*Literary Research and the Victorian and Edwardian Ages, 1830-1910* Melissa S. Van Vuuren, 2010-11-19. The diverse literatures of Victorian and Edwardian Britain have provided a wealth of research materials for novice and expert researchers alike. Although the body of scholarship for the Edwardian Age is smaller than that of the Victorian, researchers should have no shortage of resources for learning more about the literatures of either time period. While many of the novels, plays, poetry, and prose from the Victorian and Edwardian Ages are still readily available in print, a vast amount of literature has long since fallen out of print. Recent efforts in digitization, the Victorian Women Writers Project, English Literary Periodicals 1681-1914, Early British Periodicals 1681-1921, 19th Century British Library Newspapers, 19th Century U.K. Periodicals, Times Digital Archives, Victorian Popular Culture, and even Google Books have helped to make many texts more widely accessible. *Literary Research and the Victorian and Edwardian Ages, 1830-1910* discusses traditional and new resources for researching this period of British literature and the ways in which those resources can be used in conjunction with one another. By helping readers navigate the resources and issues particular to these literatures, this book will serve as an essential guide to researching the literatures of the Victorian and Edwardian Ages.
