such excellent cricket This book is the first to make such extensive use of Barbadian school magazines as primary sources for  
the study of social history The author stresses the statistical first class records of about 200 alumni of the three schools and  
in so doing furnishes sport sociologists with a considerable new body of empirical data for future use Although it focuses on a  
Barbadian situation the book should interest cricket enthusiasts everywhere with its many photographs and its lucid and  
candid treatment of some of the most important personalities in regional and world cricket a few of whom are still actively  
involved in the sport today      *Sport in Britain* Richard William Cox, 1991      **Australian national bibliography**, 1961
