Terror From The Extreme Right:

A Fortified Far Right? Katalin Petho-Kiss, Rohan Gunaratna, 2024-04-30 Petho Kiss and Gunaratna understand the nature of the threat posed by the far right because of their findings and they propose effective provisions and mechanisms for detecting and countering it. The book undertakes a consistent procession and empirical examination of available information to arrive at the recognition that in order to dissolve the complexity of the associated threat we need to scrutinize the functioning of far right threat groups. In depth and consistent analysis on their mode of operation and mindset enables us to identify ways to detect and counter their malicious efforts and activities. The theoretical framework for the analysis lies upon the concept of wave theory. The main question that this book examines is whether far right terrorism constitutes a new wave of global terrorism. One question emerges from this statement that requires further elaboration. Is far right terrorism a novel wave of terrorism? If yes, how is it novel and what are the novelties or developments in it? This book is for scholars as well as practitioners in the counter terrorism CT and the prevention countering violent extremism PCVE field. Through specific case studies, students studying CT and or PCVE could gain insight into the operational functionalities of far right threat groups. This may help them to get a more accurate understanding of the threat posed by these entities. Examining the recruitment, funding, communication practices and modus operandi of worrisome threat actors equips us to design the most effective countermeasures and identify the hiatuses in applicable legislative regimes.

Terror from the Extreme Right Tore Bjørgo, 1995. In many countries, terrorism and political violence at the late 1980s and early 1990s have increasingly gravitated towards the extreme right in the direction of racism and extreme nationalism. In most cases, violence and harassment are directed against ethnic or social minorities such as immigrants, left wing activists or homosexuals, but sometimes even the political establishment is defined as an enemy and a legitimate target of violence. What characterizes the ideologies and world views of right wing extremist groups? Whom do they see as their main enemies and what kinds of threats are these enemies perceived to represent? How do militant activists relate to the state, the established power structures and wider political movements? How and under what circumstances do aggressive ideology and rhetoric translate into actual violence and terrorism? In this first general and comparative volume with a focus on right wing terrorism across the world, ten leading experts address these questions. Case studies focus on militant groups in North America, South Africa, Japan, Italy, Germany and the Scandinavian countries. The findings throw a fascinating light on the international dimensions of right wing extremism and how racist ideologies travel and combine with other conceptions. The authors have also made important observations on the relationship between ideological organizations and the less unorganized groups which often carry out most of the actual violence. Other findings relate to the relationship between criminal behaviour and political violence and to the social background of the perpetrators. The book gives new insight into the radicalization processes which produce right wing extremist violence. Equally important, however, is the emphasis on factors and circumstances which might serve to

restrain militant groups from following their extremist ideas to their ultimate violent conclusions **The ethics of researching the far right** Antonia Vaughan,Joan Braune,Meghan Tinsley,Aurelien Mondon,2024-05-07 At a time when far radical and extreme right politics are becoming increasingly mainstream globally sometimes with deadly consequences research in these fields is essential to understand the most effective ways to combat these dangerous ideologies Yet engaging with texts and movements that do physical and verbal violence raises a number of urgent ethical issues Until recently this has remained understudied as scholarship on the far right rarely delves explicitly and critically into the ethics of research This book seeks to remedy this significant gap in an otherwise extensive and growing literature Originating from a workshop series in 2020 in which an international group of academics at various career stages shared the ethical challenges and best practices they had developed in their research this edited collection draws together insights from these ongoing conversations offering urgent critical reflections on key ethical issues *Terrorism* J. Lutz,2005-09-02 Terrorism is not a new phenomenon but has been present for over two thousand years It has been used to advance ethnic religious and ideological goals it has been used by dissidents and states to maintain control it has been used at times as a means for attaining or maintaining power for its own sake Terrorism has often appeared as a response to the intrusion of outside groups in established societies This book places terrorism in a historical and analytical context It is a comparison of terrorist groups over time noting both similarities and differences It will also contribute to discussions of the underlying causes of terrorism by providing a broader context than is usually attempted It is important to put recent terrorist events in an appropriate context and to learn what history has to offer for dealing with this type of political violence The Canadian Far-Right and Conspiracy Theories Ahmed Al-Rawi,Carmen Celestini,Nicole K. Stewart,Joseph M. Nicolaï,Nathan Worku,2024-12-31 This book provides an empirical analysis mapping and assessment of Canadian right wing extremist RWE groups and their conspiracy theories While the majority of studies on RWE groups focus on American and European actors this book critically examines conspiracies disseminated by Canadian actors on different online sites and social media platforms The authors deploy a mapping metaphor to chart the conspiratorial ideas that RWE groups create and share online The book also examines the infrastructural terrain that supports mainstream and alternative platforms and the dark monetization structures that act as important conduits for this negative messaging Theoretically the study is situated within the concepts of dark social movements where dark participation on dark platforms often occurs A conceptualization of conspiracy theories is developed by exploring four specific aspects 1 topics 2 targets 3 concerns and 4 actors This concept is operationalized by applying it to BitChute and Telegram The book also offers a historical understanding of different RWE groups and their ideological positions In addition it provides an empirical investigation of Google s autocomplete feature Amazon books the Dark Web and several other alternative social media sites It will be of interest to researchers of Canadian politics conspiracy theories and the far right Neofascism in Europe (1945-1989) Matteo Albanese,2022-09-30 The text

represents a long journey in the debate that characterized the multifaceted political phenomenon of neofascism. From the end of the Second World War until the fall of the communist regimes, groups, parties, and individuals have given life to a network of action and thought that has developed above all around three major themes that have characterized the thought of historical fascism and that we can find at different latitudes during the course of the long period of time under consideration: Racism, contempt for equality and democracy, and an issue linked to the state as an element of modernity. These are the three levels of analysis around which the neofascist movement regroups debates and acts. The meticulous reconstruction of that debate at a transnational level is the result of a long archival work with unpublished and illuminating papers on the issue of continuity between political cultures. The text can be easily read by students of Humanities and Social Sciences courses, but it is also pleasant for fans of the subject.

Nuclear Terrorism G. Cameron, 1999-04-07 Will the twenty-first century see terrorist fingers on the nuclear trigger? How likely is it that terrorists will obtain weapons of mass destruction? What factors would determine their decision to use them? Gavin Cameron assesses the causes for and implications of the escalating lethality of terrorism. The growing opportunities for nuclear proliferation, primarily arising from the collapse of the Soviet Union, are explained. The book concludes that the organisational and psychological pressures within terrorist groups and the changing nature of political violence, combined with the heightened danger of nuclear micro-proliferation, have made mass destructive terrorism the greatest non-traditional threat to international security in the world today.

Russian Radical Right in Exile, 1918-1945 Zbyněk Vydra, 2025-06-30 This book examines the development of the Russian radical right in exile between 1918 and 1945. The radical right, which represented one of the most prominent groups of Russian political exiles, both continued its pre-revolutionary activities and at the same time was inspired by new ideologies of the interwar period, primarily fascism. Offering a comprehensive comparative analysis of the political activities and political thinking of individual groups of the radical right, this book shows the groups' political connections and radical right activities. Groups included monarchists, new groups founded by the younger generation of political exiles, for example the so-called Mladorossy (Young Russians), Fascists, Russian military migrants, and the Russian Orthodox Church Abroad. The biographical chapter examines leading ideologists of the monarchist right-wing emigration, philosopher Ivan Alexandrovich Ilyin. This book demonstrates that the radical right represented one of the prominent political currents of Russian emigration. This book is especially important in that contemporary right-wing radicalism in Russia draws on the thinking of these right-wing exiles very extensively. It will be of interest to researchers in modern Russian history, Russian emigration, and right-wing radicalism, as well as 20th-century history.

A Research Agenda for Far-Right Violence and Extremism Rohan Gunaratna, Katalin Pethő-Kiss, 2024-04-12 This prescient Research Agenda offers an in-depth understanding of the increasing trend of far-right inspired political violence. As domestic extremism becomes a critical priority for governments worldwide, editors Rohan Gunaratna and Katalin Pethő-Kiss scrutinize the threat landscape and analyze far-right groups in countries of the greatest concern.

The Radical's

Journey Arie W. Kruglanski, David Webber, Daniel Koehler, 2020 This volume offers a crucial examination of right wing extremism supported by detailed empirical analyses of right wing militants experiences within and outside their organizations Interpreting the present empirical data within their psychological theory of radicalization the authors determine the commonalities and differences between instances of radicalization and derive policy relevant implications to combat right wing extremism

NATO's Secret Armies Daniele Ganser, 2005-06-21 This fascinating new study shows how the CIA and the British secret service in collaboration with the military alliance NATO and European military secret services set up a network of clandestine anti communist armies in Western Europe after World War II These secret soldiers were trained on remote islands in the Mediterranean and in unorthodox warfare centres in England and in the United States by the Green Berets and SAS Special Forces The network was armed with explosives machine guns and high tech communication equipment hidden in underground bunkers and secret arms caches in forests and mountain meadows In some countries the secret army linked up with right wing terrorist who in a secret war engaged in political manipulation harrassement of left wing parties massacres coup d tats and torture Codenamed Gladio the sword the Italian secret army was exposed in 1990 by Italian Prime Minister Giulio Andreotti to the Italian Senate whereupon the press spoke of The best kept and most damaging political military secret since World War II Observer 18 November 1990 and observed that The story seems straight from the pages of a political thriller The Times November 19 1990 Ever since so called stay behind armies of NATO have also been discovered in France Spain Portugal Germany Belgium the Netherlands Luxemburg Denmark Norway Sweden Finland Switzerland Austria Greece and Turkey They were internationally coordinated by the Pentagon and NATO and had their last known meeting in the NATO linked Allied Clandestine Committee ACC in Brussels in October 1990

The Total Enemy Mikkel Thorup, 2015-02-23 The Total Enemy explores the most radicalized forms of enmity trying to unravel some of its historical and contemporary expressions Starting from the premise that one of modernity s constitutive values is non violence the book explores how non violence or rather the making of a world free of violence becomes a cause of violence in some instances even extreme violence and totalitarian terror The book consists of six case studies each exploring and discussing historically specific expressions of depicting an enemy as one the actors believe they can only deal with violently It begins by looking at two important sites in the development of the total enemy the French Revolution and the emergence of terrorist thinking in the middle of the nineteenth century The book then turns to the twentieth century beginning with the pre WWII conceptualizations of the total in European political thought as an answer to a liberal state deemed unfit to manage and control mass society Secondly it considers the totalitarian enemy in Nazi Germany especially Soviet Russia Finally the book turns to two forms of contemporary total enmity Islamism and in right wing extremism These concluding chapters look specifically at what happens to the total enemy concept once it goes from the state concept of the twentieth century to the private practice of the twenty first

The Oxford Handbook of the History of Terrorism Carola Dietze, Claudia

Verhoeven,2022 The Oxford Handbook of the History of Terrorism presents a re evaluation of the major narratives in the history of terrorism exploring the emergence and the use of terrorism in world history from antiquity up to the twenty first century The volume presents terrorism as a historically specific form of political violence that was generated by modern Western culture and then transported around the globe where it interacted with and was transformed in accordance with local conditions It offers cogent arguments and well documented case studies that support a reading of terrorism as a modern phenomenon as well as sustained analyses of the challenges involved in the application of the theories and practices of modernity and terrorism to non Western parts of the world both for historical actors and academic commentators **The**

Enemy of My Enemy George Michael,2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups

The Science of Hate Matthew Williams,2021-03-23 Why do people hate A world leading criminologist explores the tipping point between prejudice and hate crime analysing human behaviour across the globe and throughout history in this vital book This should be on the curriculum A must read DR JULIE SMITH A key text for how we live now DAVID BADDIEL Wildly engrossing DARREN MCGARVEY This is a world changing book ALICE ROBERTS Fascinating and moving PRAGYA

AGARWAL Are our brains wired to hate Is social media to blame for an increase in hateful abuse With hate on the rise what can we do to turn the tide Drawing on twenty years of pioneering research as well as his own experience as a hate crime victim world renowned criminologist Matthew Williams explores one of the pressing issues of our age Surveying human behaviour across the globe and reaching back through time from our tribal ancestors in prehistory to artificial intelligence in the twenty first century The Science of Hate is a groundbreaking and surprising examination of the elusive tipping point between prejudice and hate Hate speech online has escalated to unprecedented levels Matthew Williams a professor of criminology is shining a scientific light on who is behind it and why a rallying cry OBSERVER Fascinating and beautifully written I heartily recommend it HUGO RIFKIND TIMES RADIO Fascinating A harrowing but illuminating work EVENING STANDARD An indispensable guide to what s gone wrong both here at home and in much of the Western world THE HERALD

Goliath Max Blumenthal,2013-10-01 The award winning journalist and best selling author of Republican Gomorrah assesses the takeover of Israel by extremists from the Jewish Right examining how they have restricted constitutional protections for minorities and dissidents and how they are being bankrolled by American right wing interests This book was previously featured in Forecast *Social Movement Studies in Europe* Olivier Fillieule,Guya

Accornero,2016-03-01 Bringing together over forty established and emerging scholars this landmark volume is the first to comprehensively examine the evolution and current practice of social movement studies in a specifically European context While its first half offers comparative approaches to an array of significant issues and movements its second half assembles

focused national studies that include most major European states Throughout these contributions are guided by a shared set of historical and social scientific questions with a particular emphasis on political sociology thus offering a bold and uncommonly unified survey that will be essential for scholars and students of European social movements

The Handbook of Security Martin Gill, 2022-06-22 The substantially revised third edition of *The Handbook of Security* provides the most comprehensive analysis of scholarly security debates and issues to date It reflects the developments in security technology the convergence of the cyber and security worlds and the fact that security management has become even more business focused It covers newer topics like terrorism violence and cybercrime through various offence types such as commercial robbery and bribery This handbook comprises mostly brand new chapters and a few thoroughly revised chapters with discussions of the impact of the pandemic It includes contributions from some of the world's leading scholars from an even broader geographic scale to critique the way security is provided and managed It speaks to professionals working in security and students studying security related courses Chapter 5 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

White Christian Nationalism in the United States Angelyn Spaulding Flowers, 2024-11-19 Arguing that January 6th was just the tip of the iceberg this book reveals the full impact of white Christian nationalism on the United States Flowers explores how white Christian nationalism has infused its agenda in social cultural legislative and political aspects of life in an effort to move the United States toward becoming an authoritarian theocratic white ethnostate Part of the larger far right enterprise white Christian nationalism is unique in the way in which it pulls a variety of far right ideologies together These ideologies include anti abortion anti LGBTQ antisemitism authoritarianism Christian nationalism ethnonationalism male supremacy racism sexism and xenophobia Understanding the way these ideologies complement each other and are perpetuated is the only route to resist them

An Introduction to the Sociology of Religion Inger Furseth, Pål Repstad, 2023-09-05 What are religion and nonreligion How do fundamentalism and religious radicalization emerge and grow How do social class gender sexuality race ethnicity and other factors affect religious beliefs practices and organizations Is religion a fundamental driving force or do political leaders use religion for their own purposes In exploring these pertinent questions *An Introduction to the Sociology of Religion* provides an overview of sociological theories of contemporary religious life Theoretical discussion is accompanied by presentations of empirical research from several religious traditions in many parts of the world The sociology of religion is linked closely to developments in general sociology Some chapters are organized according to topic while others offer brief presentations of classical and contemporary sociologists from Karl Marx to Patricia Hill Collins and their perspectives on social life including on religion This second edition has been thoroughly updated throughout with new chapters on religion and social inequalities social and religious movements and extremism Covering classical sociology of religion as well as contemporary debates and topics this book is ideal reading for students approaching the sociology of religion for the first time

Thank you very much for reading **Terror From The Extreme Right**. Terror From The Extreme Right Introduction

In the digital age, access to information has become easier than ever before. The ability to download Terror From The Extreme Right has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Terror From The Extreme Right has opened up a world of possibilities. Downloading Terror From The Extreme Right provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Terror From The Extreme Right has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Terror From The Extreme Right. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Terror From The Extreme Right. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Terror From The Extreme Right, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute

malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Terror From The Extreme Right has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Terror From The Extreme Right Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Terror From The Extreme Right is one of the best book in our library for free trial. We provide copy of Terror From The Extreme Right in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Terror From The Extreme Right. Where to download Terror From The Extreme Right online for free? Are you looking for Terror From The Extreme Right PDF? This is definitely going to save you time and cash in something you should think about.
