

THE TENDER TYRANT

Nadia Boulanger

A LIFE DEVOTED TO MUSIC

A BIOGRAPHY BY ALAN KENDALL

Tender Tyrant Nadia Boulanger

Helen Smith

Tender Tyrant Nadia Boulanger:

The Tender Tyrant, Nadia Boulanger Alan Kendall, 1976 It is well over sixty years since Nadia Boulanger decided to devote her life to the teaching of music For most of that time she has been in the forefront of those who have shaped the musical taste and music making of the twentieth century Her precepts on the arts of composing and performing have influenced most of the leading musicians of our time In this the first account of her life as a teacher Alan Kendall discusses her methods her ideals and what music means her ideals and what music means to Nadia Boulanger and what Nadia Boulanger wants music to mean to the world She began her long career in 1904 At the age of seventeen Nadia Boulanger recognized that the musical talents of her younger sister Lili were far superior to her own From that time on she devoted more of her attention to her brilliant sister but still had enough time to work on her own career and in 1908 Nadia Boulanger won the Prix de Rome second class Lili Boulanger s youthful genius was recognized in 1913 when she became the first woman to win the Prix de Rome first class Unfortunately Lili s brilliance was one with the instinct of genius marked by death and she died in 1918 This tragic loss to Nadia Boulanger has not diminished with the passing of time It was the summer of 1921 when she began her courses at the American Conservatory in Fontainebleau that Nadia Boulanger s career took on an international dimension In that year three young American composers Melville Smith Aaron Copland and Virgil Thomson each found his way independently to her studio From then on the trickle of foreign students grew stronger In 1927 Lennox Berkeley on Ravel s advice studied with her The list of the now famous grew and grew and includes Dinu Lipatti Clifford Curzon Igor Markevitch Yehudi Menuhin Edwin Roxburgh Hughes Cu nod Nicholas Maw Walter Piston Roy Harris Quincy Jones among others Running like a leit motiv through her teaching life is the close association between Nadia Boulanger and Stravinsky until the time of his death Now in her ninetieth year Nadia Boulanger still conducts her courses still teaches and still guides aspiring musicians with an inextinguishable devotion and zeal Dust jacket **The Musical Work of Nadia**

Boulanger Jeanice Brooks, 2013-04-25 Nadia Boulanger composer critic impresario and the most famous composition teacher of the twentieth century was also a performer of international repute Her concerts and recordings with her vocal ensemble introduced audiences on both sides of the Atlantic to unfamiliar historical works and new compositions This book considers how gender shaped the possibilities that marked Boulanger s performing career tracing her meteoric rise as a conductor in the 1930s to origins in the classroom and the salon Brooks investigates Boulanger s promotion of structurally motivated performance styles showing how her ideas on performance of historical repertory and new music relate to her teaching of music analysis and music history The book explores the way in which Boulanger s musical practice relied upon her understanding of the historically transcendent masterwork in which musical form and meaning are ideally joined and shows how her ideas relate to broader currents in French aesthetics and culture **Nadia Boulanger** Nadia Boulanger, 2020 The first collection ever of essays and reviews by the renowned pedagogue composer and conductor

providing fresh perspectives on her musical influence and impact The impact of Nadia Boulanger 1887 1979 on twentieth century music was vast as composer keyboard performer conductor impresario and pedagogue Her extensive musical networks included figures such as Faur Stravinsky and Poulenc and her advocacy helped establish the compositions of her sister Lili Boulanger Few today realize though that Boulanger wrote numerous essays and reviews at various times in her career These offer unparalleled insight into her thinking and illuminate aspects of musical culture in Europe and America from the rare point of view of an internationally prominent female artist Nadia Boulanger Thoughts on Music provides a translation and critical edition of selected writings chosen for their quality and interest The previously published articles and essays have never been reissued since their original appearance the remaining materials are presented to readers here for the first time The volume renders all these materials widely available providing an important new resource for teaching and scholarship on twentieth century music as well as an engaging collection of musical essays for the general reader **Nadia Boulanger** Jérôme Spycket, 1992 Although she was a performer a composer and a conductor of some of the world's great orchestras it was through her genius as a pedagogue that Nadia Boulanger won renown Venerated feared or opposed she was as famous as the most prestigious performers or the best known conductors And for the first three quarters of this century a host of musicians young and old crowded around Boulanger's piano where with rigor and passion she revealed a musical universe previously unknown to them Jerome Spycket's biographical work originally published in French by Editions Payot Lausanne on the centenary of Boulanger's birth explores the eminent teacher's life through certain key events and through those that formed her circle Faure Milhaud Stravinsky and Poulenc to name but a few A wealth of photographs provides a striking visual history from the salon of the rue Ballu to l'Ecole de Fontainebleau to Boulanger conducting the Royal Philharmonic Orchestra of London The spirit of this remarkable musical force shines through on every page The wide scope of Jerome Spycket's interests activities and tastes infuse his writing with a spirited vitality He brings to his subjects an independence and a search for truth providing a genuinely analytical approach to the material His first biography Clara Haskil won an Academie Francaise award and has been translated into several languages Awarded a prize for literature by the Academie des Beaux Arts was the original French edition of this work on Boulanger *Nadia and Lili Boulanger* Caroline Potter, 2016-04-29 Pioneers in their fields and two of the best known women in music in the twentieth century Nadia and Lili Boulanger have previously been considered in isolation from one another Yet as Caroline Potter's new book demonstrates their careers were closely linked during Lili Boulanger's short life 1893 1918 and there are several intriguing connections between their musical works This biography also provides the first full analysis of the Boulanger sisters' musical styles placing them within the context of French musical history Their lives are also a case study in the issues of gender which surround music making even to the present day Despite an unusually privileged upbringing Nadia and Lili Boulanger exemplify the struggle women experienced when attempting to enter the professional music world Lili became the first

woman to win the Prix de Rome in 1913 and Nadia gained second place in 1908 Yet in spite of this initial success Nadia Boulanger was to give up composing in her thirties and devoted the remainder of her long life to teaching Her pupils included several of the great composers of the century including Aaron Copland and Elliott Carter This book focusing on their musical careers is essential reading for anyone interested in French music of the twentieth century Nadia Boulanger and Her World Jeanice Brooks,2020-11-19 Nadia Boulanger 1887 1979 was arguably one of the most iconic figures in twentieth century music and certainly among the most prominent musicians of her time For many composers especially Americans from Aaron Copland to Philip Glass studying with Boulanger in Paris or Fontainebleau was a formative moment in a creative career Composer performer conductor impresario and charismatic and inspirational teacher Boulanger engaged in a vast array of activities in a variety of media from private composition lessons and lecture recitals to radio broadcasts recordings and public performances But how to define and account for Boulanger s impact on the music world is still unclear Nadia Boulanger and Her World takes us from a time in the late nineteenth century when many careers in music were almost entirely closed to women to the moment in the late twentieth century when those careers were becoming a reality Contributors consider Boulanger s work in the worlds of composition musical analysis and pedagogy and explore the geographies of transatlantic and international exchange and disruption within which her career unfolded Ultimately this volume takes its title as a topic for exploration asking what worlds Boulanger belonged to and in what sense we can consider any of them to be hers *The Flute Book* Nancy Toff,2012-08-02 Teachers and flutists at all levels have praised Nancy Toff s*The Flute Book* a unique one stop guide to the flute and its music Organized into four main parts The Instrument Performance The Music and Repertoire Catalog the book begins with a description of the instrument and its making offers information on choosing and caring for a flute sketches a history of the flute and discusses differences between members of the flute family In the Performance section readers learn about breathing tone vibrato articulation technique style performing and recording In the extensive analysis of flute literature that follows Toff places individual pieces in historical context The book ends with a comprehensive catalog of solo and chamber repertoire and includes appendices with fingering charts as well as lists of current flute manufacturers repair shops sources for flute music and books and flute clubs and related organizations worldwide In this Third Edition Toff has updated the book to reflect technology s advancements like new digital recording technology and recordings more prevalent online availability over the last decade She has also accounted for new scholarship on baroque literature recent developments such as the contrabass flute quarter tone flute and various manufacturing refinements and experiments consumers purchase prices for flutes and a thoroughly updated repertoire catalog and appendices Enduring Friendships Claire Warton,2011-10-27 About the Book *Enduring Friendships* tells a story of heartfelt gratitude and a resurgence of the power of life to rise above ordinary and extraordinary circumstance and experience The writing of introspection inspection and retrospection that followed bore the treasures of

friendship It is also a collection of poems of passion reshaped and re forged in the fires of disability It is a celebration a call to action a eulogy an expression of hope and in the end a redemption **Musical Visitors to Britain** Peter

Gordon,2007-05-07 This book paints a broad picture of musical life in Britain over the last three centuries charting the rise of the celebrity composer the opening of public halls and growth of music festivals the rapid influx of composers and new musical forms There's a Place For Us: The Musical Theatre Works of Leonard Bernstein Helen Smith,2017-07-05 Leonard

Bernstein was the quintessential American musician Through his careers as conductor pianist teacher and television personality he became known across the US and the world his flamboyance and theatricality making him a favourite with audiences if not with critics However he is perhaps best remembered as a composer particularly of the musical West Side Story and for songs such as America Tonight and Somewhere Dr Helen Smith takes an in depth look at all eight of Bernstein s musical theatre works from the early On the Town written by the 26 year old composer at the start of his career to his second and last opera A Quiet Place in 1983 in between these two pieces he composed music for Trouble in Tahiti Wonderful Town Candide West Side Story Mass and 1600 Pennsylvania Avenue These works are analysed and considered against a background of musical and social context as well as looking at Bernstein s other orchestral choral and chamber works One important aspect examined is Bernstein s use of motifs in his theatre compositions which takes them out of the realms of Broadway and into the sphere of symphonic writing Smith provides an indispensable overview of the musical theatre works of an eclectic composer and shows what it is that constitutes the Bernstein sound **Encyclopedia of Music in the 20th**

Century Lol Henderson, Lee Stacey,2014-01-27 The Encyclopedia of Music in the 20th Century is an alphabetically arranged encyclopedia of all aspects of music in various parts of the world during the 20th century It covers the major musical styles concert music jazz pop rock etc and such key genres as opera orchestral music be bop blues country etc Articles on individuals provide biographical information on their life and works and explore the contribution each has made in the field Illustrated and fully cross referenced the Encyclopedia of Music in the 20th Century also provides Suggested Listening and Further Reading information A good first point of reference for students librarians and music scholars as well as for the general reader **The Composer As Intellectual** Jane F. Fulcher,2005-08-25 In The Composer as Intellectual musicologist

Jane Fulcher reveals the extent to which leading French composers between the World Wars were not only aware of but also engaged intellectually and creatively with the central political and ideological issues of the period Employing recent sociological and historical insights she demonstrates the extent to which composers particularly those in Paris since the Dreyfus Affair considered themselves and were considered to be intellectuals and interacted closely with intellectuals in other fields Their consciousness raised by the First World War and the xenophobic nationalism of official culture some joined parties or movements allying themselves with and propagating different sets of cultural and political social goals Fulcher shows how these composers furthered their ideals through the specific language and means of their art rejecting the

dominant cultural exclusions or constraints of conservative postwar institutions and creatively translating their cultural values into terms of form and style This was not only the case with Debussy in wartime but with Ravel in the twenties when he became a socialist and unequivocally refused to espouse a narrow exclusionary nationalism It was also the case with the group called Les Six who responded culturally in the twenties and then politically in the thirties when most of them supported the programs of the Popular Front Others could not be enthusiastic about the latter and largely excluded from official culture sought out more compatible movements or returned to the Catholic Church Like many French Catholics they faced the crisis of Catholicism in the thirties when the church not only supported Franco but Mussolini's imperialistic aggression in Ethiopia While Poulenc embraced traditional Catholicism Messiaen turned to more progressive Catholic movements that embraced modern art and insisted that religion must cross national and racial boundaries Fulcher demonstrates how closely music had become a field of clashing ideologies in this period She shows also how certain French composers responded and how their responses influenced specific aspects of their professional and stylistic development She thus argues that from this perspective we can not only better understand specific aspects of the stylistic evolution of these composers but also perceive the role that their art played in the ideological battles and in heightening cultural political awareness of their time

Ferruccio Busoni and His Legacy Erinn E. Knyt, 2017-05-22 An analysis of the composer's unconventional teaching style and philosophy his relationship with his students and his effect on twentieth century music Many students of renowned composer conductor and teacher Ferruccio Busoni had illustrious careers of their own yet the extent to which their mentor's influence helped shape their success was largely unexplored until now Through rich archival research including correspondence essays and scores Erinn E Knyt presents an evocative account of Busoni's idiosyncratic pedagogy focused on aesthetic ideals rather than methodologies or techniques and how this teaching style and philosophy can be seen and heard in the Nordic inspired musical works of Sibelius the unusual soundscapes of Var se the polystylistic meldings of music and technology in Louis Gruenberg's radio operas and film scores the electronic music of Otto Luening and the experimentalism of Philip Jarnach Equal parts critical biography and interpretive analysis Knyt's work compels a reconsideration of Busoni's legacy and puts forth the notion of a Busoni School as one that shaped the trajectory of twentieth century music Erinn Knyt's *Ferruccio Busoni and His Legacy* is a most welcome addition to the literature on Busoni as a fine example of research based on primary sources Bach

The Organist in Victorian Literature Iain Quinn, 2017-01-09 The book examines the perception of the organist as the most influential musical figure in Victorian society through the writings of Thomas Hardy and Robert Browning This will be the first book in the burgeoning area of research into the relationship of music and literature that examines the societal perceptions of a figure central to civic life in Victorian England This book is deliberately interdisciplinary and will be of special interest to literature scholars and students of Victorian studies culture society religion gender studies and music However the nature of the text does not require specialist knowledge of music

Frontier Figures Beth E. Levy, 2012-04-18 Beth Levy has written an elegant work of depth and breadth that gives generous space to the idea of the American West Her discussions of more than a dozen composers and their works some usual suspects others rather unexpected reveal the varied musical ecosystems of the west Levy takes us with her on the trail in prose that is by turns pithy and poetic but always spot on Denise Von Glahn author of *The Sounds of Place Music and the American Cultural Landscape* Big and bold as the terrain it covers Beth Levy's *Frontier Figures* takes us on a gratifying road trip traversing American classical compositions that conjure up landscapes from the Middle West to the shores of the Pacific En route we encounter many now famous composers such as Aaron Copland Roy Harris and Virgil Thomson along with others who have faded from view Throughout Levy treats the West as both geographic location and mythologized ideal demonstrating its power on the American musical imagination Carol Oja author of *Making Music Modern* New York in the 1920s

[Integrating Literature in the Disciplines](#) Sharon Kane, 2020-04-22 The Second Edition of this practical and comprehensive resource offers a multitude of ways to incorporate literature into teaching and learning across a range of disciplines Future and practicing teachers librarians instructional coaches and school leaders can implement the ideas within this text to improve the literacy skills and knowledge of students while also addressing standards and curricular goals of various content areas The new edition recognizes a paradigm shift from content areas to disciplines reflecting the specific ways reading and writing are used in different fields of study Updated with current research and practices the volume recommends and evaluates books in different genres and categories with chapters on informational books fiction biography and memoir poetry and hands on and how to books For every category Kane provides a rationale instructional strategies and author studies as well as lists and descriptions of books related to curricular areas With a wealth of activities and new BookTalks this Second Edition is greatly revised and features expanded attention to technology digital learning diversity and culture Using this text will create opportunities for deep discussions and will stimulate students interest and motivation to read and learn *Integrating Literature in the Disciplines* helps educators identify books that fit with any subject to enhance the creative and affective dimensions of school life encourages interdisciplinary connections and increases the depth and relevance of lessons It is ideal for professional development and serves as a tool for Readers Advisory to match books with readers throughout the school day and beyond

[Singing in Polish](#) Benjamin Schultz, 2015-12-08 *Singing in Polish* A Guide to Polish Lyric Diction and Vocal Repertoire stands as the first book length resource for non Polish speaking singers voice teachers and vocal coaches that offers the essential tools for learning how to sing in Polish Scholar and singer Benjamin Schultz offers a rich repertory of works virtually unknown outside of Poland providing a unique catalyst for the introduction of Polish vocal music into the English speaking world of performance Never before has Polish vocal music been made so accessible to the musical world With a foreword by Timothy Cheek the author of *Singing in Czech* as well as an overview of the development of Polish music by renowned violinist Polish music specialist and scholar Tyrone Greive *Singing in Polish*
