a background of musical and social context as well as looking at Bernstein's other orchestral choral and chamber works One important aspect examined is Bernstein's use of motifs in his theatre compositions which takes them out of the realms of Broadway and into the sphere of symphonic writing Smith provides an indispensable overview of the musical theatre works of an eclectic composer and shows what it is that constitutes the Bernstein sound

Edward R. Phillips, 2021-10-28 First published in 2000 Gabriel Urbain Fauré was born 12 May 1845 in Pamiers in the south of France Faure's compositional style has proven difficult to classify Some music historians consider him a figure of the nineteenth century a traditionalist even a neo-romantic others consider him part of the twentieth century at the least a predecessor of modern French music or at the other extreme a quiet revolutionary and a great influence upon France's musical future This research guide offers a selective annotated list of writings biographical information and lists of works and photographs Neoclassical Music in America R. James Tobin, 2014-07-02

From the 1920s to the 1950s neoclassicism was one of the dominant movements in American music Today this music is largely in eclipse mostly absent in performance and even from accounts of music history in spite of and initially because of its adherence to an expanded tonality No previous book has focused on the nature and scope of this musical tradition Neoclassical Music in America Voices of Clarity and Restraint makes clear what neoclassicism was how it emerged in America and what happened to it Music reviewer and scholar R. James Tobin argues that efforts to define musical neoclassicism as a style largely fail because of the stylistic diversity of the music that fall within its scope However neoclassicists as different from one another as the influential Igor Stravinsky and Paul Hindemith did have a classical aesthetic in common the basic characteristics of which extend to other neoclassicists This study focuses in particular on a group of interrelated neoclassical American composers who came to full maturity in the 1940s These included Harvard professor Walter Piston who had studied in France in the 1920s Harold Shapero the most traditional of the group Irving Fine and Arthur Berger his colleagues at Brandeis Lukas Foss later an experimentalist composer whose origins lay in neoclassicism of the 1940s Alexei Haieff and Ingolf Dahl both close associates of Stravinsky and others Tobin surveys the careers of these figures drawing especially on early reviews of performances before offering his own critical assessment of individual works Adventurous collectors of recordings performing musicians concert and broadcasting programmers as well as music and cultural historians and those interested in musical aesthetics will find much of interest here Dates of composition approximate duration of individual works and discographies add to the work's reference value The Allure of the Compelling Genius of History Philip McShane, 2015-12-11
