Terrorism From Robespierre To Arafat

Martin Claar, Clint W. Jones

Terrorism From Robespierre To Arafat:

Terrorism Albert Parry, 1976 This work the result of years of painstaking research presents a comprehensive description and analysis of modern terrorism plague of today s world While showing how the nature of terrorism has evolved and changed it gives a penetrating insight into the violence of man and the forces he will have to deal with if he is to survive Today s terrorism threatens not only individual societies it threatens international order and the future of mankind Jacket

The ^AOxford Handbook of the History of Terrorism Carola Dietze, Claudia Verhoeven, 2021-11-15 The Oxford Handbook of the History of Terrorism presents a re evaluation of the major narratives in the history of terrorism exploring the emergence and the use of terrorism in world history from antiquity up to the twenty first century The volume presents terrorism as a historically specific form of political violence that was generated by modern Western culture and then transported around the globe where it interacted with and was transformed in accordance with local conditions It offers cogent arguments and well documented case studies that support a reading of terrorism as a modern phenomenon as well as sustained analyses of the challenges involved in the application of the theories and practices of modernity and terrorism to non Western parts of the world both for historical actors and academic commentators *Understanding Apocalyptic Terrorism* Frances L. Flannery, 2015-08-20 first full length treatment of apocalyptic terrorism covers the history major transformations and characteristics of radical apocalypticism based on evidence from approximately 100 terrorist groups will be of much interest to students of terrorism and political violence religious studies intelligence security studies and IR

Political Terrorism A.J. Jongman, 2017-07-28 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against **Terrorism in Youth Popular Culture** Martin Claar, Clint W. Jones, 2024-11-05 As an integral part of the modern West terrorism

features prominently in the news in film and television even in video games and books Packaged for public consumption representations of terrorism and terrorists offer attempts to make sense of the contemporary experience While terrorism is often treated as a topic of concern for mature audiences this book focuses on media that are aimed at children and young adults The contributors investigate the way terrorism is portrayed in movies television shows literature games and other popular culture formats aimed at these younger audiences focusing particularly on the impact these portrayals have on these audiences as future decision makers

Terrorism in America J. Lutz, 2007-10-29 Terrorism is often seen as a Middle Eastern problem and terrorists are often perceived as only having a Muslim background It may surprise many to learn that Americans are and have been terrorists since the birth of the nation This book investigates and discusses many instances in which Americans were themselves the terrorists and the victims

Political Terrorism Albert J. Jongman, 1988 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of *Political Terrorism* was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection *Chronicles of Culture* called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against Alex P Schmid received his Ph D from the University of Zurich Switzerland and is a professor in the Department of Political Science at Leiden University He is the coauthor with Albert J Jongman of *Soviet Military Interventions since 1945* available from Transaction Albert J Jongman is principal researcher for PIOOM the Interdisciplinary Research Programme on Causes of Human Rights Violations and has been a research assistant at the SIPRI in Sweden He is the author of *Monitoring Human Rights Violations State Violence State Terrorism and Human Rights* Irving Louis Horowitz is Hannah Arendt Distinguished University Professor Emeritus of Sociology and Political Science at Rutgers University and the chairman and editorial director of Transaction Publishers

The Globalization of Terrorism Ihekwoaba D. Onwudiwe, 2018-05-08 This title was first published in 2001 Terrorism is today a global problem and as was recently demonstrated in Kenya and Tanzania no country is immune Terrorism occurs everywhere villages and cities it targets

innocent people and terrorists who are ideologically opposed to one country can vent their anger against citizens of another. Addressing this crucial issue, this book examines the future of global terrorism by employing the World System's perspectives in the explanation of terrorism and investigating the etiological determinants of international terrorism. It aims to articulate a theoretical explanation of terrorism which will assist the development of practical policies that are effective in counterterrorism operations. The main features of the book include World System's Theory (WST), the relevance of WST factors affecting the definition of terrorism, structural terrorism in the WST application of Fanon, the political dimension of terrorism ideologies, the disadvantages of ideological labels, measuring WST position and the distribution of terrorism terrorist incidents by WST position of occurrence and WST position of target labelling terrorism in context, powerism and anti-powerism, racial terrorism and global apartheid and the criminalization of terrorism.

Handbook of Terrorism and Counter Terrorism Post 9/11 David Martin Jones, Paul Schulte, Carl Ungerer, M.L.R. Smith, 2019-12-27. Almost two decades after the events of 9/11, this Handbook offers a comprehensive insight into the evolution and development of terrorism and insurgency since then. Gathering contributions from a broad range of perspectives, it both identifies new technological developments in terrorism and insurgency and addresses the distinct state responses to the threat of political or religiously motivated violence not only in the Middle East and Europe but also in Africa, South and Southeast Asia and North and South America.

The State and Terrorism Joseph H. Campos II, 2016-02-24. Adopting an innovative approach to the ongoing debate over homeland security and state response to terrorism, Joseph Campos investigates the contextualizing of national security discourse and its management of terrorism. New ideas developed in this book reflect ways in which national security is mobilized through specific discourse to manage threats. In addition, a review of presidential rhetoric over the last 30 years reveals that national security discourse has maintained an ideological hegemony to determine what constitutes violence and appropriate responses. The volume incorporates historical depth and critical theory in a comparative framework to provide an invaluable insight into how national security is developed and how it works with the concept of terrorism to secure the state.

Terrorism in Ireland (RLE: Terrorism & Insurgency) Yonah Alexander, Alan O'Day, 2015-04-17. When originally published in 1984, this book was the first detailed study of terrorism in Ireland. It assesses the situation in Ireland after a decade or more of violence in the North and tests some of the assumptions about the nature of terrorism and discusses the problem in a geo-political context. The authors reflect a variety of disciplines and political outlooks and no single line of argument is offered. They examine how the issue of terrorism has been dealt with by various governments, the church, the media and individuals. The book reveals the complexity of the terrorist problem and dispels some of the myths that have grown up around Irish terrorism.

Female Terrorism and Militancy Cindy D. Ness, 2007-12-11. This edited volume provides a window on the many forces that structure and shape why women and girls participate in terrorism and militancy, as well as on how states have come to view and strategize against them. Females who carry out terrorist acts have

historically been seen as mounting a challenge to the social order by violating conventional notions of gender and power and their participation in such acts has tended to be viewed as being either as a passive victim or a feminist warrior This volume seeks to move beyond these portrayals to examine some of the structuring conditions that play a part in a girl or woman s decision to commit violence Amidst the contextual factors informing her involvement the volume seeks also to explore the political agency of the female terrorist or militant Several of the articles are based on research where authors had direct contact with female terrorists or militants who committed acts of political violence or with witnesses to such acts

Non-State Actors in Conflicts Banu Baybars Hawks,2018-06-11 Non State Actors in Conflicts Conspiracies Myths and Practices explores some of the most pressing topics in political science and media studies The contributions gathered here provide alternative perspectives on various non state actors and their functions in global politics in addition to providing case studies and theoretical approaches towards non state actors such as armed non state actors and international non governmental organizations The volume also covers the topic of conspiracy theories and conspiracies formed in relation to the functions and existence of these actors

Chronology of World Terrorism, 1901-2001 Henry E. Mattox,2015-06-08 The attacks of September 11 2001 brought unprecedented attention to the problem of terrorism Yet the threat of terrorist acts has long been a specter in the lives of millions and the patterns and occurrences all too regular This chronology begins with President McKinley s assassination in September of 1901 and ends with the 9 11 attacks It details terrorist events both well known and obscure chosen as representative decade by decade of each particular period A concluding chapter examines changing trends in methods of attack and the effectiveness of various movements Appendices include a list of notable terrorist organizations international conventions governing terrorism and the U N Security Council resolution passed after the September 11 attacks

Terrorism Susheela Bhan,Institute of Peace Research and Action (Delhi, India),1989

Tapestry of Terror Richard J. Chasdi,2002-01-01 The recent terrorist outrages perpetrated against the United States demonstrate the need for a new and rigorous study of modern terrorism In Tapestry of Terror Richard J Chasdi offers fresh insight into the complexities of state sponsored and nonstate terrorism Building on the research methods and findings discussed in his previous work Serenade of Suffering which covers Middle East terrorism in the period 1968 to 1993 Chasdi presents a detailed statistical and quantitative analysis of four Middle East terrorist systems in Algeria Turkey Egypt and Israel He pinpoints the socioeconomic conditions that breed and sustain terrorism the political factors that ignite terrorist attacks and those individuals or groups most frequently targeted by terrorists Tapestry of Terror charts the increasing frequency and intensity of intrastate terrorism in the 1990s the growing threat posed to Western nations by international terrorism and the counter terrorist stratagems and policy decisions needed now more than ever to defend against highly coordinated immensely destructive assaults

The Lessons of Terror Caleb Carr,2003-03-11 Military historian Caleb Carr s groundbreaking work anticipated America s current debates on preemptive military action against terrorist sponsor states

reorganization of the American intelligence system and the treatment of terrorists as soldiers in supranational armies rather than as criminals Carr's authoritative exploration demonstrates that the practice of terrorism employed by national armies as well as extremists since the days of ancient Rome is ultimately self-defeating. Far from prompting submission it stiffens enemy resolve and never leads to long-lasting success. Controversial on its initial publication in 2002, *The Lessons of Terror* has been repeatedly validated by subsequent events. Carr's analysis of individual terrorist acts and particularly of the history of the Middle East conflict is fundamental to a deep understanding of the roots of terrorism as well as the steps and reforms that must be taken if the continuing threat of terrorist behavior is to be met effectively today and finally eradicated tomorrow.

Political Violence and Terror Peter H. Merkl, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1986. [Terror from the Extreme Right](#) Tore Bjørgo, 2014-03-05 This first volume in a new series comprises nine contributions originally presented at a workshop supported by the Norwegian Ministry of Foreign Affairs in Berlin in August 1994. Topics range from right-wing violence in North America to the development patterns and causes of violence against foreigners. [Eco-Warriors, Nihilistic Terrorists, and the Environment](#) Lawrence E. Likar, 2011-04-07 The first book to thoroughly address the topic, this volume examines the ideologies, tactics, and goals of environmental terrorists and offers a security planning methodology to defend against their attacks. To counter eco-terrorism we must understand why it occurs. *Eco-Warriors, Nihilistic Terrorists, and the Environment* is a comprehensive examination of the vulnerability of the natural environment of its nexus with the strategic goals of terrorists and of a security planning methodology that can prevent or ameliorate environmentally linked attacks. The first book to comprehensively address the prevention of environmentally focused terrorism, this work looks at the environment and the private and government facilities that impact it as assets to be protected. Focusing on the capability of lone wolf terrorists and small self-radicalizing cells to commit effective violent acts, security expert Lawrence E. Likar furnishes personality and operational profiles of both nihilistic and eco-warrior terrorists, showcasing an essential component of the behavioral science-based security planning methodology he promotes. Most critically, the book addresses the gap in current security planning methodology and literature and it reveals novel intelligence gathering techniques, operational procedures, and countermeasures designed to defend against attacks.
