An American  
Political Paradox

With a foreword by  
Senator William V. Roth, Jr.

Mark R. Daniels

# Terminating Public Programs An American Political Paradox

**Scott Crass**

## **Terminating Public Programs An American Political Paradox:**

*Terminating Public Programs: An American Political Paradox* Mark R. Daniels, 2015-05-20 This text examines why and when policies or organizations are terminated how they can be terminated successfully and what often prevents them from being terminated The literature on termination and a variety of case studies are reviewed in order to identify theories supported by research

**Encyclopedia of Public Administration and Public Policy - 5 Volume Set** Domonic A. Bearfield, Evan Berman, Melvin J. Dubnick, 2020-08-14 Now in its third edition Encyclopedia of Public Administration and Public Policy remains the definitive source for article length presentations spanning the fields of public administration and public policy It includes entries for Budgeting Bureaucracy Conflict resolution Countries and regions Court administration Gender issues Health care Human resource management Law Local government Methods Organization Performance Policy areas Policy making process Procurement State government Theories This revamped five volume edition is a reconceptualization of the first edition by Jack Rabin It incorporates over 225 new entries and over 100 revisions including a range of contributions and updates from the renowned academic and practitioner leaders of today as well as the next generation of top scholars The entries address topics in clear and coherent language and include references to additional sources for further study

*The Practice of American Public Policymaking* Selden Biggs, Lelia B. Helms, 2014-12-18 Designed for upper level and professional courses this text is a state of the art introduction to the public policymaking process that gives equal attention to issues of policy implementation and public governance It uses an innovative systems approach integrating the activities actors tools and techniques of policymaking to provide a comprehensive framework for policy design and analysis The book is practice oriented with a focus on the ways that policymakers at all levels employ the standard technologies of governance authority agency program rule contract and budget to design policy outputs and achieve policy outcomes Through extensive use of graphics the text makes concepts easy to grasp for a generation of students accustomed to the visual presentation of ideas Case studies illustrate the tools and techniques discussed and key terms questions for discussion and suggested readings round out each chapter

**Public Policy** Christopher A. Simon, 2017-08-15 Now in a thoroughly revised third edition Public Policy Preferences and Outcomes is designed to help students enrolled in a public policy course discuss policy issues and understand the ways in which public policy is grounded in normative theory This approachable book examines the role of political theory in the governance process and the effect of public opinion on policy priorities and government It introduces students to the tools of policy analysis and the most up to date policy theories in conceptualizing public policy in several major policy areas New to this edition A thoroughly revised and updated chapter on public policy models including new sections on the importance of science pluralism institutional analysis and development multiple streams the advocacy coalition framework the punctuated equilibrium framework policy diffusion and the constructivist approach New sections on health policy welfare economics and the public good the nuclear

arms race the War on Terrorism the Quadrennial Defense Review contemporary policing techniques and issues and renewable energy Restructured and rewritten sections on social policy and equality that includes sections on employment LGBTQ rights and same sex marriage the legalization of marijuana and income inequality Assuming no prior knowledge of the subject and offering instructors a variety of ways to tailor the book to their classroom setting and course priorities Public Policy Preferences and Outcomes 3e is a highly flexible and effective teaching resource for introductory public policy courses at the undergraduate level and also serves as an ideal refresher book for students at the graduate level **Public Policy** Christopher Simon, 2015-11-17 Built on the premise that all public policy is ultimately grounded in the philosophy of governance Christopher A Simon's second edition continues to approach policy by combining normative and empirical perspectives This deeply revised second edition continues to expose students to the basis of preferences policy making processes policy history and current policy decisions and outcomes Chapters conclude with a case studies engaging students in the application of their theoretical knowledge to the real world and encouraging them to be informed and active citizens Key Features Alternate tables of content are included to provide professors and students with flexible easy to implement options for approaching and assigning public policy Case studies provide real world examples that concretely illustrate theoretical concepts End of Chapter questions reinforce key concepts and encourage students to think critically about the chapter topics Each chapter ends with a two part summary that offers a review of the major chapter concepts Lessons Learned and puts them in context The Big Picture *Encyclopedia of Public Administration and Public Policy: K-Z* Jack Rabin, 2003 From the Nuremberg trials to the Civil Service Reform Act of 1978 to recent budget reconciliation bills the Encyclopedia of Public Administration and Public Policy provides detailed coverage of watershed policies and decisions from such fields as privatization biomedical ethics education and diversity This second edition features a wide range of new topics including military administration government procurement social theory and justice administration in developed democracies It also addresses current issues such as the creation of the Department of Homeland Security and covers public administration in the Middle East Africa Southeast Asia the Pacific and Latin America **The Craft of Governing** R.A.W. Rhodes, 2020-08-02 Bargaining and puzzling power and thought dealing and agonising compromise and commitment These are two sides of political practitioners whether politician public servant or campaigner Understand the interplay and we can just sometimes make sense of the real world we seek to interpret Patrick Weller's observation comes from half a century of contemplating politics in action The question of how government works lies at the heart of political science and it has also been the career focus of this pioneer in the field The Craft of Governing offers a tribute to the contribution of Patrick Weller to Australian political science with chapters from leading political commentators including Michelle Grattan Peter Shergold Bob Jackson and James Walter Contributors consider the role of the prime minister approaches to studying executive government the continuing significance of senior public servants and the nature of leadership in public bureaucracies They

also reflect on how insights from the study of domestic public policy can be applied to international organisations challenges faced by Westminster democracies and approaches to political biography The Craft of Governing is an invaluable resource for readers interested in approaches to studying politics and the development of political science as a discipline Creating Sustainable Community Programs Mark R. Daniels, 2001-02-28 Public opinion polls consistently reveal the lack of confidence disillusionment and mistrust that citizens feel toward government Daniels and his contributors believe that the relationship between citizens and their governments can be changed by facilitating greater citizen collaboration with government particularly through local sustainable programs As the case studies show often sustainable community programs are created through grassroots movements that are initiated and managed by citizens themselves bringing them in contact with their local elected and appointed officials Unlike traditional programs that are administered by local officials on behalf of their citizens once sustainable community programs are created citizens administer their own programs in collaboration with local officials The case studies look at a variety of sustainable programs primarily in the United States that help to deal with issues such as recycling transportation microcredit site redevelopment pollution health care and hunger Creating Sustainable Community Programs is the first book on sustainable programs that is intended for an audience of public administration scholars researchers and students as well as practitioners who are searching for ways to change the relationship between citizens and their governments *Understanding and Managing Public Organizations* Hal G. Rainey, Sergio Fernandez, Deanna Malatesta, 2021-06-22 Discover the latest insights in organization theory from a comprehensive and masterful volume Understanding and Managing Public Organizations 6th Edition provides readers with an authoritative reference for scholars masters and doctoral students in public management and public affairs programs in the United States and other nations The 6th Edition of Understanding and Managing Public Organizations presents the latest research and insights from organization and management theory and their application to public organizations and the people in them The book expands coverage from previous editions about organizational goals performance and effectiveness strategy decision making structure and design organizational change operating environments individuals and groups motivation and work related attitudes leadership teamwork and more Authors and professors Hal Rainey Sergio Fernandez and Deanna Malatesta provide new and expanded coverage of such topics as The context and distinctive character of public and nonprofit organizations including expanded coverage of publicness and of the legal context including state action Performance management measurement organizational effectiveness and managing for high performance Representative bureaucracy workforce diversity and performance Communication and information technology Employee engagement and empowerment intrinsic motivation self determination theory public service motivation and positive organizational behavior resilience self efficacy optimism and hope Recent developments in theory and thought on leadership including authentic leadership shared leadership servant leadership and integrated leadership Design and process topics including red tape and green tape

administrative burdens and organizational routines Theoretical perspectives such as behavioral theory of decision making resource dependence theory and others and their implications for public and nonprofit organizations Advances in theory and practice about rapid developments in collaborative governance organizational networks partnerships and contracting Since the book is used in courses for students in numerous public affairs programs this new edition updates the Instructor s Guide with new and revised PowerPoint slides cases exercises and discussion and examination questions These materials with the topics in the chapters are designed to address the learning outcomes required by NASPAA accreditation requirements Belonging on the shelf of scholars and students in public affairs as well as anyone interested in public management or organization theory this new edition of Understanding and Managing Public Organizations provides an advanced and comprehensive enhancement to a widely used and compelling series of previous editions Social and Economic Control of

Alcohol Carole L. Jurkiewicz,Murphy J. Painter,2007-11-14 As a toast to success a drowning of sorrows a rite of passage and the fuel for most social activities alcohol plays a central role in our culture Alcohol generates nearly 160 billion in US revenues annually and is a major source of tax revenue making the stakes in the modern debate over its use misuse and regulation staggeringly high Fact **Alaska Politics and Public Policy** Clive S. Thomas,Laura Savatgy,Kristina

Klimovich,2016-06-15 Politics in Alaska have changed significantly since the last major book on the subject was published more than twenty years ago with the rise and fall of Sarah Palin and the rise and fall of oil prices being but two of the many developments to alter the political landscape This book the most comprehensive on the subject to date focuses on the question of how beliefs institutions personalities and power interact to shape Alaska politics and public policy Drawing on these interactions the contributors explain how and why certain issues get dealt with successfully and others unsuccessfully and why some issues are taken up quickly while others are not addressed at all This comprehensive guide to the political climate of Alaska will be essential to anyone studying the politics of America s largest and in some ways most unusual state

Disabled Rights Jacqueline Vaughn Switzer,2003-02-13 Freedom and Justice for all is a phrase that can have a hollow ring for many members of the disability community in the United States Jacqueline Vaughn Switzer gives us a comprehensive introduction to and overview of U S disability policy in all facets of society including education the workplace and social integration Disabled Rights provides an interdisciplinary approach to the history and politics of the disability rights movement and assesses the creation and implementation successes and failures of the 1990 Americans with Disabilities Act ADA by federal state and local governments Disabled Rights explains how people with disabilities have been treated from a social legal and political perspective in the United States With an objective and straightforward approach Switzer identifies the programs and laws that have been enacted in the past fifty years and how they have affected the lives of people with disabilities She raises questions about Congressional intent in passing the ADA the evolution and fragmentation of the disability rights movement and the current status of disabled people in the U S Illustrating the shift of disability issues from a

medical focus to civil rights the author clearly defines the contemporary role of persons with disabilities in American culture and comprehensively outlines the public and private programs designed to integrate disabled persons into society She covers the law s provisions as they apply to private organizations and businesses and concludes with the most up to date coverage of recent Supreme Court decisions especially since the 2000 2002 terms that have profoundly influenced the implementation of the ADA and other disability policies For activists as well as scholars students and practitioners in public policy and public administration Switzer has written a compassionate yet powerful book that demands attention from everyone interested in the battle for disability rights and equality in the United States      *Privatization in Criminal Justice* Michael J Gilbert,David

Schichor,2001-01-01 Privatization of Criminal Justice      **Time, Law, and Change** Sofia Ranchordás,Yaniv Roznai,2020-04-16 Offering a unique perspective on an overlooked subject the relationship between time change and lawmaking this edited collection brings together world leading experts to consider how time considerations and social political and technological change affect the legislative process the interpretation of laws the definition of the powers of the government and the ability of legal orders to promote innovation Divided into four parts each part considers a different form of interaction between time and law and change The first part offers legal theoretical and historical perspectives on the relationship between time and law and how time shaped law and influences legal interpretation and constitutional change The second part offers the reader an analysis of the different ways in which courts approach the impact of time on law as well as theoretical and empirical reflections upon the meaning of the principle of legal certainty legitimate expectations and the influence of law over time The third part of the book analyses how legislation and the legislative process addresses time and change and the various challenges they create to the legal order The fourth and final part addresses the complex relationship between fast paced technological change and the regulation of innovations      *Living Legislation* William J. Novak,Jeffrey E. Cohen,Matthew Eshbaugh-Soha,Sean Gailmard,Christopher R. Berry,Barry C. Burden,William G. Howell,Forrest Maltzman,Charles R. Shipan,Amihai Glazer,David E. Lewis,Stuart Chinn,Vesla M. Weaver,David R. Mayhew,Sidney M. Milkis,2020-03-04 Political scholars examine the dynamic evolution of laws over time in a volume that pushes the frontiers of knowledge about lawmaking in the US Choice Politics is at its most dramatic during debates over important pieces of legislation And while debates over legislative measures can rage for years or even decades before an item is enacted they also endure long afterward when the political legacy of a law eventually comes into focus With a diverse set of contributors including quantitative political scientists political development scholars historians and economists Living Legislation provides fresh insights into contemporary American politics and public policy Many of the contributors to this volume focus on the question of why some laws stand the test of time while others are eliminated replaced or significantly amended Others discuss how laws emerge from and effect change within coalition structures the effectiveness of laws at mediating partisan conflicts and the ways in which laws interact with broader shifts in the political environment An essential

addition to the study of politics Living Legislation enhances understanding of democracy governance and power

**Rivalry and Alliance Politics in Cold War Latin America** Christopher Darnton, 2014-06-30 The success or failure of foreign policy initiatives in Latin America is heavily influenced by bureaucratic and military background players Rivalry and Alliance Politics in Cold War Latin America Christopher Darnton's comparative study of the nature of conflict between Latin American states during the Cold War provides a counterintuitive and shrewd explanation of why diplomacy does or doesn't work Specifically he develops a theory that shows how the parochial interests of state bureaucracies can overwhelm national leaders foreign policy initiatives and complicate regional alliances His thorough evaluation of several twentieth century Latin American conflicts covers the gamut of diplomatic disputes from border clashes to economic provocations to regional power struggles Darnton examines the domestic political and economic conditions that contribute either to rivalry continued conflict or rapprochement diplomatic reconciliation while assessing the impact of U S foreign policy Detailed case studies provide not only a robust test of the theory but also a fascinating tour of Latin American history and Cold War politics including a multilayered examination of Argentine Brazilian strategic competition and presidential summits over four decades three rivalries in Central America following Cuba's 1959 revolution and how the 1980s debt crisis entangled the diplomatic affairs of several Andean countries These questions about international rivalry and rapprochement are of particular interest to security studies and international relations scholars as they seek to understand what defuses regional conflicts creates stronger incentives for improving diplomatic ties between states and builds effective alliances The analysis also bears fruit for contemporary studies of counterterrorism in its critique of parallels between the Cold War and the Global War on Terror its examination of failed rapprochement efforts between Algeria and Morocco and its assessment of obstacles to U S coalition building efforts

**Presidents and the Politics of Agency Design** David E. Lewis, 2004-09-02 The administrative state is the nexus of American policy making in the postwar period The vague and sometimes conflicting policy mandates of Congress the president and courts are translated into real public policy in the bureaucracy As the role of the national government has expanded the national legislature and executive have increasingly delegated authority to administrative agencies to make fundamental policy decisions How this administrative state is designed its coherence its responsiveness and its efficacy determine in Robert Dahl's phrase who gets what when and how This study of agency design thus has implications for the study of politics in many areas The structure of bureaucracies can determine the degree to which political actors can change the direction of agency policy Politicians frequently attempt to lock their policy preferences into place through insulating structures that are mandated by statute or executive decree This insulation of public bureaucracies such as the National Transportation Safety Board the Federal Election Commission and the National Nuclear Security Administration is essential to understanding both administrative policy outputs and executive legislative politics in the United States This book explains why when and how political actors create administrative agencies in such a way as to

insulate them from political control particularly presidential control      *Statesmen and Mischief Makers*: Scott Crass, 2015-09-26 History has produced many individuals who have impacted the times Some are well known others barely recognized My book follows two paths One examines officeholders who served between 1960 and 1988 famous or obscure whose actions gave way to an even more famous person's career Others are Governors credited with shaping the modern developments of their home states A number of my subjects are as scrupulous as can be Others got sidelined by scandals one can't even make up As for the rest Well let's just say they have a great story that few know but deserve to be told My book shares more than 150 stories of politicians elections and the environment of the period Each of my 150 subjects is accompanied by a tidbit anomaly that will enlighten all Many are unsung outside their home states Hopefully my book will change that      **Handbook of Public Administration** W. Bartley Hildreth, Gerald J. Miller, Jack Rabin, 2018-01-19 Since the publication of the previous edition the best selling Handbook of Public Administration enters its third edition with substantially revised updated and expanded coverage of public administration history theory and practice Edited by preeminent authorities in the field this work is unparalleled in its thorough coverage and comprehensive references This handbook examines the major areas in public administration including public budgeting and financial management human resource management decision making public law and regulation and political economy Providing a strong platform for further research and advancement in the field this book is a necessity for anyone involved in public administration policy and management This edition includes entirely new chapters on information technology and conduct of inquiry In each area of public administration there are two bibliographic treatises written from different perspectives The first examines the developments in the field The second analyzes theories concepts or ideas in the field's literature      **Challenge Magazine**, 1998
