*Personalist Anthropology: A philosophical guide to life* Juan Manuel Burgos,2022-04-05 Philosophical personalism has generated a very powerful field of study in the twentieth and twenty first centuries but has not produced a systematic exposition This book fills this big gap by offering for the first time a full systematic personalistic vision of the human person This ambitious volume offers a pedagogical and integrated exposition of philosophical personalism answering vital questions about human identity and existence in a way that the reader or student can achieve an integrated view of the person The book points to the real life of each person so that by partially unraveling the mystery of the personal being it becomes a philosophical guide for life For these reasons the book can be used both for academic purposes as a manual of philosophy of man or for personal enlightenment Divided in five parts the first part of the book works as an introduction offering an overview of the human person and of the notion of person The second part describes the internal structure of the human being addressing topics as corporeity as a personal fact sensibility and the senses affectivity intelligence freedom understood as choice and self determination and finally the personal self The third part analyses the person in action and some special types of action such as work and language The fourth part deals with interpersonal relationships beginning with I You relationship friendship love and following with the family and the social structure Finally part five deals with the so called ultimate questions that is those that decide the final meaning of each person's life namely time death immortality and religion
