Measuring the Visible Andrea Cady,2024-09-16 **Myth and the Sacred in the Poetry of Guillevic Stella**
Harvey,2023-11-20 The sacred occupies a central place in the poetry of Guillevic who described himself as a mat rialiste religieux This study informed by anthropological and psychoanalytical thought examines the evolution of this aspect of his oeuvre from Terraqu 1942 through to the poet s last works and focuses in particular on the relation between the sacred and the mother figure A semiotic approach is used for close textual analysis of key poems Guillevic s poetic endeavour is conceived as an archaeological quest whereby the presence of the archaic within the domain of the real is disclosed and mythical patterns emerge The re enactment of the cosmogony the performance of ritual and the process of mourning all crucial to poetic creativity itself are identified as motivating forces through which the poet seeks reparation of the mother This study will be of interest to undergraduate and postgraduate students as well as to teachers of French literature and will provide a useful introduction to those who may be unfamiliar with the unique voice of this major 20th century poet *The Contemporary Poetry of France* Michael Bishop,2023-10-16 Faux Titre is a longstanding book series for state of the art research in the field of French language literature s Besides the more classical research in French literature covering the field of Medieval Studies to XXIth century literature the series offers a platform for new directions in literary studies in relation to translation studies minority literatures gender and queer studies ecology medical humanities hemispheric studies transatlantic studies network studies and social sciences as well as reflections on studies in French literature as a discipline

Objects Observed John C. Stout, 2018-04-13 Objects Observed explores the central place given to the object by a number of poets in France and in America in the twentieth century John C Stout provides comprehensive examinations of Pierre Reverdy Francis Ponge Jean Follain Guillevic and Jean Tortel Stout argues that the object furnishes these poets with a catalyst for creating a new poetics and for reflecting on lyric as a genre In France the object has been central to a broad range of aesthetic practices from the era of Cubism and Surrealism to the 1990s In the heyday of American Modernism several major poets foregrounded the object in their work however in postwar twentieth century America poets moved away from a focus on the object Objects Observed illuminates the variety of aesthetic practices and positions in French and American poets from the years of high Modernism 1909-1930 to the 1990s

Michel Collot,2019-04-03 **The French Writers' War, 1940-1953** Gisèle Sapiro,2014-04-23 The French Writers War 1940 1953 is a remarkably thorough account of French writers and literary institutions from the beginning of the German Occupation through France's passage of amnesty laws in the early 1950s To understand how the Occupation affected French literary production as a whole Gisèle Sapiro uses Pierre Bourdieu's notion of the literary field Sapiro surveyed the career trajectories and literary and political positions of 185 writers She found that writers' stances in relation to the Vichy regime are best explained in terms of institutional and structural factors rather than ideology Examining four major French literary

institutions from the conservative French Academy to the Comit national des crivains a group formed in 1941 to resist the Occupation she chronicles the institutions histories before turning to the ways that they influenced writers political positions Sapiro shows how significant institutions and individuals within France s literary field exacerbated their loss of independence or found ways of resisting during the war and Occupation as well as how they were perceived after Liberation
