Tense and Aspect in Second Language Acquisition Kathleen Bardovi-Harlig, 2000-01-04 This volume explores the acquisition of tense and aspect by adult second language learners of nine target languages. The author focuses on the association of form and meaning in leaders emerging system of temporal expression. The book provides a survey and synthesis of studies from five perspectives the meaning oriented approach acquisitional sentences the aspect hypothesis the discourse hypothesis and the effect of instruction In addition original longitudinal and cross sectional studies on the acquisition of English by the author illustrate each of the perspectives and explore the importance of research design and Tense-Aspect-Modality in a Second Language Martin Howard, Pascale analysis in acquisition research Leclercq, 2017-02-15 Situated within the long established domain of temporality research in Second Language Acquisition this book aims to provide an update on recent research directions in the field through a range of papers which explore relatively new territory Those areas include the expression of modality and counterfactuality the effect of first language transfer aspectuo temporal comprehension aspectuo temporal marking at a wider discursive level and methodological issues in the study of the acquisition of aspect The studies presented explore English and French as second languages involving both child and adult learners from a range of first language backgrounds in both instructed and naturalistic learning contexts The studies draw on both spoken and written data which explore various facets of the learners second language comprehension and production The volume offers new but complementary insights to previous research as well as pointing to directions for future research in this burgeoning field of study

Tense, aspect and mood in first and second language acquisition Emmanuelle Labeau, Inès Saddour, 2012-01 Tense aspect and mood have attracted much attention in the areas of both first and second language acquisition but scholars in the two disciplines often fail to learn from each other Western European languages have also been the focus of most studies but there would be lessons to learn from less studied languages This volume offers new insights on tense aspect and mood by bringing together the findings of first and second language acquisition and comparing child and adult monolingual and multilingual learning processes that are approached from various theoretical points of view In addition it spans over a wide range of less studied languages Bulgarian Hebrew Korean Russian and Western European languages are studied from new angles <u>Understanding Second Language Acquisition Lourdes</u> Ortega, 2014-02-04 Whether we grow up with one two or several languages during our early years of life many of us will learn a second foreign or heritage language in later years The field of Second language acquisition SLA for short investigates the human capacity to learn additional languages in late childhood adolescence or adulthood after the first language in the case of monolinguals or languages in the case of bilinguals have already been acquired Understanding Second Language Acquisition offers a wide encompassing survey of this burgeoning field its accumulated findings and proposed theories its developed research paradigms and its pending questions for the future The book zooms in and out of universal individual and

social forces in each case evaluating the research findings that have been generated across diverse naturalistic and formal contexts for second language acquisition It assumes no background in SLA and provides helpful chapter by chapter summaries and suggestions for further reading Ideal as a textbook for students of applied linguistics foreign language education TESOL and education it is also recommended for students of linguistics developmental psycholinguistics psychology and cognitive science Supporting resources for tutors are available free at www routledge com ortega
