Lentz (III.), 2001 *Billboard*, 1994-05-14 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *The Country Gentleman*, 1928 **Literatures of Memory** Peter Middleton, Tim Woods, 2000 Not only do drama and poetry about the past and historical novels reveal a shared understanding of pivotal moments historical figures and every life of earlier times say Middleton English U of Southampton and Woods English U of Wales Aberystwyth they also outline more general beliefs about the past and its relation to the present It is *Madison in the Sixties* Stuart D. how their role unfolded Sidebar commentary alongside the reproductions of the news wires organised by date and time adds interesting discussion throughout the book while a conclusion evaluates the coverage of the story The Appendices include reproductions of Texas newspapers resulting pages about the crash This is a fascinating case study of the dissemination of news date before the internet compiled at a time when computers were just large enough to retain in memory all stories relating to event X in order for this kind of analysis to be attempted The Cap Joshua Mendelsohn,2020-10 2020 Wall Street Journal Holiday Gift Books Selection Today the salary cap is an NBA institution something fans take for granted as part of the fabric of the league or an obstacle to their favorite team s chances to win a championship In the early 1980s however a salary cap was not only novel but nonexistent The Cap tells the fascinating behind the scenes story of the deal between the NBA and the National Basketball Players Association that created the salary cap in 1983 the first in all of sports against the backdrop of a looming players strike on one side and threatened economic collapse on the other Joshua Mendelsohn illustrates how the salary cap was more than just professional basketball s economic foundation it was a grand bargain a compromise meant to end the chaos that had gripped the sport since the early 1960s The NBA had spent decades in a vulnerable position financially and legally unique in professional sports It entered the 1980s badly battered something no one knew better than a few legendary NBA figures Larry Fleisher general counsel and negotiator for the National Basketball Players Association Larry O Brien the commissioner and David Stern who led negotiations for the NBA and would be named the commissioner a few months after the salary cap deal was reached As a result in 1983 the NBA and its players made a novel settlement The players gave up infinite pay increases but they gained a guaranteed piece of the league s revenue and free agency to play where they wished a combination that did not exist before in professional sports but as a result became standard for the NBA NFL and NHL as well The Cap explores in detail not only the high stakes negotiations in the early 1980s but all the twists and turns through the decades that led the parties to reach a salary cap compromise It is a compelling story that involves notable players colorful owners visionary league and union officials and a sport trying to solidify a bright future despite a turbulent past and present This is a story missing from the landscape of basketball history
