Love Game Elizabeth Wilson,2016-05-06 A journey through the history culture and mystique of tennis from an original and provocative mind The Wall Street Journal If you ve watched Rafael Nadal spin a forehand at 4000 rpm Maria Sharapova arabesque out of a serve Serena Williams utterly destroy a short ball or Roger Federer touch a volley into an impossibly angled winner you know how exciting tennis can be This book reveals the long history and unique culture behind the sport With a penchant for tennis s inherent drama historian Elizabeth Wilson finds its core a psychological face off between flamboyant personalities navigating the ebbs and flows of fortune in the confines of a 78 x 36 foot box whether of clay grass or DecoTurf Walking the finely kempt lawns of Victorian England she shows how tennis s early role as a social pastime that included both men and women and thus lots of sexual tension set it apart from most other sports and their dominant masculine appeal Even today when power and endurance are more important than ever tennis still demands that the body behave gracefully and with finesse In this way Wilson shows tennis has retained the vibrant spectacle of human drama and beauty that have always made it special not just to sports fans but to popular culture Telling the stories of all the greats from the Renshaw brothers to Novak Djokovic and of all the advances from wooden racquets to network television schedules Wilson offers a tennis book like no other keeping the court square in our sights as history is illuminated around it A sporting history unlike any I ve read one that in its sophistication and thoughtfulness shows up the hollowness of most other accounts

Sex Scandal Ashley McGuire, 2017-02-13 Men and women used to cheer vive la difference But now contrary to all science and common sense we're supposed to believe that there is no difference And if you insist there is you just might be accused of a hate crime Our culture and our laws are endorsing a worldview rooted in craziness For instance we're told that Boys who think they're girls and who could change their minds tomorrow should be allowed to participate in girls sports and shower in their locker rooms Expectant mothers are now birthing individuals Coed college dorm rooms and bathrooms are great but single sex clubs are a campus danger It's horrible for stores to have separate boys and girls clothing departments let alone toy sections It would be a great idea for our military to lower physical standards and push young women and mothers into combat roles in the military If you think that's insanity you're not alone but you might be surprised at just how widespread and successful this lunatic campaign has become In her compelling new book Sex Scandal journalist Ashley McGuire takes this radical campaign to task and reveals How so called gender norming flies in the face of science which is proving that men and women are even more different than commonly acknowledged Why especially if you have kids it's almost impossible to avoid the dangerous consequences of a gender neutral world How embracing sexual differences can make policing safer government more efficient and hedge funds lose less money How gender neutrality is making women more vulnerable to violence How the word gender formerly a grammatical term has been used to dismiss the reality of definite biological sex male and female with fluid gender identities Why gender insanity is not something we can just ignore and hope will fade away but need to refute now with hard cold facts before it does any more damage which it likely will Sex Scandal The Drive to Abolish Male and Female is packed with news breaking interviews shocking examples and inconvenient facts that everyone needs to read and act on
